GENERAL NEWS

The Mexican Central railway, extending from El Paso, Tex., to the City of Mexico, is reported to be on the market, and the Santa Fe and Rock Island roads are said to be rivals in a race for its possession.

A dispatch to the Exchange Telegraph company from Utrecht indicates the probability of the removal of the Boer headquarters to Geneva, an account of friction between Mr. Kruger and his assistants and the Dutch government.

By economizing space in the Prince Henry train it has been found possible to provide six places, three for representatives of the American Press association and three for the correspondents of newspapers published in Germany, who will be designated by the German ambassador.

Assistant Secretary of State Hill, Adjutant-General Corbin and Rear Admiral Evans have been officially designated as the president's delegates for the reception and entertainment of Prince Henry of Prussia, and this title is the formal one used by them in all their correspondence.

Two soldiers were hanged in the Philippines, on execution of sentences imposed by the military commission by which they were tried and convicted of deserting to the enemy. Their names were Edward A. Dubose and Lewis Russell, and both were attached to Troop E of the Ninth Cavalry, a negro regiment.

Dr. Maud Allen, formerly of Portland, Ore., a medical missionary from India, who arrived on the steamer Doric after an absence of seven years, says that it is foolish for the American people to send ships full of wheat for the succor of the famine sufferers, because there is never any real dearth of cereals in that empire. It is the rapacity of the money-lenders that starves the suffering natives at the time that India is actually exporting wheat to other countries.

Major General S. B. M. Young, now commanding the department of the Columbia, has been selected by the secretary of war to be the first president of the newly elected war college, to be located at Washington barracks. The war college is expected to become a great military institution, and Secretary Root was desirous of securing a fighting man at its head. Major General Young succeeded General Shafter in command of the department of California. Before that time he was in command at the department of Northern Luzon, in the Philippines, and made a fine record.

PACIFIC NORTHWEST NEWS

Senator Mitchell has been urging Senator Morgan and other members of the interoceanic canal committee who favor the Nicaraguan route, or any canal, to hurry a report.

The citizens of Goldendale and Klickitat county have raised \$10,000 for the right of way for the railroad to Portland. The committee in charge of this matter consider the amount sufficient to secure the right of way from Goldendale to Lyle, 31 miles.

The department contemplates the erection at Tacoma of a three story and basement building having an area of 14,000 square feet, and now asks for a total appropriation of \$600,000 for this building, an increase of \$100,000 since the first estimate was submitted.

Senator Simon introduced bills appropriating \$150,000 each for public buildings at Albany and Oregon City. He says he believes it will be possible to secure the passage of these two measures, particularly through the senate, as conditions in both towns comply with committee requirements.

Senator Mitchell is preparing a speech on the Philippines, and has listened attentively to the debate carried on chiefly by the democrats, and will probably take occasion to answer a number of contentions they have made. He paid special attention to Senator Turner and will answer some of the points of the Washington man.

PUBLIC SCHOOLS HAVE ENROLLED 812 PUPILS.

Average Daily Attendance for 19 Rooms is 40 Each—Another Teacher.

E. B. Conklin, principal of the Pendleton public schools, states to the East Oregonian that the total enrollment this year is 821, and that the average attendance for 19 rooms is 40.

These school pupils, taken with those attending the Pendleton Academy and St. Joseph's Academy, give Pendleton a total school enrollment this year of more than 1200.

To the public school faculty of teachers has been added Miss Collison, of Jasper, Or., who takes Miss Parrott's room in the Assembly hall. Principal Conklin renews the request made at the beginning of the year that parents send their children who are to begin school to the room in the Field building, on West Alta street. Cold weather kept down the enrollment of new pupils at this room, and it is much desired by Mr. Conklin that the children, who are coming this winter to school as beginners be sent at once to report to the Field building beginners' room.

HAS PASTRICK LYONS ANY RELATIVES HERE?

Was Smashed in Railroad Accident at Kalispel and Lies Unconscious.

The East Oregonian is in receipt of a letter from P. Maher, written in Starbuck, Wash., requesting that inquiries be instituted as to the whereabouts of any relatives of Patrick Lyons, who was injured in a railway accident at Kalispel, Mont., and who, so Mr. Maher says, has been unconscious since the accident. He desires that those who know about Lyons' relatives write to Mr. Maher at Starbuck.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no trouble, and when one can go to eating mince pie, cheese candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. Tallman & Co. and Brock & McComas Co.
