## WOULD PAY LESS

### CASE OF THE STOCKHOLDERS OF FIRST NATIONAL BANK.

Were Assessed at \$350 per Share of \$100 Par Value—Demand Reduction to \$76.84.

Most of the day yesterday was taken up by Judge Ellis, who is finishing up the January term of the district court of Umatilla county, in hearing the evidence in the case of the stockholders of the First National Bank of Pendleton, a corporation, William Blakley, as sheriff of Umatilla county, State of Oregon, and Umatilla county, in which the plaintiffs filed an injunction against the sheriff to prevent him from levying on and selling shares of some of the stockholders in the corporation for 1899 taxes, which had become delinquent because the owners had refused to pay what they thought was an unfair rate of tax. The history of the case and the allegations in substance are:

On March 1, 1899, the First National Bank of Pendleton, beside its other property, had 700 shares of stock valued at \$100 per share. This stock was owned by residents of the country, some of whom live in Walla Walla and some in Portland. C. B. Wade, cashier of the bank, furnished Assessor Buzan with the names of all the stockholders with the amount of stock of each, and Levi Ankeny, Allen Reynolds, W. F. Matlock, J. S. McLean, A. Schwabacher, Bell Schwabacher, H. F. Johnson and Henry Reynolds allege that the assessor fixed the value of their stock at \$250 per share, and when the board of equalization, consisting of County Judge Hartman, County Clerk Chamberlain and County Assessor Buzan, met in September, 1899, they raised the value of the stocks to \$350 per share, without giving any notice whatever to the plaintiffs, and that after the assessed value of the real estate and other property was deducted, it only left them actually worth \$70 per share, and according to the assessed value of other bank stock in the county, this was a good value to put on the stock, and that the assessor and board of equalization adopted a system of valuation designed to operate unequally upon different classes of property similarly situated whereby all the shares of the First National Bank were assessed at a greater rate than other moved capital, and that other capital was allowed 40 per cent of all money in the county and the plaintiffs should have the same treatment. Because the county court issued instructions to the sheriff to file a lien on all the stocks of said plaintiffs and sell them at public sale, they pray the court to enjoin him from doing so and to make the injunction perpetual and that the county be forced to accept taxes on the plaintiffs' shares of stock at the assessed value of \$76.84, which was offered the county, and in the amount equal to the assessments of other capital in the county.

The argument of the attorneys was finished last night and Judge Ellis has the matter under advisement.

**Tharp Case Postponed.**  
The second case of the state of Oregon vs. John Tharp, accused of perjury, which was to have come up today for preliminary in Judge Fitz Gerald's court, has again been postponed because the defendant was not ready for trial. It is set for 10 o'clock tomorrow.

**Richter vs. Means.**  
The civil case of Richter vs. Means, where Mr. Richter filed a lien on Mr. Means' house for \$29 alleged to be due for carpenter work, was tried yesterday and the evidence heard, but the judge has not given his decision, having taken it under advisement.

**THE WOODMEN GIVE  
A SUCCESSFUL DANCE.**  
Music Hall Crowded With a Merry Company—Camp's Big Meeting.

As predicted, the party given last night by the local camp, Woodmen of the World, was a marked social success. The ball-room was almost overcrowded with one of the happiest lot of dancers that ever gathered in the city.

Pendleton camp met early and rushed their business through. In order to go over to the party in a body. During the session the camp room was literally packed with enthusiastic "choppers." Like the previous evening, when the Women of Woodcraft met, two lines of extra seats had to be brought in in order to accommodate the neighbors.

Four candidates were initiated and 14 applications received. Never has this order been in such a flourishing condition as at present, and if the enthusiasm which was manifest last night is any criterion, then indeed will the gathering of 220 candidates as Pendleton's contribution to the great 1144 initiation be an easy task.

The prize committee, consisting of Neighbors Leon Cohen, L. W. Held and C. J. Greulich, has issued a bulletin to all members of Pendleton camp, setting forth a list of \$200 worth of prizes which will be distributed among the members for taking applications. They range in value from a solid gold watch to a rolled-

gold stump button. The former is a first prize and the latter a special reward to every member taking an accepted application.

The circular facetiously concludes with the remark that there are "no blanks in Pendleton camp."

Tonight there will be a joint meeting of the committees of Daphne Circle and Pendleton camp at the offices of Mrs. C. C. Van Orsdall. A pleasant surprise is promised for the circle's committee.

### KNIGHTS PYTHIAS ARE CELEBRATING

Thirty-Eighth Anniversary of Establishment of the Order by Justine Rathbone.

Chicago, Feb. 19.—Members of the Knights of Pythias throughout the land are today celebrating the thirty-eighth anniversary of their order. They believe they have good cause for jubilation in the rapid growth and flourishing condition of their order throughout the country. Since it was founded by Justine H. Rathbone, in Washington, D. C., less than four decades ago the Knights of Pythias have spread to every state and territory of the Union, to Alaska, Cuba, the Hawaiian Islands, Mexico and the Province of Quebec. The membership has passed the half-million mark and the percentage of gains shows no signs of decrease. Ohio, Illinois, Indiana, Iowa, Pennsylvania, New York and Missouri lead the roll, with California, Kansas, Colorado, Florida, Minnesota, Nebraska, Oregon, Texas and Wisconsin following close behind. The present supreme chancellor of the order is Ogden Feathers of Wisconsin, who will hold office until his successor is chosen at the next meeting of the supreme lodge, which is to be held in San Francisco next August.

### Were Hungry and Surrendered.

Manila, Feb. 19.—A Filipino band, consisting of 98 men and 8 officers, surrendered in Batangas province yesterday. They turned in 66 rifles. Hunger made them surrender.

### SOFTNESS OF SEALSKINS.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide.

The enormity of our salmon output has played havoc with the British fisheries, for in Canada the law does not permit the use of traps. In Washington and Oregon traps are used, so that the American fisheries are able to furnish salmon to the Canadian canneries for 2 to 3 cents a fish where the canneries used to pay the Canadians from 10 to 15 cents.
