Evidence of gold, silver and coal was discovered recently at Waymansville, O., and samples were sent to Professor J. Stanton, principal of the miners' assay office, at Denver. A certificate from him shows an assay of 2.59 ounces of gold and .06 of silver, which will yield \$54.10 to the ton. On the strength of the assay, a company has been organized to develop the find.

FOR THE CANTON M'KINLEY MEMORIAL.

An Appeal From the Board of Trustees to All the People.

The following statement is authorized by the board of trustees of the Canton McKinley National Memorial Association:

The McKinley National Memorial Association having been incorporated according to law, met in Cleveland, October 10, 1901, for the purpose of effecting an organization by the election of officers and adoption of regulations for its government.

The president of the United States, at the request of Mrs. McKinley and members of the family, named the following board of trustees: William R. Day, Canton; Marcus A. Hanna, Cleveland; Myron T. Herrick, Cleveland; Cornelius N. Bliss, New York; Henry C. Payne, Milwaukee; Thomas Dolan, Philadelphia; W. Murray Crane, Boston; Alexander H. Revell, Chicago; Charles H. Fairbanks, Indianapolis; Henry M. Duffield, Detroit; George B. Cortelyou, Washington; Eli Trenchard, Minneapolis; William A. Lynch, Canton; John G. Milburn, Buffalo; William McConway, Pittsburg; David R. Francis, St. Louis; Robert J. Lowry, Atlanta; Henry T. Scott, San Francisco; Franklin Murphy, Newark; E. S. Hammond, Memphis; E. W. Bloomington, New York.

The trustees having qualified, proceeded to the election of officers, choosing as president, William R. Day, Canton, O.; vice-president, Marcus A. Hanna, Cleveland, O.; treasurer, Myron T. Herrick, Cleveland, O.; secretary, Ryerson Ritchie, Cleveland, O.

The purpose of the association is defined in its certificate of incorporation, and the erection and maintenance of a suitable memorial to the late president, and raising the necessary funds for said purpose; and, after fully providing therefor, the surplus of such funds, if any, to be devoted to such memorial as may be provided for the late president at the national capitol. The memorial will be erected at Canton, that city having been his home throughout his public life and selected by him as his final resting place.

The memorial is to be, in the highest sense, the sincere expression of all the people of the country of their love for President McKinley and of their admiration for the qualities expressed so eminently in his life and deeds.

Free Will Offerings.

It is the purpose to have the offerings of the people voluntary with a full opportunity to all to contribute.

The co-operation of the governors and officers of the state and municipalities of the United States, and all religious, educational, civic, patriotic, fraternal, benevolent and other organizations is invited.

All public officials, organized bodies, and the press are requested to take steps to secure, at the earliest possible time, a full response to this appeal. The association looks to the press of the country to lend its efficient aid to the collection and forwarding of subscriptions. Moneys may be deposited in banks and other financial institutions, express offices (for money orders which are issued free) and with postmasters, who are requested to receive and transmit them to the treasurer promptly.

The trustees and honorary members of the association will receive subscriptions. Remittances may be made directly to Myron T. Herrick, treasurer, Cleveland, O. The name and postoffice address of each contributor should be forwarded to the treasurer of the association with the fund remitted, for preservation in the permanent archives of the association.

Subscriptions abroad may be received by the ambassadors, ministers and consuls of the United States, and in Cuba, Porto Rico, Hawaii, and the Philippine Islands by the respective governors thereof, or persons authorized by them.

It is hoped that the response of the people will be so liberal that a memorial may be erected which will fittingly honor the memory of our martyred president and emphasize their loyalty to our institutions and their abhorrence of that spirit of lawlessness which inspired the assault upon his life.

BOB NOBLE SOLD 1,000,000 POUNDS.

Biggest Sale Ever Known in Idaho—12 Cents Was the Price.

The largest wool deal ever consummated in Idaho, took place recently, when Joe Streng, representing Eisseman & Bros., of Boston, purchased from Robert Noble his wool clip for the past two years. The price paid was in the neighborhood of \$120,000. It will take 40 cars to deliver the wool at Boston, and Mr. Streng has already ordered the same, and loading the big bales will commence at once. Most of the consignment will be shipped from Boise, and the balance from Nampa, Caldwell and Mountain Home. The total clip amounts to nearly 1,000,000 pounds, and the price paid per pound will average 12 cents.

Will Mercer, sheep man, says there are 500,000 sheep in Klickitat, Kittitas and Yakima counties, Washington. A majority of these are being wintered in the valley between Prosser and Ellensburg. Ranchers are selling their hay to these flockmasters at from \$2.50 to \$4 in the stack.

The Burlington railroad has had plans drawn for a large wool warehouse, which will be erected just across the river from Cody, Wyoming. The structure will be of iron and will have a storage capacity of about 1,500,000 pounds. Cody is the shipping point of the Big Horn basin, and the wool traffic through here in the fall is large.

Sheep men of the Red Desert section of Wyoming are still unable to estimate their losses in the big storm of December, but the general opinion is that the first reports were greatly exaggerated. The flocks drifted before the wind 48 hours, and in doing so not only wandered far from their own range, but became exhausted.

MISCALLED "HAIR TONICS."

Most Hair Preparations Are Merely Scalp Irritants, of No Value.

Most hair preparations are merely scalp irritants, mis-called hair tonics. When hair is brittle, lusterless and begins to fall out, the dandruff germ is getting in its deadly work at the root, sapping the vitality. Since science discovered that dandruff is a germ disease there has been only one preparation put on the market that will actually destroy the dandruff germ, and that is Newbro's Herpicide. It always itching instantly, destroys the germ, and the falling hair stops, and hair grows luxuriantly. Ask your druggist for Herpicide. It always itching instantly; makes hair grow.

VIEWS OF THE PRESS.

Athens Editor, Fred Boyd, Sizes Up Pendleton Questions.

While it may be the best for all concerned in the Pendleton marshaling mixup, to settle the matter on the lines suggested by ex-Mayor Vincent, to a disinterested person the fact is patent that if Pendleton is to expect good municipal government, the stand taken by Mayor Halley must be sanctioned by her citizens. Mayor Halley was elected to his important office by the votes of Pendleton citizens, and it would be but glaring inconsistency in the expression of their judgment in choosing him for mayor to knock the props from under him at the first opportunity. Mayor Halley has taken the nery stand for better government in Pendleton and his action in this one particular matter, above all others, should be overwhelmingly vindicated.

\$112,600 for a Prescription
 The largest sum ever paid for a prescription changed hands in San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,600.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address JOHN J. FULTON COMPANY, 420 Montgomery St., San Francisco, Cal.
