 Steps from Main Street Toward the Court House

This signature is on every box of the genuine  
**Laxative Bromo-Quinine Tablets**  
 the remedy that cures a cold in one day.

## ARE THERE MORE

KANE TAKEN TO CONDON, IN GILLIAM COUNTY.

It is Alleged Against Him That There is a Gang and He is a Member.  
 T. D. Sweeten, constable and marshal of Arlington, arrived last night and left this morning for Condon, Gilliam county, with Tom Kane, charged with stealing a horse.  
 Kane is well known here, having made this part of the country his home for the past 18 years. He was bartender for E. I. Stewart, who ran a saloon on Webb street, some years ago, and has driven stage from Pendleton into Camas Prairie country, beside being a sort of a jockey and riding race horses for some of our sportsmen.

This may prove to be an important arrest and be the cause of the breaking up of an organized gang of horse-thieves, although Mr. Kane says he is innocent and can prove himself out of the difficulty. It is stated that for several years men have been going in to the ranges of Gilliam county and running horses out to other counties, where they had confederates who would take the horses in charge and sell them, when the proceeds would be divided up among the "gang." Some think that this has been done so frequently that the stock associations of the county have taken the thing in hand and are determined to break it up. They have offered rewards and stationed men in different parts of the country who are watching every suspicious looking individual and keeping "tab" on all the new horses that come into their territory; finding out where they come from and who sold, etc.

**Sold Horse to Cunningham.**  
 This was the cause of the arrest of Kane as one of the missed horses had been sold by him to Charley Cunningham, the sheep man, and these "spotters" for the stock association, who have been in the city for some time with the description of the stolen horses found this particular one in Cunningham's team, it having been driven to town from his ranch by one of his men.

Upon inquiry they found where Mr. Cunningham got the horse, and Kane, who has been employed on the farm of the Fox Brothers, 18 miles south of Pendleton, was arrested as the result. He is charged with the theft of only one horse, but the authorities say five head of horses have been disposed of in this community recently and it is not yet definitely stated whether or not he had anything to do with the other four. Whether or not Kane is guilty of being connected with any of this wholesale stealing, it is thought that his arrest will bring facts to light that will break up the practice and Mr. Sweeten says that some very prominent people may be implicated and this will be the means of ferreting them out.

When Kane was asked by an East Oregonian representative what he had to say for himself he was reluctant to talk, but after declaring himself innocent of the charge several times, he said: "The horse was turned over to me to sell and I sold him. I will be able to prove myself out of this, all right. All the old-timers here know me and I know that I can prove my innocence." He would not say who "turned the horse over" to him to sell.

### KUNKEL & CO.'S CAR.

The New Implement Firm Receive Their First Carload Shipment.  
 Farmers will be interested in knowing that A. Kunkel & Co. have received their first car of agricultural implements. The shipment includes the celebrated John Deere walking and riding plows, Buckeye drills, Deere king U bar and A frame harrows. These A frame harrows have "The Dagger" teeth and cut 24 feet. Practical farmers pronounce these harrows just the thing for this country. The Buckeye drills are a sure winner, having many excellent points, such as thickness of tire, strength of wheels, etc., which insures carrying capacity that is an advantage over any drills on the market, as they cannot break down. The 1 1/2 inch axle of these drills are of the best steel and will hold all the strain, with less vibration than other drills. Kunkel & Co. will receive the first of next week a carload of New Moline wagons and Wilson Moline buggies and hacks with new features never seen in this section. Kunkel & Co. request the privilege of showing these goods to intending purchasers and interested persons. Their implement warehouses are on the corner of Alta and Cottonwood streets.

### A LIVELY COMPANY.

Murray and Mack in "Shooting the Chutes."  
 "Murray and Mack, in "Shooting the Chutes," had a fair sized audience on Thursday evening, and pleased most of the audience with the rapidity and dash of the entertainment. The chorus girls were really good looking and the comedians themselves were very funny, especially Murray. Mr. Mack occasionally indulges in suggestive remarks that are not indorsed by refined people. Otherwise the company, as giving a musical comedy, was excellent.

Portland Grain Exports.  
 Portland, Jan. 31.—Grain shipments from this port during the month ending today break all records. During

the month twenty-three cargoes have cleared, the total shipments have come close to 2,500,000 bushels. The shipments have gone to nearly all the countries of Europe and also to the chief ports of the far east.

### ANSWER TO SCHLEY'S APPEAL TO PRESIDENT.

Claims He Evades the Point at Issue in the Inquiry.

Washington, Jan. 31.—The "comment" of Judge-Advocate General Lemley and Solicitor Hanna upon the appeal of Admiral Schley as submitted to the president is less than one-third as long as the appeal itself. The commentators begin with the statement that Schley and his counsel have shifted their ground.  
 They say the chief features of the case were the "retrograde movement," "disobedience of orders," "inaccurate and misleading official reports," "failure to destroy vessels of the enemy lying within sight," and "injustice to a brother officer."

The first was that the finest aggregation of American vessels under one command was, by Schley's orders, turned about and headed for Key West, more than 700 miles distant, when within 22 miles of Santiago, where the enemy's ships were.

Second, that Schley deliberately and knowingly disobeyed the secretary's order overtaking him in his retrograde movement.

The third was that Schley's reason, officially given, for the retrograde movement and disobedience of orders, that is, "that the flying squadron was short of coal" was not true.

The fourth was that for four days the Spanish ships lay within reach of the flying squadron and no sufficient effort was made to destroy them.

The fifth involves a point of honor.

**Leaves Cincinnati Northern.**  
 Toledo, O., Jan. 31.—The resignation of T. C. M. Schindler, for the past thirteen years general freight and passenger agent of the Cincinnati Northern railroad, became effective today. Mr. Schindler was recently appointed general freight agent of the Detroit Southern.

### For Golf Championship.

Los Angeles, Jan. 31.—The women's championship of the southern California Golf association was commenced auspiciously today on the links of the Los Angeles Golf club. The contestants are numerous and of high standing and the tournament promises to be the most notable women's event ever pulled off in this part of the country.

### Corcoran vs. Douglass.

Savanna, Ga., Jan. 31.—"Tommy" Corcoran, the southern welterweight, and Fred Douglass, of Brooklyn, in a twenty-round bout, is the event provided by the Savannah Athletic club for its patrons tonight. The lively contest put up by the two on the occasion of their recent meeting has caused considerable interest to be manifested in the bout tonight.

### No More Hope.

Washington, Jan. 31.—Admiral Rodgers at Cavite has notified that the hopes of finding the ten missing members of Porter's Samar expedition are abandoned. Nine of the members who returned are in serious condition from weeping exema.

### Surprised a Laager.

Pretoria, Jan. 31.—A Boer laager was surprised at Poplar Grove yesterday, and 17 Boers captured, including Field Cornet Crobelaar, who died of his wounds.

## PAINE'S CELERY COMPOUND

Most Famous Remedy in the World  
 It Makas People Well.

The nerves control and determine the health of every function of the brain and body.  
 More than nine-tenths of all diseases that are not infectious are known by every physician to be merely the local symptoms of a coming breakdown of the nervous system.  
 In one person the diseased condition of the nerves manifests itself in insomnia; in another in indigestion; in another by rheumatism; some organ of the human body becomes affected, and refuses to perform its proper work.  
 When these symptoms begin to show themselves, medicine today knows but this one remedy, the famous discovery of Prof. Edward E. Phelps, M. D., LL. D., whose wonderful achievement has spread the fame of one of this country's greatest universities. No other remedy was ever universally prescribed by physicians. It was by the advice of the most eminent practitioners of the country that this great remedy was first put with-  
 in reach of the public. Paine's Celery Compound is not in any way a patent medicine. It is so superior to all the so-called remedies, that no serious comparison can be made between them.  
 The formula of Paine's Celery Compound has been freely furnished from the first to reputable physicians anywhere, and the thousands of authenticated cases that are reported yearly by physicians of every school have proved beyond question that in every case of dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, or other diseases, that imply impaired nerves, Paine's Celery Compound invariably gives relief.  
 It succeeds again and again in completely curing diseases where everything else has failed. It is the only prepared remedy in the world that is openly and publicly indorsed by medical journals. A single trial of Paine's Celery Compound will convince anyone that it accomplishes in every case all that it is claimed to do.

## POULTRY and EGGS

International Poultry Food makes them.  
 Beef Meal gives them flavor.  
 Clamshells make them solid.  
 Mica grit aids digestion.  
 Try a sample.
