JOINT CONFERENCE
TO FIX THE SCALEFive States Represented in the Meet-
ing to Decide as to Miners' Com-
pensation.

Indianapolis, Jan. 30.—The joint
conference of operators and miners
was organized today. The presidents
of the state bodies concerned in the
agreement of the future named the
committees and adjournment was
taken until tomorrow when the
real matter at issue will be taken up.
The conference will probably last
ten days. Illinois, Indiana, Penn-
sylvania, Ohio and Iowa are repre-
sented on the scale committee. Con-
flicting rumors concerning the dem-
and to be made by the miners are re-
ported. It is stated that the operators
are considering a reduction in the
scale of the same figures on the ground
that the past year has been unprofit-
able and the outlook for the coming
year is no brighter. While it is true
that both sides enter the confer-
ence with views widely differing
conservative members of the order
are of the opinion that the prospects
were never brighter for an amicable
settlement and the adjustment of the
wage scale satisfactory to all.

THE TWO ESCAPED MAY QUIT BIG JOB

From a Pennsylvania Peni-
tentiary. Charles Schwab Was Repr-
manded by Morgan.MURDERERS FOUGHT
THEIR WAY TO FREEDOM.Pittsburg Prisoners Apparently As-
sisted by the Wife of the Warden—
Covered Up All Traces

Pittsburg, Jan. 30.—Ed and Jack
Biddle, under sentence of death for
murder, escaped from the county jail
this morning. They locked three
guards in a cell, took a revolver from
another, threw him over a 16-foot
fence, ran into the jailer's office,
where they shot another guard, ar-
rayed themselves in citizens' clothing
and walked out.

The two prisoners had been provid-
ed with a saw, with which to cut the
bars in their cells. About 4 o'clock,
one of the guards was called to the
cell on the pretext that one of the
brothers was ill and needed medicine.
As the guard reported at the door,
John threw him over the railing to
the floor below and Edward sprang
out from his cell. With drawn revolv-
er they went to the first floor, where
they met Guard Reynolds, whom they
shot in the hip. The remaining guard
quickly was overpowered, and all
three then were locked in the 'dun-
geon. They then took the keys from
the keeper, secured new suits of
clothes from the guards' wardrobe
and went out.

Biddle had murdered a crippled gro-
cer in Washington, Pa., having tried
to rob his place. He was located by
the officers a few hours later and a
battle ensued in which one officer
was killed. Edward Biddle was dan-
gerously wounded.

Warden Soffel thinks that Mrs. Sof-
fel provided the means with which
the murderers effected their escape,
as she was not in bed when he awak-
ened, and since has not been seen.
The fugitives have completely cov-
ered up their tracks.

The county commissioners this
afternoon offered a reward of \$5000
for capture, dead or alive, of the Bid-
dles.

Meager reports are brought by In-

slide in the Olympic mountains, west-
ern portion of Jefferson county, dur-
ing last week's storm, the earth
trembling 15 minutes, followed by
rumbling. One of the peaks broke off

is not thought there was any loss of
life, as the prospectors had left with
the first snow.

trustworthy reports recently received

from Monte Carlo to Pierpont Morgan,

SIX INCHES OF THE
BEAUTIFUL HAS FALLEN.Good for Farmers, Stockmen and for
Everybody in the Country.

There is now six inches of snow all
over this country, and not only are
the young people who have been wish-
ing for snow enough so that they
could have a sleigh ride, happy, but
the farmer is feeling good because his
grain is now protected against the
cold blasts of the wind, and the stock-
man is feeling the same way. Not
only is it this fact that makes them
feel good, but the ground is needing
more moisture and the snow will
provide for this seemingly defect before.

The weather has moderated to a
great extent and this morning the
mercuries registered from 15 to 20
above zero. This is a welcome
change, as the frigid weather of the
past week had caused much damage
from the freezing and bursting of
water pipes and was hard on stock, as
well as the fruit trees of the country.

SMALL BLAZE TODAY.

Fire Caught in Boiler Room of Judd
Building.

A small blaze occurred in the boiler
room that supplies heat for the
Judd building, on the corner of Main
and Court streets, between 6 and 7
o'clock this morning. The cause of
the fire is not known, but it was in
a pile of coal which was put in behind
the engine when it was wet, and it is
thought the steam arising from this
coal and the heat from the engine,
caused a gas to collect which caused
it to burst into flames. The damage
was small.
