ed up. People who should have kept in mind the interests of others...

It is strange that people will utterly disregard the rights of others by thus secreting information bearing upon the public health.

Publicity is good for man of the ills that afflict the people. It is healthy in many ways.

"Turn on the light" is a rather good motto for all times and in all situations.

SOME DESIRABLE LAW.

While the election laws are under discussion it is a good time to remark that we have a proposed Constitutional amendment...

The project is in the form of an amendment to the first section of the fourth article of the Oregon Constitution.

We have here two proposals—one is the "initiative," or power to originate legislation, and the other is the "referendum," or power to pass upon legislation.

The referendum may be secured in the way of petition, as with the initiative, or in the present method of submission by legislative enactment.

With the general principle and purpose of this measure the Oregonian is in full accord, and it will not complain if the amendment is adopted.

Yet it is also recognized that the amendment is almost certain of defeat, owing to the failure such propositions always make in an effort to arouse popular interest.

The true and invincible remedy for bad laws and for failure to enact good laws is good men in office.

A Poor Way To Treat CATARRH

No one would be so foolish as to kindle the fire on top of a pot to make it boil, yet the treatment of Catarrh is often just as senseless and illogical.

The nose, throat and ears are most frequently attacked by this foul disease, because the mucous lining is exposed to the cold, damp air, which attracts the vitiated blood...

Blinding headaches, neuralgia of the eyes and dizziness are also symptoms of this disease, and when the inflammation reaches the delicate mechanism of the ear, hearing is lost.

perfect safety in all stages and forms of Catarrh. Our physicians will gladly advise, without charge, all who write them about their case.
