**GEO. L. BAKER IS NOT RESPONSIBLE FOR BOOKING**

Diamond Minstrels Show is Rather Weak, Says the Manager in Portland.

The following comes to the East Oregonian:

To the Editor:—I wish to inform the theater-going public of Pendleton, through the columns of your paper, that I am in no way responsible for the booking of Diamond Bros. minstrels, which appears at Frazer's Opera House on the 24th. Hearing from a reliable source that the show was very weak, and also having my own opinion in the matter, I positively refused, through correspondence with Mr. Conden, manager of said company, to play it in Pendleton, but while on a business trip to San Francisco last week, the agent went to Pendleton and Mr. Welch (not thinking) signed contracts for the appearance of said show. On being informed of the fact, on my arrival home, I immediately took steps to cancel the engagement, but they insisted on playing the date. As I am almost certain the performance given by this company is far below the standard, and as it has always been my aim to give the public of Pendleton nothing but the best, I take this means of explaining the situation and also of warning them.

GEORGE L. BAKER.

"Human Hearts"—Jan. 27.

"Human Hearts" is said to be a play combining both pathos and comedy in that way which has so often been spoken of as that "the laughter chases away the tears." A play to enjoy lasting popularity, must possess these qualifications, or else fall to long interest a fickle public. It is necessary to touch the strings of the human heart and the title indicates that this was the author's object in writing this play. The drama will be presented here under the management of W. E. Nankeville, who has successfully piloted it about the country for the past six years. It is promised that it will be given in a superb manner by a company of unusual excellence. "Human Hearts" will be the attraction on the 27th.

"Rupert of Hentzau"—Jan. 28.

The elaborate production of "Rupert of Hentzau," which is to be seen at the Frazer on the 28th, is said to equal in scenic magnificence and elaboration of detail anything which has been produced under the auspices of Mr. Daniel Frohman. The entire complement of scenery and accessories are exact duplicates of that used in

## INDIAN STUDENTS DESERT FROM CHEMAWA.

They Are Found and Returned to Serve Out Their Time.

Ex-Indian Police Edward Brisbo received a telegram yesterday from T. W. Potter, superintendent of the United States Indian school at Chumawa, stating that Mike Pierce, Willie Redford, Eddie Bellinger, Johnson Chapman, Cyrell Marcott, Joseph Chapman and Charley Williams, who are students from the Umatilla reservation, had deserted from the school and asking him to arrest and return all except the first two named, who were not wanted, as they had formerly deserted from the Carlisle school and did not belong there. Mr. Brisbo found Bellinger here and later received a telegram from the school asking him to meet Government Officer Brewer at Umatilla with Bellinger last night, as he would pass through there with four of the other boys. Chapman would have been discharged next summer had he not deserted, but now he will be compelled to remain his four years out at the school. He was sent there last summer.

**An Inquiry From the East.**

An eastern real estate firm writes to N. Berkeley, the real estate man of Pendleton, as follows: "What have you to offer in a tract of good agricultural land, something located well as to market and that will produce crops without irrigation?" The easterners state that the land is wanted for colonization purposes and a big number of acres are desired. Mr. Berkeley has for sale a number of desirable farms in fallow grain, also several tracts of land in stubble, but in order to fill this want from the east he would require a couple of thousand acres more. If you have any land for sale, or wish to buy land, see Berkeley, in the Pendleton Savings Bank building.

Mrs. Anna Taylor, of Riverside, Ill., received \$250,000 for simply being courteous to an old lady by the name of Mrs. Fields. It always pays.
