### CLASSIFIED ADS.

An interesting Page in the Daily East Oregonian.

The East Oregonian solicits classified ads, little ads stating the wants of the people. The expense of these ads is small, from 15 cents up. Through them much information can be conveyed. You can tell your neighbor what you have to trade for something for which you have a need, but you cannot tell from 1000 to 5000 people this fact. These ads will do that for you. With the aid of them you can get value for your surplus things; you can supply your wants; sell articles that you can not sell in any other way, and all for a small sum of money, from 15 cents for one insertion to \$1 for 10 or more.

You may want to hire a man or woman. A want ad will hit the spot. You may want employment. Try an ad for 15 cents to 50 cents.

You may want to buy something. Try a want ad.

You may wish to sell something. A "For Sale" ad will fill the bill.

You may want to trade a wheelbarrow for a grindstone. The wheelbarrow you have no need for; the grindstone the other fellow has no need for. The little ad expressing your wishes will do the business at a small expense. Why not try it?

Have you a house to rent? A room to rent? Do you want to rent a house or a room? A want ad will be effective. The cost is little, the result satisfactory. Try one.

There is no more effective way of advertising, and the price is within the reach of all.

Look over the "classified ad" columns and use them when you want to sell or buy something; when you want to make a trade; when you want to give employment; when you want employment; when you want to

## SOME BENEFITS

### RESULTS OF GOOD ROADS MEETING ARE SHOWN.

Walla Walla, Feb. 7.—As a result of the good roads movement in this city, the county commissioners have purchased three improved graders for use by the supervisors in the different parts of the county. Tonight the Woodmen of the World will attend in a body, and special moving pictures have been provided as a specialty on the regular program. So far the carnival has proved a greater attraction than was anticipated and the attendance has exceeded the estimates of the most enthusiastic admirer of the project a week ago.

Funeral services will be held at the home of the deceased's childhood.

### GIGANTIC HOTEL.

A New York Hostelry to Have 2300 Rooms.

The apartment building and hotel now under construction on the ground bounded by Seventy-third and Seventy-fourth streets and Broadway boulevard, in New York, will be the largest of its kind in the world. It is being erected by W. E. D. Stokes, who in reply to a question as to the future of this building, declares that he "can't tell yet whether the building is going to be a monument to my skill or my insanity."

The building is 17 stories high, one block long, and will cost \$5,000,000. Sixteen hundred men have been two years in laying the foundations and walls, and it will be two years more before the structure is finished. It is built of granite, limestone, white brick and terra cotta. Of the cost, \$3,000,000 is for the building and ground and \$2,000,000 for interior decorations and furnishings. The building will contain 2300 rooms. It will be equipped with a telephone exchange larger than that of a city of 30,000 people. It will have a "central" of its own from which will radiate the wires for 2000 telephones, all under one roof. The basement is 26 feet below the surface of Broadway. Along the Seventy-fourth street side of the sub-basement will be a wing cellar in which a dozen like the great Heidelberg tun could be stored without trouble. There will be 18 fast electric elevators. Fourteen of these each capable of carrying from 20 to 30 persons at a trip, will be exclusively for passenger service, while there will be four freight elevators. On the top floor will be the largest dining room in the world, and in the basement will be a swimming pool capable of accommodating 500 persons at one time.

### STOP TRADE IN GIRLS.

Fighting White Slave Trade in Berlin, Germany.

The associations for fighting the "white slave trade" have begun an energetic campaign in Berlin, Germany. They have issued a report stating on incontestable authority, that 10,000 girls leave European ports to be the slaves of ruffians who have enticed them away from home. In Germany alone there is a gang of nearly 100 persons engaged in this traffic. The disguise of a school master in search of female assistants for a German school is the commonest ruse, pretended to be hotel keepers looking for pretty bar maids, or wine merchants who want saleswomen, or advertising agents who want girls to learn to be typewriters and so on. Galicia and western Russia are their favorite hunting grounds. They do not hesitate to go through the ceremony of marriage. One man recently arrested in Hamburg, had six wives living, of whose whereabouts at present he had no knowledge. He thinks they may be somewhere in South America. That country is not the only country to which these white slaves are sent. India takes quite a number and so does China, but Turkey takes still more, who are chiefly shipped from Black Sea ports.

### Declared His Innocency.

Detroit, Feb. 7.—Frederick Schu'cz was hanged here this morning for the murder of Mrs. Craig, his paramour. His last words were: "Here goes an innocent man into eternity." Before the execution the hangman was set upon by roughs and badly beaten.
