GENERAL NEWS

The proposed change of the rural free delivery system to the contract basis has been embodied in a special bill ordered reported by the house committee on postoffices and postroads.

George Primrose, the minstrel, says he is to retire from the stage. He has said so himself, and while many actors have made the same assertion, together with numerous "farewell" tours, Primrose seemed to be most earnest in his declaration.

One of the heaviest southwest storms that has been experienced in many years, struck San Francisco Tuesday. The wind attained great velocity, blowing 45 miles an hour in the city, while at Point Reyes it reached 60 miles at 7:30 o'clock.

Joseph Wilfrid Blondin, who was accused of the murder of his wife near Boston last June, by cutting off her head, was arrested at police headquarters in New York. He had gone to headquarters to take an examination for an engineers' license.

Robert C. Pierson, ex-postmaster at Louisville, Ill., pleaded guilty in the federal court at Springfield, to embezzling postoffice funds, and was sentenced to two years at the Chester penitentiary and to pay a fine of \$3,440. The amount embezzled was \$1,200.

The Cole excise tax bill passed the lower house of the Ohio legislature and favorable action is expected in the senate. The bill provides for the levying of a tax of 1 per cent upon the gross annual receipts of electric light, gas, natural gas, pipe line, water works, street railway, messenger, signal, telegraph, telephone, express or union depot companies doing business in Ohio.

PACIFIC NORTHWEST NEWS

Hops are being contracted for in the Willamette valley at 14 cents per pound.

An excelsior factory is to be started at Harrisburg, Linn county, on a bonus of \$400.

A new home for St. Luke's hospital is to be provided at Spokane, a fund of \$25,000 being raised for that purpose.

A. D. Hendrick, formerly a school teacher at Wallula and for many years a resident of Walla Walla, died at Phoenix, Arizona, February 29.

Mr. and Mrs. Walker Young, two of Lane county's honored pioneers, celebrated their golden wedding Saturday at their home north of Eugene.

The army headquarters of the Department of the Columbia will stay at Vancouver. Authentic information to this effect was read at a meeting of the trustees of the chamber of commerce in Portland Tuesday.

Police Sergeant O. P. Church, city jailer James H. Roberts and Patrolman Edward T. Caffee, who took part in the fight in which Henry C. Albers was beaten into insensibility at the river front fire Sunday, were suspended from duty in Portland by Chief of Police McLaughlin.

Martin Moore, Eugene Bangs, D. R. Mann and J. W. Edwards were the names of four men burned to death in the Standard boarding house fire, at Mace, Idaho, Monday night. Many others were injured in jumping from the building. The fire started at 2 o'clock in the morning. The property loss was \$17,000.

Bucklin's Arnica Salve.

The best and most famous compound in the world to conquer aches and kill pains. Cures Cuts, heals Burns and Bruises, subdues Inflammation, masters Piles. Millions of boxes sold annually. Works wonders in Boils, Ulcers, Felons, Skin Eruptions. It cures or no pay. 25c at Tallman & Co.'s drug store.

RAILROAD WORK FINISHED.

Speculation as to What the Company Will Undertake Next.

Dayton, Feb. 27.—The crew of Japs now at work laying the track from Dayton to Turner, the present terminus of the O. & N. branch into the Covello wheat belt, will finish their work in a few days and it will only be a short time until the road will be ready for traffic. Dayton people are again speculating as to what will become of the late agitated move to build the Turner-Delaney cut-off, which has been surveyed from that place to tap the Pomeroy branch and place Dayton on the main line. It is rumored that this is to be the next scene of operation on the part of the railroad company in this section. This rumor is strengthened by the report from Lewiston that the Harriman system is planning to place in operation a line from that place to Starbuck. Another element of confirmation is lent to the talk by the fact that Captain Wandor, superintendent of construction for the Oregon Railroad & Navigation Company, has been in Dayton some time, and it is unusual for so high a construction official to follow a gang of Japs when they are only working on a spur and laying sidetracks.

Saved her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, O. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for Consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for Coughs, Colds and all lung diseases. Tallman & Co. guarantee satisfaction. 50c, \$1.00. Trial bottles free.

POSTAL CERTIFICATES.

A Spokane Idea to Make Convenient Remittances Through the Mails.

A story has been published in a Walla Walla paper to the effect that a movement is on foot, which was inaugurated in Spokane, for a new postal regulation which will save the sending of postage stamps through the mails. It calls for the establishing of a certificate system, each certificate not to exceed \$1 in value, these to be purchased at the stamp window of the postoffice. They will be directed to persons to whom it is the desire of the purchaser to send stamps and none other will be able to secure the money on them. When presented at any postoffice in the United States either stamps or coin may be secured for them. No additional charge will be made for issuing these certificates and they are to be for the purpose of avoiding the necessity of sending stamps through the mails as well as affording a cheaper means than the postal money order or registered letter, of transporting small amounts. It is believed they would greatly increase the mail order business.

The scheme is not viewed with favor at the local office here and when Assistant Postmaster Bateson was asked if he had heard of such a move he replied that he had not and said he did not think the proposition even a feasible one.

EVERYBODY DELIGHTED.

Newbro's Herpicide Destroys the Dandruff Germ Permanently and Cures Baldness.

Quinine and rum and a whole lot of other things are pleasant to rub on the scalp after washing it free of dandruff, but no one preparation of the general run cures dandruff and falling hair. It is necessary to kill that germ to be permanently cured of dandruff, and to stop falling hair. Newbro's Herpicide will positively destroy that germ, so that there can be no more dandruff, and so that the hair will grow luxuriantly. "Destroy the cause and you remove the effect."

PEEBLER VS. YATES.

The Treasuryship Contest Will Come to Trial Next Week.

The election contest case of Geo. D. Peebler against S. K. Yates, whereby plaintiff contests the election of defendant to the office of county treasurer in the June election of 1900, is expected to come up for trial next week, and a new count of ballots ordered. The suit was brought on the grounds that the count of the election board was not correct and that Mr. Yates was elected over Mr. Peebler by a majority of 141, instead of Mr. Yates getting 7, the plurality, as was made out by the official count. The suit was filed immediately after the election and has been in court ever since without any definite action being taken. The allegations are: That in June, 1900, 1410 votes were cast for plaintiff against 1279 for defendant and that the election board, consisting of the county clerk, Joe H. Parkes, and Geo. P. Rosenberg, canvassed the votes and found that plaintiff had only 1241 and defendant 1348 making the latter a majority of 7 votes and they, therefore, declared it an official canvass and on their count the certificate of election was delivered to defendant. Plaintiff also claims that the votes of several precincts were erroneously counted for defendant, when they were cast for plaintiff and in several precincts divers persons voted that were not entitled to such a vote. Mr. Peebler, therefore, prays for a recount of the ballots to determine whether it was he or Mr. Yates that was lawfully elected to fill the office of county treasurer.

Passing of the Cable Car.

A few years ago the cable system of street car propulsion was considered decidedly the best, but, since the invention of the trolley system the cable is being rapidly replaced and many experts now claim that compressed air will eventually be the street car power of the future. In all lines of industry we see improvements being made, but in medicine there is one remedy that is impossible to improve upon, and that is Hostetter's Stomach Bitters. It will not fail to cure dyspepsia, indigestion, sour stomach, constipation, liver and kidney troubles, or malaria, fever and ague. Take it at the first symptoms of any of these diseases and it will give prompt relief. Be sure to get the genuine.

SHEEP FOR CHICAGO.

Boylan and Clark to Ship Thirteen Car Loads to that Market.

Boylan & Clark will ship 13 carloads of sheep to Chicago, on Saturday, March 1, over the O. R. & N. railroad. The sheep are about evenly divided ewes and wethers. The cars in which these animals will be shipped are double deckers, and each car will carry 210 of them. There will, consequently be about 3460 sheep in the shipment. They have been on the feed lots during the winter and are ready for the chopping block.

Levi Smithfield, lead lawyer for Karsten Brothers, of Seattle, has purchased 500 head of sheep from Pat Dougherty, on Upper Butter creek, and will ship them from Echo on Friday, tomorrow. The animals are fat ewes, in prime condition.

Minister Wu to Mayor Phelan.

Minister Wu met Mayor Phelan of San Francisco at the Waldorf-Astoria a few days ago and proceeded to express his opinion of him. "You are the enemy of your country," he said, "you are hostile to the Chinese. You are trying to keep the Chinamen out of the United States." When the mayor told him that it was necessary to keep coolies out in order to protect American labor Wu agreed with him, but the Oriental diplomat insisted that the mayor desired to go too far, and he warned him that if his plans were carried through China would keep Americans out of that country.

TESLA'S WIRELESS TELEGRAPH.

Expects to Announce Success in Few Months.

Nikola Tesla says that he is nearly ready to make a practical test of his system for wireless telegraphy at long distances. He told a reporter that he expected to make a definite announcement on the subject in three months. In August last, however, he purchased 300 acres of land at Wardencliffe, L. I., and announced that his principal station on this side of the Atlantic would be stationed there. Wardencliffe is on the north shore of Long Island, about sixty miles from New York.

Since the purchase of the land work has been going on rapidly in the construction of buildings. The plant when completed will consist of five or six separate structures. The most interesting building in process of construction at Wardencliffe is the tower from which wireless messages will be sent and received. When completed it will be 216 feet high. The diameter at the base is 100 feet; at the top 80 feet. It is constructed of wood and iron. The secrets of the inside of the tower are closely guarded. It is known, however, that at the base of the structure there is an entrance to a well 120 feet deep, with a staircase leading down into it.

HAD ONLY TWO BITS.

But he Got in a Twenty-Five Cent Show with Little Trouble.

Four-year-old little Charley Daley was sitting at the opera house entrance Tuesday night, turning over in his mind what a great play "Uncle Tom's Cabin" was. Just as he had decided that it was the "greatest show on earth" there came along a Good Samaritan who dropped a quarter into his little paw. With a look that was the essence of youthful pleasure, but without a word of thanks, the look was worth \$5, he started up the steps on his little short legs, radiant with happiness. He reached a point in front of the box office and he asked in a timid way, "How much for a ticket?" He was told twenty-five cents. He turned away terribly discouraged and tears began to flow, as a boy's tears will. The kindhearted ticket man broke out with: "What is the matter, young man?" And then came back between sobs, "I've only two bits," followed by a boo-hoo! Just the same, the boy went to the show and he is still thinking what a good man that ticket-seller is when he let him see a twenty-five cent show for only "two-bits," and it was such a fine show, too! Charley Daley enjoyed it more than any person there.

How's This?

We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.
F. J. CHENEY & CO., Props., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.
W. S. & TRUAX
Wholesale Druggists, Toledo, Ohio.

Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system. Price 75c. per bottle. Sold by all druggists. Testimonials free.
Hall's Family Pills are the best.

BATANGAS CLEARED.

General Bell Has Gained Control for Federals.

General J. Franklin Bell has practically cleared up the insurrection in Batangas Province, the troop under his command having made a clean sweep of the district. It is not believed that all the insurgent arms have been captured or surrendered, but that a number of them have been taken by the insurgents to other provinces or safely hidden. The increase of robber bands in the provinces of Tayabas and Cavite shows the effects of the drastic measures adopted in Batangas and Laguna provinces.

General Bell says the people of the latter provinces never realized the terrors of war until they personally experienced its hardships, owing to the closing of the ports and the concentration of the natives in the towns and he believes that the insurgent leader Malvar is becoming exceedingly unpopular with the Filipinos and that when the natives cease to fear his vengeance many will be found willing to betray him. What has been said of Batangas province applies almost equally to Laguna.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

When you are
