THE WORLD ALMANAC.

A Little Book of Great Importance.

Do you wish for a book that can be relied upon to answer correctly all the little questions and knotty problems that present themselves day by day—a book that will quickly decide all arguments on all subjects? The 1902 World's Almanac and Encyclopedia, which is now ready, is exactly this kind of a book. It takes the same position in the world of facts and figures as does the dictionary in the world of words.

This little volume contains over 600 pages of well printed set type, every line containing a fact that you will sooner or later want to look up. The World almanac should occupy a prominent place in every progressive American household. The 1902 edition is more complete than any of the former ones. It contains facts on many subjects that have recently been brought to the public notice and which every up to date person should have at his fingers' end.

Among the features of the 1902 World's Almanac are:

States—a list giving the names of nearly 4000 persons who possess over \$1,000,000. The great American trusts; full particulars of 163 leading industrial organizations. Organized labor; enlarged statistics of the strength of labor unions and the present condition of the labor movement. The Nicaraguan canal and the Hay-Pauncefote treaties with Great Britain. Progress of ariel navigation in 1901. Complete United States census. Anarchist statistics of the United States and Europe, etc., to the extent of over 1,000 topics. The 1902 World Almanac and Encyclopedia is on sale by all newsdeal-

Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure constipation and sick headache. NORTH COAST RACING.

Circuit to be Formed at Seattle this Month.

A northwestern racing men's circuit to take in all the leading cities and towns of Washington, Idaho and Oregon is to be formed at Seattle, a meeting having been called for the Sound city on January 15 for this purpose.

The circuit will commence next autumn. Horses from all over the northwest, the best racing and trotting blood obtainable, will enter the races at the first city and thence will go to every town which is fortunate enough to get on the circuit. Seattle, Portland, Vancouver, Wash., Salem, Oregon; Everett, Whatcom, North Yakima, Spokane and possibly Boise are in on the deal, while Tacoma, Walla Walla, Pendleton, Lewiston, Colfax and several other flourishing towns are considered able to bring the circuit to their doors.

Experienced horsemen say that if good purses are hung up California stables will be well represented on the prospective circuit. California horsemen said to be interested in the outlook for racing in the northwest states, and are rumored to be only waiting an opportunity to compete with the blooded animals of the north on Pacific northwest grounds.

The president announced his intention to appoint Lieutenant David H. Jarvis as collector of customs in Alaska.
