La Grande, Jan. 20.—F. D. McCully, of the Joseph Telephone Company, was in La Grande Saturday and effected a sale of the company's line between this city, Union and Cove. Turner Oliver, of La Grande, is the purchaser, but the price is not made public.

Litigation for a Baby.

Judge Wilson, of the probate court, issued a writ of habeas corpus Friday to the mother of James B. Grout, aged 5 years, to produce the child in his court Monday. The child is claimed by its father, George Grout, and has been in his custody since he was granted a divorce in July, 1900, and also prior to that time. The decree, however, gave the child to the defendant during proper conduct on her part. On Thursday Mrs. Grout was married in Union to G. W. Wattles, a saloon man of Boise City, and Judge Robert Eakin at once gave an order directing that the child be given into her care and custody. The order was served by Deputy Mc Lachlin and the boy given up, but in the evening Grout tried to take him again, but an officer was called and the mother took the boy. The two left for Boise City, but were stopped by Judge Wilson's order. Mr. Grout is collecting affidavits against the defendant's character.

A KLONDIKE VETERAN.

H. G. Sibray, of the Artisans, Visits Pendleton.

Henry G. Sibray, assistant master artisan of the United Artisans, arrived this morning from Portland, and is quartered at the Golden Rule. Mr. Sibray comes to attend to some business matters of his order, and may remain for two weeks.

He is one of the veteran "stampedeers" into the Klondike, having been one of the rushers to the northern gold fields, during the excitement following the first out-coming of treasure in 1897. He left Portland on the first trip of the steamer George W. Elder, and was one of a company of four, of which one was Dr. A. W. Botkin, now of Athena. They went in to Dawson, and remained for one year, where it is so cold that, according to Mr. Sibray, the air is frozen into hard chunks, and must be taken into the cabins to be thawed and eaten in solid form by people traveling the trails.

Mr. Sibray was asked if he intended to return to the Klondike, and replied:

"Not while Oregon offers such good opportunities for a man who is willing to work. I have learned that one need not go away to mysterious countries to find golden chances, and Oregon is good enough for me hereafter. Most of those who go to the far north learn just what I am now saying. I learned, and they learn it thoroughly."

LOW FLOUR RATE TODAY.

Short Line Grants Reduction—Now Applies to Points East of Umatilla.

Today begins the application of the new rate on flour to Utah points from all points east of Umatilla, of 40 cents, the rate being the same as that applying to wheat to the same places from the same division line—Umatilla. Some time ago, the rail lines applied a reduced rate to wheat wanted by Utah millers, and the result was quite an effect upon the local market in Pendleton and common points.

At first the buyers contended that it would make no difference with the prices here, but, when buyers came in from Utah and offered more than was being paid for export, this added to the steady local demand for milling wheat apparently forced up the price of wheat, and one of the big buying periods of the season followed.

What effect, if any, the lower flour rate will have upon the situation, no one can tell exactly, but it is bound to affect not unfavorably the local values of the cereal.

Salt Lake does not like the latest move. The wheat rate was in their interest clearly, but the flour tariff will operate to hurt them, so they think, and they are therefore gloomy and disconsolate. Benefits accruing under the lower wheat rate are dissipated by the flour reduction.

PYTHIANS APE HERE

KNIGHTS HAVE COME FROM SEVERAL TOWNS.

Second Annual Convention of the Umatilla County District is in Session Here Today.

Pendleton is now entertaining the Knights of Pythias. The W. & C. R. train arrived at 10:40 with nearly 50 members from the Helix lodge, and at 11:30 the O. R. & N., No. 41, arrived with over 150 from the three lodges at Athena, Weston and Milton. In addition to those coming in on the train, a number drove in from near points and more are expected this evening on the 5:30 train. When all are here, it is expected that nearly 500 Knights will be in attendance at the second annual district convention of Umatilla county, including those of Damon lodge, of Pendleton.

The convention was called to order by J. W. Maloney, grand vice-chancellor, according to the published program, at 2 o'clock this afternoon, and the afternoon session was taken up in general discussion of matters of interest to Pythianism, the election of officers for the district the coming year, an address of welcome by J. H. Gwin, which was answered by visiting members. Several other addresses were delivered.

The evening session will be opened by County School Superintendent J. F. Nowlin and the evening will be taken up with the competitive drill for the large altar Bible and sword. All the camps will contest in this drill and much interest is being manifested among the different lodges represented.

Damon Lodge, No. 4 has gone to considerable trouble to prepare an elaborate program and entertainment for the visiting Knights. After the drill is over, which is to be the last work on the program, an elaborately prepared supper will be enjoyed and after this the time will be put in in dancing and other ways of amusement.

HEPPNER'S NEW COURT HOUSE.

County Plans to Erect One at Once There.

Work on the building of a new court house for Morrow county will be commenced as soon as possible, says the Heppner Gazette.

Judge A. G. Bartholomew and Commissioner Ed C. Ashbaugh are now away on a trip of inspection and investigation in relation to plans and specifications. They will visit several different court houses in order to be aided in drawing the plans.

It has been finally decided to erect the building at the corner of Chase and May streets, and the property belonging to Banker C. A. Rhea and Dr. McSworts, has been purchased for this purpose, and the matter will be settled as soon as the deeds can be properly acknowledged.

This beautiful site will cost the county only \$2000, however, it cost more than this, but the difference was made up by business men who wanted the court house placed there.

The new building will be a fine structure and will probably be built of stone.

The old court house will be used for a county poor house.

WAGON RAN OVER HIM.

Johnnie Carter Has an Accident With a Delivery Team.

Johnnie Carter is suffering from slight bruises received by Leezer's delivery wagon running over him. Mr. Carter had driven up on the hill near the public school building and gone into a house to deliver some bread, leaving Mr. Leezie in charge of the team. When he returned to the wagon, the horses had become impatient and started before he was settled in his seat. This threw Carter out and as he fell he pulled Leezie after him. The wagon passed over Mr. Carter's hips and legs and it was lucky for him that it was not very heavy, otherwise he would have been badly hurt. Leezie escaped with no damage.

It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1. Trial bottles free at Tallman & Co.'s drug store.

MANY THUMPED ONE

FRED PARR IS AGAIN IN SOME TROUBLE.

He and Others Mixed Up in a Row at Damain's Saloon.

Fred Parr is again in trouble. Saturday evening he and three or four comrades were drinking in Damain's saloon, at the corner of Court and Cottonwood streets, when they became angered at a fellow who had been playing a harmonica and tried to take the instrument away from him. He resisted, and then all the crowd "waded in" and succeeded in bruising him very badly, cutting his face until he had to apply to a surgeon to have his wounds dressed. While the row was at its warmest, another fellow, who was not in the mix-up, but had been watching, concluded to take the fellow's part, and he took a hand, welding beer bottles to very good advantage and was about to come out on top, when the bartender interfered and took the bottle away from him.

All parties concerned were arrested and up before Judge Beam this morning, and 1:30 in the afternoon was set for their trial.

Small Sunday Morning Blaze.

A small blaze occurred between 12 and 1 o'clock Sunday morning in the tool house of the O. R. & N. Company, just east of the ticket office. An alarm was turned in and the fire company soon had the flames out with but little damage. The side of a couple of passenger coaches standing near, were scorched a little and the end of the tool house was burned out. The cause of the fire is a mystery.
