INJUNCTION CASES

AMENDED COMPLAINTS
BY HEATHMAN AND BEAM.

Concede Hailey is Mayor, Also John-
son and Wells Councilmen, Claim
Clopton and Dickson are Not.

An amended complaint was filed to-
day by Stillman & Pierce, represent-
ing John Heathman, city marshal, and
also one for John E. Beam, as city re-
corder, in which it is set forth:

That T. G. Hailey is de facto mayor
of Pendleton.
That F. B. Clopton and J. R. Dickson
are not de jure (legally) members of
the common council of Pendleton.

That H. F. Johnson and T. B. Wells
are de jure members of the city coun-
cil.

That the city operates legally only
under the special law enacted at the
session of the legislative assembly of
1898, and that it is the only charter
legally in force. This in effect denies
the legality of the amendment adopted
at the last session of the legislature,
which provided changes in the manner
of choosing marshal and recorder,
making them appointive and not elec-
tive by the popular vote of the citizens.

The complaint prays for a restrain-
ing order from the court, inhibiting
the mayor and the four councilmen—
Clopton, Johnson, Wells, Dickson—
who supported the mayor in the recent
controversies, from interfering with
Marshal Heathman or Recorder Beam,
by securing or endeavoring to secure
the incumbency of William Lane as
marshal, or L. G. Frazier as recorder,
from swearing those men in as offi-
cials of the city, in an effort to make
them successors to Heathman and
Beam.

The amended complaint alleges that
William Lane is insolvent, and there-
fore unable to respond in damages to
Heathman in the premises.

The defense filed a demurrer which
sets forth that the complaint as
amended does not state facts sufficient
to constitute a cause for suit, and de-
nying the jurisdiction of the court as
to the subject matter involved. The
demurrer is for all defendants excepting
Lane.

SCHORR REPAIRED

RIVERSIDE WASHOUT.

Returns to Pendleton to Look After
Bridge Matters.

George F. Schorr, contractor for the
W. & C. R. Railroad Company, return-
ed Monday evening to Pendleton. He
has been in Riverside, where he re-
paired some washout damages caused
several days ago by the high waters in
the Touchet. He was compelled to
give his attention to the repair work
for the time, owing to its urgent na-
ture, and came here to look after mat-
ters pertaining to the construction of
the concrete work for the new steel
bridge the company is to erect in East
Pendleton. Mr. Schorr finds the water
is yet high enough to cause inconve-
nience in prosecuting the work. The
bridge, however, is to be up as soon
as it is possible to build it, and all
damage by the recent freshet in the
Umatilla river will be made good be-
fore long.

The W. & C. R. work train arrived
this morning with their large steam
shovel and will at once begin filling in
the approaches to the new steel
bridge. The approaches will be filled
up level with the track on either side
up to the edge of the water, similar
to the way the O. R. & N. has done its
track along side of the W. & C. R.

RIGHT LEG BONE BROKEN.

W. H. Nebergall Has Accident at Saxe
Station.

W. H. Nebergall had the misfortune
to fracture the bone of his right leg
below the knee about 9 o'clock this
morning at Saxe Station, a few miles
northwest of here. He had gone out
to the station and met Mr. McCorm-
mach, with his team and buggy, who
was going to take him into the coun-
try. Mr. Nebergall was standing by
the rig holding the team when they
became fractious and began rearing.
One of them came down across the
longue of the buggy, breaking it, and
then they started to run, pulling the
buggy against his leg with the above
result. The horses then ran away and
completely demolished the rig. The
injured man was brought to town and
Dr. Smith reduced the fracture.

WILL CROZIER HAS

SOME GOOD WORDS.

Manila Paper Speaks of Former Pen-
dleton Newspaper Man in Compli-
ment.

Will Crozier, who went to the Phil-
ippines with the volunteers for the
Spanish war, now has a fine position
on the Manila American, one of the
principal papers of the Philippine cap-
ital. He is business manager, and is
thus mentioned by the Manila Critic,
a weekly publication:

"William Crozier, business manager
of the American, is one of the most
enterprising young business men of
Manila. He is making an excellent
record on the American."

Mr. Crozier was employed on the
Tribune in Pendleton as an advertis-
ing man, and has a number of friends
here. He has made the most of his
opportunities in the far East. The

American is a morning paper, and rep-
resents heavy influence throughout the
islands.

FIRST NATIONAL BANK CASE HEARD TODAY.

Question of Sale of Bank Stock for De-
linquent Taxes Argued in Court.

The district court has been busy to-
day on the case of the stockholders of
the First National Bank of Pendleton
vs. William Blakley, as sheriff of Uma-
tilla county, and Umatilla county, in
which the plaintiffs secured an in-
junction on Sheriff Blakley restraining
him from levying on and selling their
stock in the corporation for back taxes
that were allowed to become delin-
quent. Judge Balleray is arguing the
case for the county, and Carter & Ra-
ley represent the plaintiffs.

After living with her for over 20
years, Samuel J. Christner asks that
the court grant him a divorce from
his wife, Elizabeth Christner, because
he alleges that she wilfully and with-
out cause deserted and refuses to live
with him. They were married in Indi-
ana and have four children, the eldest
23, and the youngest 17. Peter West
is attorney for plaintiff.

WHERE MARRIAGE IS A LOTTERY.

The Chinese Girl Knows Nothing of
Her Husband Until She is Actually
Wedded to Him.

"Marriage is truly a lottery to the
Chinese girl, for she knows not what
she is getting until she is actually
married," writes Sui Sin Far, in the
Ladies' Home Journal for January.
"Sometimes it is a kind, good hus-
band, an amiable mother-in-law, and
much comfort; sometimes it is a ty-
rant, a mother-in-law who is eternally
scolding, and a life that is a weariness
to both flesh and spirit. The cere-
monies of betrothal and marriage cause
much trouble and anxiety. The young
man's family begin the negotiations.
They engage a go-between to call on
the girl's family and tender a propo-
sal of marriage. If the young man is
considered eligible by the girl's pa-
rents, they consult a fortune-teller,
who decides whether the betrothal
would be proper. If his decision is fa-
vorable, the go-between is given a card
on which is marked the hour, day,
month and year when the girl was
born. This is delivered to the young
man's family, who, in their turn, con-
sult a fortune teller. If he also pro-
nounces favorably, a festival is held
by both families, the betrothal con-
tract is signed, and the bridegroom
makes a present to the bride of a
pair of bracelets, but neither he nor
she is present. The betrothal, how-
ever, is not considered binding until a
pasteboard card has been inter-
changed by the families. The bride-
groom's family provide two of these
cards, one having a gilt dragon on its
face, the other a gilt phoenix. The
phoenix card is retained by the young
man's family as evidence of his en-
gagement, while the dragon card is
kept by the girl's family. The betroth-
al is then complete."

Saved Him From Torture.

There is no more agonizing trouble
than piles. The constant itching and
burning make life intolerable. No pos-
ition is comfortable. The torture is
unending. DeWitt's Witch Hazel
Salve cures piles at once. For skin
disease, cuts, burns, bruises, all kinds
of wounds, it is unequalled. J. S. Ger-
all, St. Paul, Ark., says: "From 1862
I suffered with the protruding, bleed-
ing piles and could find nothing to
help me until I used DeWitt's Witch
Hazel Salve. A few boxes completely
cured me." Beware of counterfeits.

\$112,500 for a Prescription

The largest sum ever paid for a prescription
changed hands in San Francisco August 20,
1901. The transfer involved in coin and stock
\$112,500 and was paid by a party of business
men for a specific for Bright's Disease and In-
fluenza, hitherto incurable diseases.

They commenced the careful investigation of
the specific November 15, 1900. They inter-
viewed scores of the cured and tried it out on
its merits by putting over three dozen cases
on the treatment and watching them. They
also got physicians to name chronic, incurable
cases, and administered it with the physicians
for judges. Up to August 27, eighty seven per
cent of the test cases were either well or
progressing favorably.

There being but thirteen per cent of failures,
the parties were satisfied and closed the trans-
action. The proceedings of the investigating
committee and the clinical reports of the test
cases were published and will be mailed free
on application. Address JOHN J. FOURQX COM-
PANY, 420 Montgomery St., San Francisco, Cal.
