### CLASSIFIED ADS.

An Interesting Page in the Daily East  
Oregonian.

The East Oregonian solicits classified ads. Little ads stating the wants of the people. The expense of these ads is small, from 15 cents up. Through them much information can be conveyed. You can tell your neighbor what you have to trade for something for which you have a need, but you cannot tell from 1000 to 5000 people this fact. These ads will do that for you. With the aid of them you can get value for your surplus things; you can supply your wants; sell articles that you can not sell in any other way, and all for a small sum of money. From 15 cents for one insertion to \$1 for 10 or more.

You may want to hire a man or woman. A want ad will hit the spot. You may want employment. Try an ad for 15 cents to 50 cents.

You may want to buy something. Try a want ad.

You may wish to sell something. A "For Sale" ad will fill the bill.

You may want to trade a wheelbarrow for a grindstone. The wheelbarrow you have no need for; the grindstone the other fellow has no need for. The little ad expressing your wishes will do the business at a small expense. Why not try it?

Have you a house to rent? A room to rent? Do you want to rent a house or a room? A want ad will be effective. The cost is little, the result satisfactory. Try one.

There is no more effective way of advertising, and the price is within the reach of all.

Look over the "classified ad" columns and use them when you want to sell or buy something; when you want to make a trade; when you want to give employment; when you want employment; when you want to lend or borrow money; when you want to let or rent a house or room or store. The want ad will supply your wants. If you have a horse or tray, or if you have lost a horse, or

found a horse or other animal, you can not let so many people know of it in any other way as through these columns and at an expense that is not worth considering. Try an ad. It will pay.

### DUPUIS ASKS \$1200

#### FOR INJURY TO PROPERTY.

By the Construction of the Byers Ditch Anew Last Summer.

The jury that is to hear the evidence and pass on the case of Joseph Dupuis vs. W. S. Byers and the Oregon Railroad & Navigation Company, for damages in the sum of \$1200, were impaneled Monday afternoon, and in company with Judge Ellis, went out and looked over the ground which is the cause of the suit. The suit is brought by Dupuis on the ground that Byers, in changing the ditch carrying water to his mill, ran it so close to the house of plaintiff as to injure him in the sum asked, by the water seeping through the ditch and under his house, making it unhealthy and disagreeable on account of the dampness. The railroad company is made defendant with Byers because they owned the ground on which the ditch was built and gave him permission to put the ditch where it is. The case was brought up this morning. The jury is composed of Henry Cockburn, W. D. Parker, C. E. Sturdivant, C. P. Smith, Frank Rack, C. N. Russell, G. W. Knight, Ivan O'Hara, E. L. Brotherton, Davis Horn, W. J. Stockman, A. P. Myrick.

#### Holdman Divorce.

Monday afternoon Judge Ellis heard the evidence in the divorce case of Nora M. Holdman vs. Ora Holdman and the findings were in favor of the plaintiff. The decree will be rendered accordingly.

#### Driscoll Arrested.

Ben Driscoll, who was released Saturday on the charge of taking a grip out of a Pullman car belonging to William Maher, was arraigned again on the same charge and the additional charges of taking things belonging to the Pullman conductor and porter.

### HORSES INDULGED IN SEVERAL RUNAWAYS.

Three at One Time Chase Through  
the Streets of Pendleton, Doing No  
Serious Damage.

Three runaway teams on the streets of Pendleton at the same time seems to be quite a record, but nevertheless this is no more than happened yesterday afternoon. The runaways were all started by one team, which belonged at the Telephone Livery stable and was being driven by Charles Rattigan and his wife, who were out for a sleighride. It is said that they were both under the influence of liquor. When near the west end of Alta street, Mrs. Rattigan was driving and, according to eye witnesses, she thought the team was not going fast enough and began using the whip on them. This, the spirited team objected to, and started on a run. In turning a corner the sleigh was upset and both occupants thrown out, but neither received serious injuries. Then the team, which was free, ran up Alta street and straddled a row of trees along the walk on the outside, breaking the neckyoke and harness and letting the horses loose from each other. At the corner of Main and Alta streets, a farmer's team was standing hitched to a hack. The running horses caused them to break loose and they made things lively up Alta to Cottonwood, where they turned north to Water street. There they turned and ran back to Main, crossing the bridge, and were caught up on the hill, after doing little damage to the hack other than breaking the tongue. Somewhere on the run this team scared another horse, which was hitched singly to a cutter and caused him to run away, but he did little damage either.

#### The Sword Discarded.

In the British army the sword has been discarded, so far as its usefulness is concerned in modern warfare. A half century ago it was considered the best weapon, but the rifle has now taken its place. At the present time thousands of people are discarding their old methods of trying to cure stomach and bowel complaints, and are using the old reliable Hostetter's Stomach Bitters. It has never been known to fail in cases of indigestion, dyspepsia, constipation, biliousness, liver and kidney troubles, or malaria, fever and ague, and a trial is therefore recommended. It has been before the public for fifty years, and by its record of cures during that time has firmly established its superiority over all other remedies. Try a bottle and satisfy yourself.

The cold wave continues and the temperature in California is about 10 degrees below the normal. Heavy to killing frosts occurred generally.

## PEOPLE ARE ASKING

### WHO IS PALOMA?

#### A WONDERFUL CHILD

Plays Most Difficult Compositions  
with Brilliance and Finish.

Of Paloma, the child pianist who is to play at the Frazer on Friday night, many are inquiring.

Paloma was born in San Francisco. At the early age of four she showed a decided talent for music. She received her first lessons from her father, but soon had to be turned over to a renowned local teacher who, however, after a short time was forced to declare that the pupil had outgrown her master. She accordingly was placed under the tuition of Herr Otto Becker, a graduate of the Leipzig and a pupil of Krause. With him she made very rapid progress, and at the recitals she played from time to time held her audiences spellbound both by the marvelous exhibition of her skill and the deep understanding she displayed of the grand works of the old masters.

Not satisfied with executing the finest pieces of Chopin, Mendelssohn, Moszkowski, Bach and Wagner, she, like some of her predecessors in the world of music, soon gave vent to her feelings by making compositions of her own which astonished tried musicians and critics of the first order by her splendid conception and boldness of execution. The fact that she has completed over thirty original compositions bears testimony enough of the genius whose dictation she merely follows, being obliged to bring forth her sweet strains of music like the singing birds who form our delight when roaming about in fields and woods. Several of her compositions, as the Pastoral, Op. 21, and Battle of the Giants, Op. 31, have justly been declared as masterpieces.

When 8 years old her parents had to yield to her request to travel in order to bring her into contact with the first musicians of the world. They therefore started on a tour through the Pacific states, Salt Lake, Denver, Mexico, New York. Thence they traveled over the Atlantic, visiting England, Holland, Germany, Switzerland and Italy, being everywhere most enthusiastically received, although their immediate object was less to go on concert touring than meeting with famous musicians and gathering inspirations.

### FREE RURAL DELIVERY.

Freewater to Hudson Bay is a Possible Route Soon to Be.

Freewater, Jan. 28.—Considerable interest is being manifest in Free-water over the proposed free rural mail delivery route that is being talked and is now almost a certainty, to run from here 12 miles northwest into the Hudson Bay country. The farmers and stock men along this route have expressed themselves as being much in favor of the free delivery and will give it all the support in their power, as they are anxious to get the news of the world brought to them, instead of having to go to town every day or not know what is going on until it gets old.

### POLIT ROCK'S GOOD SCHOOL.

Present Teachers Are Giving Satisfaction to the Patrons.

County Superintendent of Schools J. F. Nowlin, has returned from Pilot Rock, where he attended the regular monthly district institute on Saturday night. Owing to the severity of the weather, not a very large number was present, but those who attended listened to addresses by Superintendent Nowlin and Lewis Keefer, the latter in district No. 69, in the Cold Springs country.

Mr. Nowlin says that the school at Pilot Rock, with Principal William Vallandingham, assisted by Mrs. Ryerson, is giving the best satisfaction of any school term in that district for a number of years—in fact, they say they are having the best school ever in the history of the town.

Catarrh Cannot Be Cured.

With local applications, as they do not reach the seat of the disease, Catarrh is a chronic or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.
