GENERAL NEWS.

At Los Angeles, William G. Nevin, general manager of the Santa Fe Railroad lines west of Albuquerque, died suddenly at his home. The immediate cause of death was paralysis of the heart.

Mrs. Mary Johnston, the well-known author, has been at the Johns Hopkins hospital, in Baltimore, for the past 10 days. The superintendent of the hospital said that Miss Johnston was there for a visit.

Through the intercession of the Rev. Henry F. Cope pastor of the First Baptist church of Dillon, Mont., Andrew Carnegie has offered \$7500 for a library building for Dillon, provided the city furnish a suitable site and an annual appropriation for maintenance.

The Manila American Chamber of Commerce has formulated an appeal to congress, in which it earnestly prays for the enactment of laws allowing Chinese to enter the Philippine Islands under such restrictions as the United States Philippine commission may enact.

President Roosevelt has made it plain to every caller who talks with him, that he favors a canal, and that he expects some canal to be authorized at this session of congress. Senator Morgan says he expects to get a favorable report from his committee after a hard fight, and expects the senate to sustain the committee after a still more determined contest.

The New York Herald prints two cables from Stephen Bonsai, a correspondent who has spent three months in the Philippines, giving a review of the conditions in the islands. He takes a pessimistic view of the situation, saying that Governor Taft is honestly mistaken in believing the end of the insurrection is near, and regards the natives as irreconcilable and better organized than before the capture of Aguinaldo. Governor Taft believes that the only existing opposition to the authority of the United States is being fomented by the men from the Hong Kong Junta, most of whom were former presidents of the rich coffee-growing province of Batangas.

PACIFIC NORTHWEST NEWS

The full text of the Chinese exclusion bill introduced into the senate by Mr. Mitchell, shows that every precaution has been taken to safeguard the interests of the Pacific Coast, with regard to the entry of Chinese laborers.

The young son and daughter of Cleve Smith, Richard, aged 11, and Georgiana, aged 14, with Joseph Calvin, a hired man, were drowned while skating near Alki, Wash. The three went skating and did not return in the evening.

The committee on ways and means, having in hand the project of a large irrigation canal through Kittitas valley, Wash., reports progress, and it transpires that one or more definite and feasible plans for a ditch will soon be formulated.

The salmon pack last season on the Pacific Coast, according to the most reliable data obtainable, was over 1,700,000 cases larger than in 1900. Puget Sound, British Columbia and Alaska canneries made the greatest packs on record. A conservative estimate of last year's output is 4,500,000 cases.

Auditor Atkinson, of Washington, drew a warrant for \$19,207.60 in favor of the Washington State Sugar Refining Company, of Spokane county. The legislature of 1899 passed a law creating a beet sugar bounty, the state to pay 1 cent a pound for all beet sugar grown and manufactured within the state.

W. Gifford Nash, dean of the School of Music, tendered his resignation to Judge R. S. Bean, president of the board of regents of the University of Oregon, the same to take effect in June, 1902. At the recent meeting of the board of regents in Portland, Mr. Nash applied for a raise in salary of from \$400 to \$500 a year.

LEAVES THE OLD FARM.

Bill Taylor, of Athena, Thought he was Injured by his Father.

Because he feared that his son had eloped with a 15-year-old girl, Moses Taylor, a farmer residing near Athena, says the Walls Walla Union, wired the sheriff's office at this place to apprehend Bill Taylor and hold the young man until he could arrive. Bill Taylor was his son, he said, and had left home the day before with his team, accompanied by James Body, Mrs. Donovan and her 15-year-old daughter, Minnie Walker. The father feared that the girl and his boy were going to get married.

An examination of the records at the auditor's office was made but no license had been issued to young Taylor. The officers informed the father in Oregon that without warrant they could not hold the boy and Taylor after some hesitancy yelled back to arrest the boy for stealing his horses. This was done, but Moses Taylor weakened and presently the telephone rang again and he said: "Turn the boy loose, but hold the team. I'm coming."

Young Taylor is about 22 years of age and in explanation said "Mrs. Donovan and her daughter wanted to come to Walla Walla. They were going to take the train but I told them I would bring them with one of our teams. That is all there was to it."

Body suggested that Taylor take the team back and he would return to Athena on the train.

"Not much," was the response. "No more farm for me. When it gets so I have to work a year for nothing and then can't have a team for a couple of days, I've had enough." The son said nothing about wanting to marry Mrs. Donovan's daughter.

SPLIT, BRITTLE, DULL HAIR.

All Comes from Dandruff, which is Caused by a Germ.

Split hair, harsh hair, lusterless hair, brittle hair, falling hair all owe their origin to dandruff, which is caused by a meany little microbe that burrows into the scalp, throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is combined in Newbro's Herpicide, and may be had of any druggist. Allays itching instantly and makes hair as soft as silk. Take no substitute; nothing is "just as good."

The Good Ad.

A good ad is an announcement in brief terms, straight from the shoulder, concise and to the point, telling something in a clear and intelligent manner and stating a few prices as an indicator of the way you sell goods or do work.—Brookline (Mass.) Chronicle.

Colonel Charles W. Mamer, of the Sixth Infantry, reports the conditions on the island of Negros to be unsatisfactory, and says that 400 Bolomen and 40 men armed with rifles under the command of the noted bandit leader, Papa Iso, are terrorizing the people.

RIGHTS OF WARDS

INDIANS LAUGH AT HAIR CUTTING ORDER.

They Say They Will Refuse to Obey—Cite Decision by Judge Fee in Court Here.

Indians here on the reserve laugh at the idea of Indian Commissioner Jones as contained in the recent order said to have been issued from Washington, and commanding that all wards of the government cut off their long hair and discard their blankets. They assert that they will fight it in the courts and will refuse to cut off their hair or do anything else that the order may mention, unless they desire so to do. They base their action on the fact that they are citizens, so declared by the Dawes and Slater acts and upheld in the courts here in the decision by Judge Fee, a few years ago, when West Soot collected \$200 from Policeman Ed Brisbo, for carrying out the order of the court of Indian offenses. Brisbo cut off West Soot's hair, as the court's punishment. The Indian court had the sanction of the Interior department, and yet the circuit court here, Judge Fee presiding, assessed a fine against Brisbo for attempting to interfere with the personal liberty of an Indian who had taken land under allotment and who had severed his tribal relations.

It is likely that the real meaning of the order has been misinterpreted, and that it does not pretend to regulate the wearing apparel and barbering of the Indians. It seems probable that it refers only to the young men who attend the government schools, and that they be required, if they receive the benefits of these schools, to conform with certain requirements. This would be different, and might be perfectly legal.

But, as to the Indians complying with any order attempting to regulate the clothing or hair of the Indians, there is no doubt that they would resist it to the extent of their ability. Judge Fee's decision has never been questioned, and the citizenship of the Indian appears to be well established.
