ANOTHER FEAST GIVEN IN CHINATOWN.

Wyen Chung, Merchant, Presides Over a Table Groaning With Luxuries.

Another feast in Chinatown! Drs. Cole and Vincent, Marshal Heathman and Joe Parkos were invited to the place of Wyen Chung, the Chinese merchant on Alta street, where they partook of another grand feast last night. These gentlemen are favorites of the Celestials of Pendleton and never are they slighted when there is an extra function on in Chinatown. The warm and large-hearted merchant of the pig tails killed the fatted calf and did himself proud in entertaining their white guests last night, and the memory of the occasion will be fresh with the guests as long as they remain on this terrestrial globe.

"It was the greatest feed I ever sat down to," said one of the gentlemen in whose honor the dinner was prepared, "and I shall remember it as long as I live, if that is until I am as old as Methuselah. We had chicken, beef, oysters, clams, jelly fish, and many other dishes of the very rarest and most toothsome varieties. The courses were many and we spent one hour in feasting and having a good time. Wine flowed freely and when we were ready to go home I could not help but have a kind of feeling toward Wyen Chung, our host."

CRIMINAL CASES.

Charley Moy and Driscoll Convicted on Wednesday.

Two criminal cases were ground out in the district court for Umatilla county Wednesday.

The first one was that of Charles Moy, the Chinaman, who was up for having been caught in Hobbs's bakery. The case was taken up yesterday morning and went to the jury in the afternoon. The evidence was such that it only took the jury about 10 minutes to find Mr. Celestial guilty and Judge Ellis set Friday forenoon when sentence will be passed.

The other case was that of Ben Driscoll, colored, who was acquitted by the jury at the regular January term of court for taking a grip belonging to William Maher, conductor on the O. R. & N., and was again arrested charged with taking the grip and a suit of clothes belonging to the Pullman car conductor, the things being taken out of the car while stopped at the O. R. & N. depot a few months ago. The evidence in the first case was not sufficient that the jury saw fit to convict, but the prosecution made a special effort to introduce new

evidence at the trial yesterday and he was found guilty after about an hour's deliberation. He will also receive his sentence Friday. Friday is also set by the judge when he will deal out the punishment he deems equal to the crime of Senator Mitchell, who was found guilty Monday night of horse-stealing.

Meets at Battle Creek.

Battle Creek, Mich., Feb. 13.—This city is entertaining the largest convention ever held of the Young Men's Christian Association of Michigan. The sessions begun today and will continue through Sunday. The central theme of the meeting is "The Personal Winning of Men," and on this general subject and its various phases addresses are to be delivered by prominent Christian workers from various parts of the country and Canada. Some of the speakers to be heard are Rev. Elmore Harris, D. D., principal of the Bible Training school of Toronto; C. S. Ward, of Chicago, field secretary of the national committee; John F. Moore, of New York, railroad secretary of the national committee, and A. D. Williams, of New York, interurban college secretary.

A big deal in land in Adams county has just been consummated. Thomas Durrey sells to the Walla Walla Livestock company 9000 acres of land on Cow creek. The tract is 14 miles westerly of Ritzville. It is all under a wire fence and is sub-divided into 12 pastures. With the land go all the stock, about 300 head of cattle and horses, with 700 tons of hay. It is the intention of the company to put 500 head of cows on the place as soon as possible and to raise cattle on an extensive scale.

Thomas Edison has taken out nearly 800 patents on his inventions.

BIKE ATTACHMENT

A NEW STYLE OF RAILROAD BICYCLE.

W. H. Sayer Has a Patent on His Invention.

W. H. Sayer, who was in Pendleton from Adams, has just received a patent on a new bicycle attachment for riding on railroads. Mr. Sayer's attachment is something different to anything in this line that has ever been put out, and he is confident that it will prove a boon to people who wish to travel on the railroads with their own locomotive power. His attachment has bars running from the frame of the bike that are just the length of the width of the track and instead of having a grooved wheel to straddle the opposite rail from the one the bicyclist rides on, like most of the former inventions, it has a tired wheel only about a foot across that sets on top of the rail and the only thing that holds the wheel in place is bars from the axle of each wheel that run down on either side of the rail and Mr. Sayer claims that this is a much safer contrivance than the older patents as it is impossible for the wheel to jump the track with his attachments.

He also stated that the road along the Wild Horse creek between here and Adams, is in a very bad condition, the creek having gradually washed off the bank and cut into the road until it is impossible for two rigs to pass each other for quite a distance.

"THE ELEVENTH HOUR."

A Lincoln J. Carter Play to be Here Next Thursday.

"The Eleventh Hour" will open at the Frazer on February 21. This is the new play by Lincoln J. Carter and is justly considered by many to be his best. The scenes of "The Eleventh Hour" are taken from the vicinity of Chicago and are full of heart interest. Clean, plenty of action, keeping the audience spell bound, while story of how right is compensated, and wrong brought to justice is unfolded. During the third act, the working of the block system is shown just as used on all railroads. The last act shows the drawing room of one of Chicago's multimillionaires, reproduced from photographs of the original. It is in this act that the terrific struggle for life occurs. While the two men strive for mastery they break, smash and seemingly destroy all the beautiful furniture, bric-a-brac and furnishings. It is certainly very exciting, holding the interest from the rise of the curtain until it falls. "The Eleventh Hour" will be presented by a strong company which includes Chas. A. (Karl) Gardner the favorite German dialect comedian who during the action of the piece sings his old favorites, "The Lilacs" and "Apple Blossoms."

RING WORM AND DANDRUF.

They Are Each Caused by a Pestiferous Germ.

Ring worm and dandruff are somewhat similar in their origin; each is caused by a parasite. The germ that causes dandruff digs to the root of the hair, and saps its vitality, causing falling hair, and, finally, baldness. Without dandruff there would never be baldness, and to cure dandruff it is necessary to kill the germ. There has been no hair preparation that would do this until the discovery of Newbro's Herpicide, which positively kills the dandruff germ, allays itching instantly and makes hair glossy and soft as silk. At all druggists. Take no substitutes. There is nothing "just as good."

This would be a much more peaceful world if the grown up people as well as children would be seen and not heard.

\$112,500 for a Prescription

The largest sum ever paid for a prescription changed hands in San Francisco August 20, 1901. The transfer involved in coin and stock \$112,500 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases. They commenced the careful investigation of the specific November 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to August 27, eighty seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address JOHN J. Cuticura SOAP

For Sanative Uses.

Its remarkable, emollient, cleansing, and purifying properties, derived from CUTICURA, the great skin cure, warrant the use of CUTICURA SOAP, in the form of baths for annoying irritations, inflammations, and chafings, for too free or offensive perspiration, and also in the form of internal washes and solutions for ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves to women, and especially to mothers. The use of CUTICURA Ointment with CUTICURA SOAP will suggest itself in the severer cases.

Sold throughout the world. FORSTER D. AND C. CO., Props., Boston. CUTICURA SOAP BOOK, free to Women.
