East Oregonian, Pendleton, Oregon.

ONLY 115 VOTERS

UMATILLA COUNTY IS SLOW IN REGISTERING.

Out of Over 5000 Qualified to Vote, 2 1/2 Per Cent Have Been Placed on the Rolls.

The registration books for the registration of voters in Umatilla county for the general election in June, have been open nearly a month, and only 115 voters had registered up to Friday evening. "People are coming in very slow," said J. B. Kennedy, registration clerk, yesterday, "and I suppose it will be again, as usual—a big rush the last few days."

In 1900, 4596 voters registered for the election, and it is expected that there will be over 5000 this year.

The county has 35 precincts, and out of these are six that not a man has registered from yet. These are Elingham, Cottonwood, Ruddock, Umatilla, Valley and Yoakum. Several others only have one registration so far, while there are many with no more than two and three. The heaviest registration is from North Pendleton with 22 names already on the books. The next is East Pendleton with 12. These precincts have the most voters of any in the county and are close to the books, which is the reason for this.

Quite a few of those on the registration book are names that have been taken from blanks sent in from remote precincts where people do not care to come to town to register, but have gone before a justice of the peace or notary in the presence of witnesses and signed their names to blanks, after being sworn and the justice or notary has filled out the blank and sent it in to the registration clerk who cuts the original signature from the blank and pastes it into the registration book proper and fills out the questions from it. These blanks are furnished the remote districts and, while they are somewhat more complicated and the man who registers has to do it in the presence of witnesses, it is done for the convenience of those who do not care to make a trip to the county seat for no other purpose than to register. By doing this many men are registered and get to vote that would not take enough interest in the matter to come to town and the vote would not be so heavy.

The registration books will close at 5 o'clock p. m. on the 15th day of May, 20 days prior to the first Tuesday in June, when the election will be held.

A scientist claims that the camel is the only "known animal that cannot swim."

HE WAS A PIONEER.

John Tilson Died in Walla Walla, Aged 68 Years.

Walla Walla, Feb. 1.—John Tilson, aged 68 years, died in this city Thursday night after a brief illness resulting from paralysis. Mr. Tilson came to Walla Walla in 1862, and had resided in the city continuously since that time. He was a blacksmith by trade, and was at work at his anvil when stricken with paralysis. He leaves no family. Funeral services will be held tomorrow afternoon, interment being in the city cemetery.

The Sword Discarded.

In the British army the sword has been discarded, so far as its usefulness is concerned in modern warfare. A half century ago it was considered the best weapon, but the rifle has now taken its place. At the present time thousands of people are discarding their old methods of trying to cure stomach and bowel complaints, and are using the old reliable Hostetter's Stomach Bitters. It has never been known to fail in cases of indigestion, dyspepsia, constipation, biliousness, liver and kidney troubles, or malaria, fever and ague, and a trial is therefore recommended. It has been before the public for fifty years and by its record of cures during that time has firmly established its superiority over all other remedies. Try a bottle and satisfy yourself.

Walla Walla Revivals Close.

Walla Walla, Feb. 1.—The revival meetings which have been in progress at the Christian church for two weeks, closed last night. Professor Linott, the singing evangelist, became ill a few days ago, and failing to regain his strength, he deemed the closing of the meetings necessary. A large number of conversions resulted from the meetings.

Cataract Cannot Be Cured

With local applications, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing cataract. Send for testimonials, free.

F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Hall's Family Pills are the best.

The Good Ad.

A good ad is an announcement in brief terms, straight from the shoulder, concise and to the point, telling something in a clear and intelligent manner and stating a few prices as an indicator of the way you sell goods or do work.—Brookline (Mass.) Chronicle.

AS TO THIS TOWN

NO RABBIT DRIVE WILL OCCUR TOMORROW.

Pendleton People Evinced Little Interest in Second Exhibition of the Bloody Slaughter.

There will be no rabbit drive on Butter creek tomorrow, or at least, so far as Pendleton is concerned, the drive will not come off tomorrow as planned.

Those interested in the Butter creek country, in stock raising or farming are anxious to get rid of the jack rabbits and after the drive of a month ago they said that as soon as a little snow fell to drive the rabbits out of the hills another drive would be planned and carried out at the same place, using the same wire pen to drive them into and slaughter them as was used before. So when it began to snow last week those in the lead of the project set Sunday, the 2d of February, for the drive, and tried to work up an interest in it, but were to some extent unsuccessful, so it is now declared off. The residents of Pendleton were eager to participate in the drive and slaughter before, because it was something new and the excitement contained a fascination for them, but after one such scene the most of them do not care to repeat it and consequently sufficient interest could not be worked up in Pendleton to insure a crowd to justify the chartering of a train, and after a day or two in the futile attempt, the project was dropped. The residents of the Butter creek country may go out tomorrow and kill what bunnies they can, but they will not be aided in the bloody slaughter by Pendleton people.

SPLIT, BRITTLE, DULL HAIR.

All Comes from Dandruff, which is Caused by a Germ.

Split hair, harsh hair, lusterless hair, brittle hair, falling hair all owe their origin to dandruff, which is caused by a measly little microbe that burrows into the scalp, throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is combined in Newbro's Herpleide, and may be had of any druggist. Allays itching instantly and makes hair as soft as silk. Take no substitute; nothing is "just as good."

Chicago has a young lady who writes stories in her sleep. Sort of nightmare tails, as it were.

Annual
