PRINCE IN CHICAGO

Gracefully Accepts a Present From a 10-Year-Old Miss.

PAYS TRIBUTE TO THE MARTYRED LINCOLN.

to Lincoln Park With Robert Lincoln and Admiral Bob Evans—Sees the Sights of Chicago—Receives Governor Vansant and Staff, of Minnesota.

Chicago, March 4.—Bright, clear skies and a sharp, crisp temperature was the kind of weather in which Prince Henry sees Chicago.

The first thing after breakfast, and pleasing thing to the prince, little Barbara Ozburn, aged 10 years, presented Henry his portrait burned on mahogany, in a most exquisite style of art. The prince chatted gaily with the little woman, complimented the artist and promised to treasure her gift among his most valued possessions, and gave her an autograph album.

Among the places visited by the prince about the city, were Marshall Field's great dry goods house, the Savings Bank, the Rookery office building, the fire insurance patrol headquarters in Monroe street and public library, from where a fire alarm was sent in and the department responded promptly in great form.

When the prince returned to his hotel he received Governor Vansant, of Minnesota, who presented him with a set of resolutions, following the governor made a brief speech, praising the great state of Minnesota. Introductions to Governor Vansant followed.

On the ride to Lincoln Park the prince was accompanied by Admiral Evans and Robert Lincoln. In depositing the wreath at the foot of the statue of Lincoln in the park, Prince Henry said: "I am proud to be able to pay this tribute to the great American who lies here." After shoveling some dirt at the foot of the newly planted tree near the Lincoln monument, the party proceeded to the Germania Club, where at noon an elaborate luncheon was served.

Pays Tribute to Lincoln's Memory.

Chicago, March 4.—Prince Henry and his suite had a busy morning in Chicago this morning. Following breakfast at the Germania club the royal visitor was taken in charge by the entertainment committee and for several hours was whirled about the city in a sightseeing trip to the stock yards, parks and other places of interest. At noon came the most interesting feature of the day, a visit to Lincoln monument a magnificent interest. At noon came the most interesting feature of the day's program—a visit to Lincoln park where the prince laid at the foot of the Lincoln monument a beautiful wreath of flowers as a personal tribute to the memory of the great American emancipator. The prince was accompanied by Robert Todd Lincoln, son of the martyred president. The wreath was a beautiful affair made of laurel leaves and American beauty roses bound with the German colors, red, white and black.

At 2 o'clock the prince and his suite departed for Milwaukee in a special train over the St. Paul road.

Prince's Visit to Milwaukee.

Milwaukee, Wis., March 4.—It is safe to assert that nowhere in America will Prince Henry be more heartily welcomed than in Milwaukee, for in no other city in the western world is the Teutonic element so strong. The royal visitor is scheduled to arrive at the Cream City late this afternoon and will remain six hours. During this brief period there will be a continuous succession of entertainment features, beginning with the reception at the station by Mayor Rose and the citizens' committee. The big feature of the program is to be the banquet at the Pfister, at which covers will be laid for 250, in addition to the members of the prince's party.

Arches have been put up in places which will make an electrically lighted colonnade of Wisconsin street and Grand Avenue, from the Pfister hotel to the Court of Honor at Eleventh street. In addition other magnificent arches have been erected on Eleventh street and on Third street, down which the prince will pass on his way to the Exposition building, where

there is to be a great choral festival by the United Singing clubs.

Prince Enthusiastically Greeted.

Milwaukee, Wis., March 4.—The gorgeous special train bearing Prince Henry and his party arrived at Milwaukee on schedule time this afternoon. It is estimated that 50,000 people crowded about the adjoining streets anxious to get a glimpse of the distinguished visitor. They were an official welcome by Mayor Rose and the citizens' reception committee, after which the visitors were escorted by cavalry and German societies to the exposition building where the afternoon's program was begun.

The scenes of the passing of the royal train between Chicago and Milwaukee was the most enthusiastic ever encountered. The country traversed is largely settled by Germans and it seemed as if every man, woman and child was anxious to pay tribute to the distinguished visitor from the fatherland. Crowds at every way station cheered and waved to the passing train and every farmhouse and cross-roads had a group of eager watchers.

CATTLE GROWERS MEET.

Celebrating the Completion of the Second Year of their Association.

Denver, Colo., March 4.—The American Cattle Growers' association is celebrating the completion of its second year with a convention containing more than 1,000 delegates and twice that number of visitors. The convention opened at 10 o'clock in the Tabor opera house. The big auditorium filled with representative stockmen from Wyoming, California, Washington, Montana, Oregon, Nebraska, Kansas, the Dakotas, Arizona, New Mexico, Texas, Utah, Oklahoma and other states and territories.

After the opening prayer the delegates listened to addresses of welcome delivered by Governor Ornan and Mayor Wright. President S. C. Lusk, in his annual address summarized the aims of the association as follows: To harmonize all differences, to secure uniform laws in all states relating to livestock interests, to urge congress to retaliate upon all nations that assail American meats, to get lower interest rates on live stock paper, to obtain better railroad rates and to otherwise aid in bettering the interests of those engaged in the stock growing industry.

Secretary W. H. Robinson reported that the association has made a gratifying increase in membership and strength during the past twelve months. The appointment of a committee and other business of a routine nature occupied the remainder of the morning session. Tomorrow the discussion of important matters of interest to the stockmen will be commenced and the sessions will probably continue through the week.

One of the most important matters to receive attention at the present convention of the American Cattle Growers' association is the bill introduced in the senate by Senator Milard, of Nebraska, providing for the leasing for grazing purposes of vacant lands.

A bill for this purpose was drawn up by a committee of the association and an effort was made to have it introduced in congress, but before its introduction it was revised without the consent of the cattle growers and in its revised state, so the association asserts, it is practically useless.

Counterfeit Gold.

Few persons know that the gold used in color printing and on pictures frames is made from a composition powder of bronze and spelter, and not from pure gold leaf, but which, however, gives the same effect. There is another article that is very much imitated, and that is Hostetter's Stomach Bitters. Spurious dealers often refill the bottles and thus give them the same appearance as the original, but unless they have our Private Stamp, unbroken over the neck they are not the genuine. Refuse all such imitations. The genuine Hostetter's Stomach Bitters has an unequalled record of cures of stomach complaints back of it, such as dyspepsia, indigestion, constipation, biliousness, nervousness, insomnia and malaria, fever and ague.

DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress.
