The Hamburg-American steamship Deutschland, of that line, which will take Prince Henry of Prussia home, will sail on March 11 instead of March 8, as originally planned.

Senator Vest has introduced in the senate a substitute for the ship subsidy bill, his bill of last congress repealing the law prohibiting the purchase of foreign-built ships.

W. H. Taft, civil governor of the Philippine Islands, arrived in San Francisco on the transport Grant, and is quite ill, the Philippine climate and the arduous duties he has performed having told on his constitution.

The ways and means committee resumed its hearings on Cuban reciprocity, with special reference to the proposed reduction on Cuban tobacco. The tobacco interests of the United States were largely represented.

The offer received from the Nicaragua Canal Company to convey all its property, including all its interests in the Panama railroad, to the United States, will make the estimated cost of the two canals as follows: Nicaragua, \$189,861,062; Panama, \$181,232,358.

Tommy West, who has just returned to this country from London brings with him the formal invitation from the management of the National Sporting Club of London, to the boxers of this country to take part in a great tournament during the coronation services of King Edward VII.

The friends of the Nicaragua Canal took a brace and have determined to go ahead and fight for their bill, regardless of the supplemental report of the commission. Senator Morgan says this report cannot change the status of the situation, and declares the whole Panama movement is meant to delay or defeat any canal legislation.

Senator Foster and Representatives Cushman and Jones introduced bills providing for the payment to all volunteers who served in the Philippines after their term of enlistment expired, at the rate of \$3 per day for officers and half that amount for enlisted men, this additional payment to cover the period from the time their enlistment expired until the date of their muster out.

Senator Stewart introduced a bill appropriating \$12,000 to defray the expense of transferring all of the Wenatchee Indians of Washington, now living near Wenatchee and Mission, to the Colville reservation.

The Washington state board of control has received reports of the superintendents of the several state institutions, with the exception of the school for defective youth. The state of Washington has approximately 2200 wards in the two asylums, the penitentiary, the reform school and the school for defective youth.

Senator Mitchell introduced a bill appropriating \$3,296,656 for the payment of balances due sundry claimants in Oregon and Washington arising out of the Indian wars of 1855 and 1856; also a bill appropriating \$9985 for the payment of claims arising out of the Cayuse Indian war in Oregon in 1847-48; also a bill providing that veterans of all Indian wars in the United States shall be entitled to admission to the various soldiers' homes in the United States on the same

IMMIGRATION IN THE WEST.

Future of Arid Tracts and the Use of Water on Them.

The future of large tracts of arid lands in the west, amounting to many millions of acres, depend largely on the use made of the streams flowing through them. Whether they shall remain in their present unproductive and uninhabited condition, or become the homes of thriving populations and centers of business activity, is almost wholly a question of the fullest and most economical use of their available water supply. Irrigation has been practiced for years in some portions of these lands and proved its value beyond question, but the development of more land demands the use of more water, and especially the use of the considerable amount of water which the older methods of irrigation could not control, and which has been allowed to run to waste. This waste water represents a large and important acreage for reclamation from an arid state, if only the means are found to make use of it. Part of it is to be found in the spring freshets, part in the water that has sunk beneath the stream's gravel bed, and part already used for irrigation, and which has worked its way so far below the surface as to be beyond the reach of vegetation.—GEO. B. HOL-LISTER, Hydrographer.

A Fireman's Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and a' run down. As I was about to give up I got a bottle of Electric Bitter and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run-down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Tallman & Co. Price 50 cents.

Physicians' Price Agreement.

The Sioux City Medical Society, and the Sioux City Homeopathic Medical Society, together comprising about 20 physicians and surgeons, have perfected a third organization, embracing both societies, for the purpose of maintaining a trust to maintain fees. Most of the doctors have been receiving \$1.50 a visit, and it is proposed to raise the price to \$2. Any physician giving "bargain prices" will be expelled from the societies. The physicians say that fees have not advanced for 10 years, but that office rent and appurtenances cost more than formerly. All physicians are agreed in forming the trust.

A Significant Translation.

A certain clerk who was badly smitten with a young lady, wrote her a note the other day, and breathlessly awaited the answer. It came. A sweetly scented envelope with a rose in one corner, and the enclosure was a card bearing the letters: G. W. B. A. S. D. He couldn't decipher the letter, but he knew it was a loving message from the fair one. At last he took it to a friend for interpretation. She looked it over and gently informed him that it signified, "Go Way Back and Sit Down."

REPUBLICAN CHAIRMAN ON REAPPORTIONMENT

Old Table Gives one Delegate for Each 150 Votes Cast for Geer.

Chairman George A. Steel, of Portland, chairman of the republican state central committee, is working on a new apportionment of delegates to the next state convention, based on the vote cast in the presidential election of November 1900.

The existing apportionment was made upon the basis of the votes cast for Governor T. T. Geer in June 1898, one delegate at large being allowed for each county, and one for each 150 votes cast, and one for the remaining fraction if over 75.

This gives a total of 335 votes in the convention. Taking the vote cast for President McKinley in 1900 as a basis of calculation, with the same apportionment ratio, 11 additional delegates would be divided among the different counties of the state, making a total of 346. There has been some discussion along the line of making a new apportionment on the ratio of one delegate for each 200 votes, and for the remaining fraction of 100 or over, in addition to the delegate at large.

Assuming that a new apportionment, if one is made, will be at the same ratio as the last, which was one delegate at large, one for each 150 votes, and one for fraction remaining over 75 votes, the 346 delegates will be as follows, the figures in the first column denoting the present representation:

| Counties | Present apportionment. | New apportionment. |
|------------|------------------------|--------------------|
| Baker | 9 | 11 |
| Benton | 8 | 7 |
| Clatsop | 15 | 16 |
| Clatsop | 12 | 10 |
| Columbia | 6 | 7 |
| Cook | 7 | 9 |
| Crook | 5 | 4 |
| Curry | 3 | 3 |
| Douglas | 12 | 14 |
| Gilliam | 4 | 4 |
| Grant | 7 | 7 |
| Harney | 8 | 4 |
| Jackson | 10 | 12 |
| Josephine | 6 | 7 |
| Klamath | 4 | 4 |
| Lake | 4 | 4 |
| Lane | 14 | 18 |
| Lincoln | 4 | 4 |
| Linn | 14 | 14 |
| Malheur | 4 | 4 |
| Marion | 22 | 22 |
| Morrow | 5 | 5 |
| Multnomah | 70 | 67 |
| Polk | 9 | 9 |
| Sherman | 4 | 4 |
| Tillamook | 5 | 5 |
| Union | 12 | 11 |
| Wallowa | 5 | 5 |
| Wasco | 10 | 12 |
| Washington | 13 | 12 |
| Wheeler | 4 | 4 |
| Yamhill | 12 | 12 |
| Totals | 335 | 346 |

The figures in the first column compared with the second, show Eastern Oregon counties will have an increased representation. Baker, 2; Harney, 1; Morrow, 1; Umatilla, 1; Wasco, 2.

J. P. Morgan's X-mas.

Employees in the office of J. P. Morgan & Co. were made supremely happy on Christmas by a record breaking act of Mr. Morgan's. Every man in his employ, received a gift of 100 per cent of his salary. From the office boy to the specialist in bonds, and the heads of departments checks were given equal to their entire year's salary. This is to say, the bond expert or loan clerk who receives a salary of \$10,000 per year received from Mr. Morgan on that day a check for \$10,000. The little office boy who begins his Wall street career at \$40 a month was made happy by a check for \$480. This is the largest distribution of profits ever given by a financial house.

HERPICIDE
 TO HAVE THICK, LUXURIANT HAIR
 is the most longed-for desire of every woman who knows what a powerful aid to beauty it is, and endeavors to make her own as soft, glossy and thick as possible. Comparatively few of these are aware as yet that Newbro's Herpicide, a recent scientific discovery, will enable them to possess hair as thick and luxuriant as anyone could desire. It works on a new theory of destroying the germ that feeds upon the hair root, and thus makes hair grow and falling out impossible. It then proceeds to produce a growth of thick, glossy hair that soon becomes the pride of its owner. A few trials will convince you of its virtues.
