Progress of Cuba.

Recent statistics show that the exports from Cuba have been largely increased and the imports decreased since it came under American rule. This proves that things are becoming more settled. Cubans can always look back on the change of rulers as the successful turning point in their career.

The turning point in the life of any weak, sickly or nervous person will undoubtedly be when they resolve to try Hostetter's Stomach Bitters, for ailments of the stomach, liver and bowels. This splendid medicine will cure flatulence, heartburn, belching, indigestion, dyspepsia and constipation. Thousands of people have been brought back to health by its use during the past fifty years. We therefore urge you to try it. Our Private Stamp is over the neck of the bottle.

THE LEADER'S VIEW.

Clark Wood Expresses Himself on the Pendleton Quarrel.

It will be well for Pendleton to compromise its difficulty on the basis suggested by Dr. Vincent, says the Weston Leader. Men of high character and prominence are arrayed against each other in this quarrel, and men of character are usually determined, not to say obstinate. An agreement to let the people decide the question at issue would allow each faction to retire with honor. Mutual pledges should be made, and faithfully kept, that no personal influence and no money be used in the special election. This would be fair to both sides, and insure an honest decision from the public tribunal.

TO KILL THE DANDRUFF GERM.

is the Only Possible Way of Having a Permanent Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin, brittle hair, they owe it to dandruff. There are hundreds of preparations that claim to cure dandruff, but not one but Newpro's Hericide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newpro's Hericide. "Destroy the cause, you remove the effect."

SOME SOCIAL NOTES.

Several Dances Were Given During the Week.

Excelsior Council No. 194, Order of Pendo, at their regular meeting last night in Hendricks hall, and a social time after the secret work of the order was done with. A literary and musical program was rendered and following it the room was cleared and a few hours spent in dancing.

About 30 friends of Mrs. William Hickey gave her a surprise Thursday night in honor of her birthday, by walking in on her at her home on the corner of Turner and Point streets. The evening was spent very pleasantly and upon leaving all joined in wishing the hostess many pleasant repetitions of the occasion.

The Jolly Club entertained their friends again Friday night with one of their delightful dancing parties. The club has leased La Dow hall for Monday night, March 17, when they expect to give a grand ball in honor of St. Patrick's day.

One of the pleasant dancing parties of the season was given at the armory hall last Saturday night by the Palestine Dancing Club. A goodly crowd was present and all enjoyed themselves hugely.

EDWIN FISH ANSWERS

HIS DETRACTORS.

He Says He Is Ready to Carry Out His Promise.

Edwin Fish, who recently offered to take the water and light plant of Weston, Athena and Milton, answers his critics in a letter to the Weston City council, in which he says:

Now, as to our proposed deal at Weston, I am prepared to carry out that little deal precisely as outlined, anonymous letters to the contrary notwithstanding. I await your pleasure, gentlemen.

As to the water power on the Walla Walla river, many prominent men have worked on its promotion two years before I appeared on the scene and so far without success. I may have as little success as they: other people are doing all the talking, I am only "sawing wood." For your information, however, I predict the completion within two years of a first-class electric light and power system costing over a quarter of a million dollars, and it behoves Weston, Athena and Milton to be in line and not too ready to take snap judgment.

Finally, I would ask the honorable mayor to safely keep the anonymous letter and its envelope for further reference in due time.

Respectfully submitted,
EDWIN FISH,
110 Montgomery St., San Francisco.

CAMBERN WANTED.

Walla Walla Music Man Charged with Crookedness.

Monte L. Cambern, a piano and organ salesman, well known in Walla Walla, is wanted on a charge of obtaining money under false pretenses. The complainant is E. G. Stanley, a music dealer who alleges that Cambern while in his employ at different times failed to turn in funds belonging to the Stanley Music house and that the salesman now owes in the neighborhood of \$150.

Cambern is said to be in Waitsburg at the present time and is understood will be arrested and brought back to Walla Walla. Speaking of the affair, Mr. Stanley said: "Cambern would sell an instrument and after collecting part of the money would fail to turn it in. All of the sums were small and the thing was not taken up by me at once. A few days ago he secured about \$8

from me for the purpose of going to Prescott to close a sale. Instead of selling my instrument, however, he disposed of one for another dealer. My money was used to pay his expenses while he did business for another person. It was not the amount of money but the principle of the thing. It was the last straw."

BASEBALL MEN HAVE

NOT YET ORGANIZED.

But They Will Soon Get Together and

Select the Men for the Team.

So far there has been nothing done about organizing for a baseball league for the coming season, but much talk is being indulged in by the young men of Pendleton along this line. It was announced Monday that a meeting would be called sometime this week for the purpose of selecting officers and making permanent organization, but this has not been done and the baseball league is no nearer a certainty than it was a week ago. However, the boys who are pushing the proposition say they intend to have a meeting in a few days, when all the necessary preliminary work will be gone through and a team be selected to go into the field to practice playing the coming summer. The boys have several good players from the outside in view and are confident that Pendleton can, if they get together and organize a team before the good players are picked up, have one of the strongest teams in the country. H. A. Clemens, a recent arrival, who has taken a position on the Tribune, and who played last year as third baseman and shortstop with Helena, Montana's, crack team, will probably be one of the new and trustworthy additions to the local nine.

The younger men of Pendleton are also talking of organizing a second team and they have already been in the field practicing and getting their players lined up. They will practice again tomorrow afternoon on the Alta street diamond.

MERCHANTS' ASSOCIATION.

Pendleton Houses are to be United in a General Union.

The Grocers' Protective Association met in the law office of Collier & Collier Thursday night and elected the following officers who will serve the interests of the association the present year:

R. Alexander, president; Lon Hawley, vice-president; Frank O'Gara, treasurer; H. E. Collier, secretary.

The names of the organization was also changed from the Grocers' Protective Association to the Merchants' Association, and instead of just being an organization for the mutual benefit and self protection of the grocerymen, which has been its object heretofore, it has now broadened its scope and all merchants and men doing a general sales business of the necessities of life in Pendleton, will not only be eligible to membership, but will be asked to join the association.

They will meet hereafter every second and forth Tuesday of each month in the same place of the meeting on Tuesday night.

Walla Walla Pythians Coming.

Pythians of this section are deeply interested in the gathering of their order to occur at Pendleton Monday, when it is expected that fully 500 members will be there to attend the second annual session of the eastern Oregon convention, says the Union Hotel, Weston, Milton and Athena lodges will go to Pendleton Sunday afternoon and will remain for the festivities of the day following.
