THURSDAY, MARCH 6, 1902.

GENERAL NEWS

Santos-Dumont, the aeronaut, is to visit the United States shortly.

John H. Reagan is very ill at his home in Palestine, Texas. There is no hope for his recovery.

The Miggs county court house at Decatur, Tenn., was destroyed by fire Tuesday. It is not known how the fire started.

It is expected that the projected visit to Ireland of King Edward will be abandoned, on account, it is said, of the aggressive action of the United Irish League.

President Roosevelt has given the railroad managers of the entire country to understand that the interstate commerce and the Sherman laws will be enforced to the letter.

Secretary Shaw has received a number of applications from New York bankers asking for permission to deposit gold in the New York sub-treasury and withdraw equal amounts from the sub-treasury in San Francisco. The transfer will involve \$50,000,000.

President Loubet has received an autograph letter from the czar inviting him to visit St. Petersburg, and requesting him to fix the date when he would do so. This letter will be submitted to the cabinet at its next meeting. Loubet will make the journey sometime in May.

In conference with members of congress, President Roosevelt expressed his disapproval of the civil service provision of the bill creating a permanent census bureau, which has passed both houses, and is now before him. The bill extends the provisions of the civil service law to all clerks at present employed in the census office, numbering about 700.

PACIFIC NORTHWEST NEWS

At Eugene, George Vernon was sentenced to three years in the penitentiary for uttering a false check and for obtaining money under false pretenses.

A. B. Campbell and W. J. C. Wakefield, two wealthy mining men in Spokane, have asked for a franchise from that city for a telephone system. They promise to invest \$300,000.

Joseph F. McNaught, in the nineties one of the wealthy men of Seattle, received his final discharge from the bankruptcy court a few days ago. His liabilities were \$151,442.48 and assets nothing.

Thirty-two thousand acres of state land were sold at \$1.25 per acre during February. The sales were principally of land in Eastern Oregon, though a few isolated tracts were sold in Linn county and a number in Josephine, Jackson and Curry counties.

M. Barde has filed suit in Portland against H. C. Albers, for \$25,000 damages, because of alleged libel. It is charged in the complaint that at the time of the fire in the mills of Albers & Schneider Company, Albers told Bard that he set fire to his junk shop to obtain the insurance.

Fred Forgey, aged 13 years, was accidentally killed while gunning in timber near Eugene, Tuesday. He was crossing a stream on a log when he slipped, his gun striking, going off and killing him. Three boys, one named Newman and the Gray boys, were with him.

One who pretends to know, gives the following as the best route to the Thunder Mountains, Idaho: Go to Stites by the Northern Pacific and from there go in by the way of New-some, Elk City, Dixie and Chamberlain Basin. The road is the shortest, being not over 150 miles from Stites to Thunder Mountain, of which 80 miles are over a long-traveled wagon road. Thunder Mountain is itself as high as any point on the road—7600 feet above sea level.

WEIGHING THE MAILS.

Mail Clerks Estimating the Weight of Uncle Sam's Mail Matter Over Rail Lines.

Fourteen hundred and twenty-two pounds of mail matter went out of Pendleton on the east-bound O. R. & N. Wednesday morning. This included the mail which was brought in Tuesday night on the west-bound train that was bound for the Spokane branch, but owing to the lateness of the train and the fact that it would not connect with the through train at Umatilla, it was transferred here and went out on the morning train.

Beginning with the first of March and lasting for 35 days, all mail that goes over the transportation lines will be weighed. This work is being done by the railroad clerks this year, but heretofore it was done by a regular government weigher, who went along with every mail train and kept an accurate record of all the mail passing over each line. In addition to this every sack of mail that is picked up at the stations along the lines is weighed by a man at the station, and so is every sack that is dropped. This is done every four years, and is for the purpose of establishing an average preliminary to letting contracts to the transportation companies for carrying the mail for the ensuing four years. The weighing is to furnish an idea of the number of pounds that goes over the roads as a basis to figure on what the government is to pay.

The same process of weighing is going on with the mail hauled over the W. & C. R. out of Pendleton with the exception that the weighing is being done at the local postoffice instead of on the train.

How's This?
We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Props., Toledo, O. We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions and financially able to carry out all obligations made by their firm.

Wholesale Druggists, Toledo, Ohio.

Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system. Price 75c per bottle. Sold by all druggists. Testimonials free.

Hall's Family Pills are the best.

NARROW ESCAPE OF TRAIN.

Struck a Big Boulder on the Track Going a Mile a Minute.

Engine No. 655 with Engineer Joseph Leaf pulling passenger No. 1, with Conductor Jones going west last Tuesday night met with an accident that might have proven serious and it seems almost miraculous that it did not do so, says the Pocatello Advance.

Near Waucanza, the first station this side of Shoshone, the track goes through a deep cut. The train was making nearly a mile a minute when Engineer Joe Leaf saw a big rock lying directly in front of the engine. He, of course, immediately applied the brakes but the speed of the train had scarcely slackened when the rock was struck. The pilot was smashed to pieces and the engine climbed on top of the rock and rolled probably two lengths ahead before it came to a stop. Fortunately, the engine never left the track and no damage was done except to the pilot which was a complete wreck.

After digging the big boulder from under the engine they proceeded on their way. Just beyond Shoshone they crashed into a lot of cattle, killing 14. The pilot being gone, one of the cows was ground and rolled under the engine and had to be cut from beneath the baggage car.

Engine No. 655 is the same one on which Edward Purtell lost his life a short time ago. No one was injured in either of these accidents.

Lockjaw From Cobwebs.

Cobwebs put on a cut lately gave a woman lockjaw. Millions know that the best thing to put on a cut is Bucklen's Arnica Salve, the infallible healer of wounds, ulcers, sores, skin eruptions, burns, scalds and piles. It cures or no pay. Only 25c at Tallman & Co.'s.

COUNTY COURT.

Counterfeit Gold.	
Few persons know that the gold used in color printing and on pictures frames is made from a composition powder of bronze and spelter, and not from pure gold leaf, but which, however, gives the same effect. There is another article that is very much imitated, and that is Hostetter's Stomach Bitters. Spurious dealers often refill the bottles and thus give them the same appearance as the original, but unless they have our Private Stamp, unbroken over the neck they are not the genuine. Refuse all such imitations. The genuine Hostetter's Stomach Bitters has an unequalled record of cures of stomach complaints back of it, such as dyspepsia, indigestion, constipation, biliousness, nervousness, insomnia and malaria, fever and ague.	
New Residence for Dr. Cole.	
T. F. Howard, the architect, in an advertisement in the East Oregonian, asks for bids for the construction of a new residence, on the handsome site, the corner of Main and Jackson streets, adjoining the residence property of Mayor Halley, for Dr. and Mrs. Cole. The residence will be two story and a basement. Bids will be opened March 18th.	
Joseph Reilly, arrested in Portland for opium smuggling, plead guilty and was fined \$50. His opium was confiscated and it was worth \$450, so Reilly lost over \$500 by his unlawful business.	

HOTEL ARRIVALS.

Would Smash the Club.
If members of the "Hay Fever Association" would use Dr. King's New discovery for Consumption, the club would go to pieces, for it always cures this malady—and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1.00. Trial bottles free at Tallman & Co.'s.

Census Bicycle Report.
The census bureau has issued a preliminary report on bicycles and tricycles, exclusive of repair shops, which shows that the products of the industry increased almost \$30,000,000 between 1890 and 1900. The figures show that in 1900 the number of establishments was 312, the capital \$29,783,659; number wage earners employed, 17,525; total wages paid, \$8,189,817, and total value of products, \$31,915,908.

TO CURE A COLD IN ONE DAY
Take laxative Bromo Quinine Tablets. A 1 druggist refund the money if it fails to cure. F. W. Grove's signature is on each box. 25c.
