BASEBALL MEETING

STOCKHOLDERS IN ASSOCIATION ELECT OFFICERS

Lee Cohen Will be Treasurer and Manager, W. E. Brock, President; M. A. Rader, Vice-President; Geo. Hartman for Secretary.

The first meeting of the stockholders of the Pendleton Baseball Association was held in the city hall on Monday evening, the meeting being by the consent of all the stockholders in the corporation. Although there has been several other meetings held by the baseball enthusiasts during the past few weeks, the one last night was the most enthusiastic of any of them, and from the tenor of all present, it is evident that Pendleton does not intend to be left out in the cold, or outdone by any of her neighbor towns when it comes to promoting outdoor sports, and especially baseball.

The meeting was called to order a few minutes after 7:30 o'clock, and W. F. Matlock elected temporary chairman. The corporation was permanently organized and officers elected as follows: W. E. Brock, president; M. A. Rader, vice-president; Geo. Hartman, Jr., secretary; Leon Cohen, treasurer and manager; Leon Cohen, W. E. Brock, Lee Teutsch, M. A. Rader and Geo. Hartman, Jr., were elected directors. After the election, by-laws were adopted and then the discussion turned toward players. The association has several good players in view and are going to make an effort to book all their best men just as fast as possible. The only man who has been secured up to date, having signed a contract to play with the Pendleton nine, is Chas. W. Ziegler, who played last season with the Seattle team in the Northwestern league. Mr. Ziegler is classed as one of the best players in the northwest and is a man who thoroughly understands the ins and outs of the game. In speaking of him and his playing he is classed as a "cracker-jack" by those who have seen him on the field. He is to take charge of the local team as coach and captain. He will also take a hand at the bat and in the field. Pendleton is very lucky in securing the services of Mr. Ziegler, as he is able to command the highest wages in the large league teams and the only thing that made it possible to get him here is because he wants to quit the professional field and contemplate coming here to locate and practice law. Mr. Ziegler will arrive about the 3d of March and then work on the diamond will begin in earnest and the team will be selected for the season.

The association has most of the stock subscribed, but there is a little left and all the enthusiasts will be given an opportunity to put their names down for the amount they want. One thing that the association wants the subscribers to understand is that the stock in the association is non-assessable and those who subscribe will not have to pay for their stock at once, but as the money is needed to pay expenses. When the treasurer needs funds to meet any expense that is in view he will draw on each subscriber pro rata according to the amount of stock. So that if a man has subscribed for \$50 worth of stock he will only have to pay his part of the amount needed at that time. This plan will be kept up when funds are needed until the full amount subscribed is paid for.

Sues the N. W. Warehouse Co.

J. M. Walker has filed suit against the Northwestern Warehouse Company to recover \$711.89, alleged to be due for grain stored in the Athena Flouring Mill Company's warehouses at Athena, which has not been paid for. Plaintiff also asks the court to award him the further sum of \$1264.20 special damages, for money and time he has been out in going to Tacoma, where the headquarters of the company is situated, and other incidental expenses and time he has lost in trying to recover his wheat or the money therefor. James A. Fee is attorney for plaintiff.

Court Notes.

Monday afternoon Judge Ellis granted the decree for divorce in the case of Lizzie Stine Richle vs. Chas. William Richle, and taxed the costs of the suit to the defendant.

Through her attorney, H. E. Collier, Dora Waters has filed suit against F. A. Waters, asking the court to grant her a divorce on the grounds of desertion. She also asks the custody of their two minor children, and judgment against defendant for costs and disbursements of the action.

Hog Cholera Remedy.

Frank Spike's hog cholera remedy will, if used, prevent hogs from taking the disease and will cure hogs after they are attacked with it. If used according to directions. Frank Spike, Echo, Oregon.

Congress of Mothers.

Washington, Feb. 25.—The sixth annual meeting of the National Congress of Mothers meets in the First Baptist church this evening for a week's session. More than 500 delegates have arrived and entertainment

is provided for 1,000. The president is Mrs. Theodore W. Birney, who founded the congress at Chautauqua, in 1895. Since then the idea has spread until now there are organizations in nearly a score of states. The chief purpose of the organization is to create a more enlightened parent-hood.

Passing of the Cable Car.

A few years ago the cable system of street car propulsion was considered decidedly the best, but since the invention of the trolley system the cable is being rapidly replaced and many experts now claim that compressed air will eventually be the street car power of the future. In all lines of industry we see improvements being made, but in medicine there is one remedy that is impossible to improve upon, and that is Hostetter's Stomach Bitters. It will not fail to cure dyspepsia, indigestion, sour stomach, constipation, liver and kidney troubles, or malaria, fever and ague. Take it at the first symptoms of any of these diseases and it will give prompt relief. Be sure to get the genuine.

Victor Hugo Centenary.

Paris, Feb. 25.—Celebration of the 100th anniversary of the birth of Victor Hugo were commenced today in Paris, Lyons and numerous other cities of the republic, where largely attended meetings of journalists, artists, politicians and others were held in commemoration of the event. Tomorrow is to be the big day of the celebration in the capital, when the president and other men of note will attend exercises in the Pantheon, to be followed by the unveiling of a Victor Hugo monument in the Square des Vosges.

Polygamy Comes Up Again.

Washington, Feb. 25.—In response to many petitions and letters urging action on the house committee on judiciary today commenced a hearing on the proposed amendment to the constitution providing for stronger federal restriction of polygamy. The committee has before it a report prepared by the Ministerial Alliance of Salt Lake declaring that polygamy is still practiced and taught by the Mormons and that the church authorities continue to teach and insist upon the righteousness of the practice.

Real Estate Transfers.

The following real estate transfers were recorded at the court house yesterday:

From Henry T. Hill to I. N. Sones, 318 29-100 acres beside lots 1 and 2, in section 20, township 5, north of range 32. Consideration, \$4750.

George Dehaven et ux, to Joseph D. Perry, southeast quarter of the southeast quarter of section 21, township 6, north of range 35. Consideration \$1200.

New Form of Church Social.

Three thousand dollars is the sum which the women of a Chicago church have pledged to raise through a novel form of entertainment. The money is wanted for the church building fund. The entertainment is to be an imaginary trip to six of the most important cities of the world. In its details the entertainment is going to be something like a progressive dinner party. The members of the church and their friends are to eat Boston baked beans at Boston, drink tea at Tokio, devour pretzels at Berlin, munch Scotch cakes at Edinburgh, partake of salads and wafers in Paris, and finish the meal at Washington. Five of the six cities will be located for the evening at the residences of members of the church, who will, in so far as it is possible, transform the interior of their homes and make them typical of the places which they represent. The costumes, music and refreshments will be in keeping with the surroundings.
