GENERAL NEWS

After accepting the deed of gift of the Carnegie Institute, the trustees proceeded to adopt by-laws, and then elected the following officers: Chairman of the board of trustees, Abraham Hewitt; vice-chairman, Dr. C. H. Billings; secretary, Charles D. Walcott; Dr. D. C. Gilman was elected president.

The management of the Santa Fe Company has decided to establish at Albuquerque the largest archeological and ethnological museum in the United States. The purpose of the venture is to provide a novel attraction at that place. The museum will contain a collection valued at between \$100,000 and \$150,000.

The current liabilities of the steel trust November 30 were stated at \$20,289,020 and the surplus of the corporation and the subsidiary companies was placed at \$174,244,225. The cost of the properties owned and operated by the several federated companies was given as \$1,457,494,862.

If Representative Lacey can secure the passage of the bill he introduced, transferring to the department of agriculture full control and management of forest reserves, he will be able to get a step to the westward that has been in progress for the last two years, and will take from the hands of Secretary Hitchcock one of his most cherished duties.

Senator Spooner says that the substitute that he offers for the Hepburn canal bill means that the United States will have a canal across the isthmus and that it does not put the burden on the president of deciding between the two routes. It simply means that if he cannot secure concessions for the Panama route he is to proceed with the Nicaragua route.

Lysan E. Cooler, on behalf of the contractors who built the Chicago drainage canal, offers to build an isthmian canal complete, either at Nicaragua or Panama, under contract with the United States. He says either route is feasible, but thinks far better results can be had from the Nicaragua canal, as once the canal is built, the United States will practically annex Costa Rica and Nicaragua and control their commerce. With the Panama waterway we would acquire nothing but a waterway.

PACIFIC NORTHWEST NEWS

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price, including the spraying tube, is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to natural and healthy character. Ely Brothers, 55 Warren street, New York.

A HANDSOME NEW GROCERY.

The New Store of R. Martin in the Lafontaine Block to Be a Beauty.

The new store of R. Martin, to be known as the City Bakery and Grocery, in the Lafontaine block, is to be a very handsome establishment. It is to be arranged with every facility for doing business economically, thoroughly and promptly. Extra efforts are to be made to deliver all purchases to customers in the city with the least loss of time. Quick sales and small profits will be the motto of the new establishment and newspaper publicity will be freely used to make the people familiar with the quality of goods and low prices. The new quarters will be occupied before the end of February, and in the meantime the old stock at the present location will be disposed of at reduced prices on most of the stock, preparatory to the removal. By selling the old stock the expense and trouble of moving it will be saved and the new store will be filled with new goods. Come to Martin's City Bakery and Grocery for the next two or three weeks and get bargains in the necessities of life.

CAPT. KRAUSE ELECTED AS VICE PRESIDENT

Oregon Fish and Game Association Holds Annual Meeting in Portland. Captain James E. Krause, of Pendleton, manager of the Western Union here, was chosen to the vice-presidency of the Oregon Fish and Game Association at the annual meeting held in Portland yesterday. J. N. Teal is president, and the other officers are:

Secretary, A. E. Gebhardt, treasurer, John Cran; directors, Dr. A. C. Pantou, L. T. Barin, Dr. E. F. Tucker, D. M. Dunne, E. W. Blackstone, all of Portland; G. S. Nickerson, of Klamath Falls; H. S. Garfield, of Pendleton; W. T. Wright, of Union; L. S. Fritz, of The Dalles; Edwin Stone, of Albany; A. L. Fox, of Astoria.

Captain Krause has been one of the most efficient members of the association, and deserves the position.

The constitution was amended to increase the number of directors from nine to fifteen, and to change the annual meeting day from the first Saturday in December to the first Tuesday in the month. The president was authorized to appoint a committee on game law revision and another to urge upon congress such action as may be deemed necessary to prevent Indian depredations. The former committee is to consist of five members and the latter two.

A membership of 309 was reported by Secretary Gebhardt. Upon the subject of trout planting and game protection the secretary's report contained the following:

During the year approximately the following number of trout have been planted by the association:

Umatilla county—In the north fork of Meacham creek, 40,000 Montana grayling; in Bear creek, 10,000 Montana grayling; in McKay creek, 10,000 rainbow trout.

Union county—In Catherine creek, 50,000 Montana grayling.

Clatsop county—In upper Necanicum, 60,000 Eastern brook trout; in the lower Necanicum, 20,000 rainbow trout.

Clackamas county—In Clear creek, 10,000 brook trout.

Linn county—In Cox creek, 10,000 Eastern brook trout.

Besides these, about 600 Lake Superior lake trout were planted in Meadow Lake, Yamhill county, and an equal number in a small lake, which is not known by any specific name, near Hood river.

Hoover, Wheeler.

PLEASING RESULTS

Always follow the use of Newbro's Herculide, the new scientific cure for dandruff and falling hair. It possesses certain properties that kill the germ or microbe that causes all the trouble by sapping the oil out of the hair bulb. With this parasite destroyed, dandruff and the falling hair cannot exist. A thick, soft growth of hair springs forth where formerly thin, brittle hair, or perhaps total baldness held sway.
