Meets a Hearty Reception in  
New York's Capital.

### DRESSES BRIEFLY

THE LEGISLATURE.

ful for the Kindness Shown Him  
the American People—Visits  
st Point Military Academy in  
which He is Greatly Interested.

Albany, N. Y., March 7.—Upon  
Prince Henry's arrival in this city  
this morning he was driven immedi-  
ately to the city hall and from there  
was conducted to the state house,  
where the legislature was in session.  
He made a brief address to the mem-  
bers of the senate, in which he said:  
"I wish to thank you most heartily for  
the kind reception I have met here.  
As one of many acts of kindness  
which I have received during my stay  
in the United States and which I am  
not likely to forget."

From the senate he was taken to  
the lower house of the legislature,  
where he made a brief address in  
the same strain. Prince and party  
then proceeded to the capitol for their  
stopping place being West Point.

### Albany's Reception to Prince.

Albany, N. Y., March 7.—Thousands  
of people gathered about the railroad  
station and lined the down town  
streets this morning and cheered  
enthusiastically as Prince Henry and his suite  
hurriedly visited to the city and  
the officials. The royal special ar-  
rived in Albany from Boston shortly  
before 9 o'clock and left over the New  
York Central for West Point two  
hours later. The reception committee  
of the distinguished visitors at the  
station and escorted them to  
City Hall, where Mayor Gaus for-  
mally presented the freedom of the  
city. From the City Hall the prince  
and escort were taken to the capitol,  
where they were presented to Govern-  
or Odell and members of the gen-  
eral assembly. In the state library  
the prince was shown the sword pre-  
sented by Frederick the Great to Gen-  
eral George Washington.

### Prince at West Point.

West Point, N. Y., March 7.—Prince  
Henry and suite with the German am-  
bassador, Admiral Evans and Assist-  
ant Secretary of State Hill, arrived  
from Albany this afternoon and  
met by Superintendent Mills and  
staff of the United States military  
academy. During his stay the prince  
put through several drills and  
the prince was especially pleased  
with their exhibition of skill in horse-  
ship. The various buildings were  
inspected and the prince was after-  
wards presented to the officers and  
connected with the academy.  
The prince proved his acquaintance  
with American history by occasional  
references to the treason of Arnold  
and his connection with West Point.  
The luncheon was served the visit-  
ing Colonel Mills, during which the  
mus West Point band rendered  
music. After the luncheon the prince  
and party left for New York by a  
special train over the New York Cen-  
tral railroad.

### Prince Nears End of Tour.

New York, March 7.—Although  
Prince Henry will spend a longer  
period of time in this city on his re-  
turn from his memorable Southern  
Western tour than in the earlier  
part of the official incidents of his re-  
turn are now practically at an end.  
The party is due to reach New York  
at 6 o'clock this evening. At 8  
o'clock the prince will dine at the Uni-  
versity Club. Tomorrow will be a day  
of recreation spent in visiting the city  
at the end of which the prince will  
dine at the Grosse Deutsche Gesell-  
schaft. Sunday he will take luncheon  
at the University Club, attend a pri-  
vate dinner, and in the evening visit  
the New York Yacht Club.

### General Hoffman Dead.

Philadelphia, March 7.—General J.  
Richardson Hoffman died last night of  
pneumonia of the lungs, aged 70.  
In command of the Fifty-sixth  
Pennsylvania regiment, General Hoff-  
man fought the battle of Gettysburg.

### Governor Summoned.

Honolulu, March 7.—Governor  
of Hawaii, has been summoned  
to Washington by President Roosevelt  
over the political troubles of  
Hawaii.

### HANNA'S COMBINE.

Many Millions Involved in a Street  
Railway Deal.

Cleveland, March 7.—The Plain  
Dealer says:

"Terms have been agreed on for the  
consolidation of the Cleveland Elec-  
tric Railway Company and the Cleve-  
land City Railway Company, the two  
roads to be under the presidency of  
Senator Hanna. The consolidated  
company will include every street car  
line in the city.

"Involved in the deal are arrange-  
ments for vast improvements, for  
universal transfers and for the sale  
of six tickets for 25 cents, although  
this latter detail has not been posi-  
tively settled on as yet.

Stock to the value of \$21,600,000 is  
involved, of which \$13,000,000 rep-  
resents the Cleveland Electric Com-  
pany, and \$8,600,000 the stock of the  
Cleveland City Railway Company.

### HANNA MAKES A SPEECH.

He Grows Quite Eloquent on the Ship-  
ping Bill.

Washington, March 7.—A notable  
speech was made in the senate Thurs-  
day by Mark Hanna, of Ohio, on the  
pending shipping bill, which he dis-  
cussed from the point of an American  
business man. His arguments were  
carefully prepared, he was always  
forceful and earnest and quite elo-  
quent. He commanded the undivided  
attention of the senate and of the gal-  
leries and when he closed he received  
congratulations of many of his col-  
leagues.

Early in the session, Frye, in charge  
of the pending shipping bill, obtained  
an agreement that the senate should  
vote on the measure and all pending  
amendments at 3 p. m. Monday,  
March 17, that time being entirely  
satisfactory to those opposed to the  
bill.

### Big Round-up at Fort Worth.

Fort Worth, Tex., March 7.—Cit-  
izens of Fort Worth are pleased over  
the outlook for the big convention of  
cattle raisers to be held here next  
week. Indications point to an un-  
usually large and representative atten-  
dance. In conjunction with the con-  
vention there will be held a fat stock  
show. This feature of the gathering  
has been planned on a greater scale  
than ever attempted before, and it  
promises to compare favorably with  
more pretentious exhibitions held in  
the great fat stock centers of the  
country.

### Hanrahan vs. Choyinski.

Louisville, Ky., March 7.—The  
20-round bout between "Wild Bill"  
Hanrahan and Joe Choyinski, which  
is to be pulled off in Music Hall to-  
night, under the auspices of the Em-  
pire Athletic Club, has aroused keen  
interest in sporting circles. Since his  
easy defeat of Marvin Hart, Hanrahan  
has been a favorite with Louis-  
ville fight followers and the club ex-  
pects a big crowd on hand for to-  
night's bout. The local contingent  
will be reinforced by delegations of  
sporting men from Chicago, Cincin-  
nati, Indianapolis and other cities.

### Maple Syrup Will Be Higher.

Ashtabula, O., March 7.—The maple  
syrup season has just opened in the  
Northern Ohio belt. The sugar and  
syrup making section, which is im-  
portant, now rivals even that of the  
famous maple camps of Vermont.  
Makers and dealers now declare that  
the price of maple syrup will be much  
higher this season than last. Farm-  
ers owning sugar bushes are prepar-  
ing to sell this year's product to the  
dealers at 90 cents per gallon from  
the start.

### Permanent Census Bureau.

Washington, March 7.—President  
Roosevelt today signed the bill pro-  
viding for a permanent census bureau.  
On July 1, when the bill goes into ef-  
fect, a director of the census will ap-  
point such members of the present  
office force as will constitute perma-  
nent force. After that date, all ap-  
pointments will be made under the  
regular civil service act.

### Columbia and Cornell to Debate.

Ithaca, N. Y., March 7.—The annu-  
al debate between Cornell university  
and Columbia university takes place  
here tonight, and it promises to be  
the most interesting event of the col-  
lege year. Columbia will support the  
affirmative and Cornell the negative  
side of the question, "Resolved: That  
the United States should resist by  
force, if need be, the colonization of  
any part of South America by any  
European power."

### Missouri Bank Robbed.

Essex, Mo., March 7.—Two men dy-  
namited a safe in a private bank here  
last night and escaped with \$3000.

## TWO STEAMSHIPS IN COLLISION

The American Liner Waesland Goes to the Bottom of  
the Ocean.

### EVERY LIFE SAVED EXCEPT TWO

BECAUSE OF THE GOOD DISCIPLINE.

Ships Came Together in a Fog Forty Miles Off the Coast of England—The  
British Ship Was Able to Proceed, After Rescuing the Passengers, to  
Liverpool, Many of the Passengers Escaping in Their Night Clothes—  
The Boilers of the Waesland Exploded Just Before She Plunged Be-  
neath the Waters.

Liverpool, March 7.—At 11:30  
o'clock Wednesday night, 40 miles  
southwest of Holyhead, England, the  
American line steamer Waesland and  
the British steamship Harmonides  
came in collision. The accident was  
due to a dense fog which prevented  
the lookouts from sighting vessels un-  
til they were almost on one another.  
Although the American ship was  
struck amidships and sank in 35 min-  
utes but two lives were lost. The  
most perfect discipline prevailed on  
each vessel and the boats were hoist-  
ed out and the passengers transferred  
from the decks of the sinking ship  
onto those of the still seaworthy Brit-  
ish vessel with all dispatch. The dead  
are:

Steerage passenger named Danger-  
field.  
Elsie Emmett, small child, daughter  
of a cabin passenger.

The passengers and crew of the  
American ship lost all their belong-  
ings, which went down with the ves-  
sel when she plunged beneath the  
waves.  
The Harmonides struck the Waes-  
land amidships and cut her down.  
Less than 35 minutes afterwards the  
work of rescue was completed and  
the passengers and crew were trans-  
ferred to the English ship.  
The Harmonides, bringing 32 cabin  
and 82 steerage passengers, arrived

here at 3:30 o'clock this morning. The  
lost ship carried no mail.

### The Boilers Exploded.

Liverpool, March 7.—When the pas-  
sengers of the sunken steamer Waes-  
land arrived here, many of them were  
attired only in their night clothing.  
All of them praise the discipline dis-  
played during the trying time follow-  
ing the collision between the vessels.  
Women and children were given the  
first places in the boats, all of the men  
standing aside until they had been  
provided for. The last boats leaving  
the steamer contained the officers and  
crew. All were just fairly well  
away when the water reached the  
boilers and they exploded. The ves-  
sel trembled for just a moment as in  
a death agony, and then disappeared  
under the waters. While most of the  
Waesland's boats were rescued by  
Hermonides easily, one of them took  
the wrong course in the fog and it  
was two hours before it could be  
found and picked up. Another was  
swamped, but was righted and all of  
its occupants rescued. The Waes-  
land's passengers will be forwarded  
by the steamer Nordeland next Wed-  
nesday.

### The Etruria Still Missing.

London, March 7.—The Cunard  
liner Etruria has not yet arrived. The  
Cunard officials, however, are confi-  
dent the ship is all right. Without a  
propeller she is helpless at sea and  
will not be able to reach port until  
assistance reaches her and she is  
towed in.

### PRESIDENT IS WISE.

Sends His Daughter to Cuba Instead  
of to the Coronation.

Washington, March 7.—It is believ-  
ed that Miss Alice Roosevelt's trip to  
Cuba, upon which she starts Sunday,  
has been substituted for the proposed  
visit to the coronation of King Ed-  
ward. The president, it is said, feels  
that his daughter has been brought  
into enough prominence during the  
series of gaities of the past season  
and by reason of Prince Henry's visit,  
and that the proposed trip to London  
is, therefore, inadvisable under the  
circumstances.

### RESORTS CLOSED.

Mayor Humes, of Seattle, Nails Up  
Gambling Houses.

Seattle, March 7.—One of the re-  
sults of the city election is that all  
gambling houses of the city are closed,  
it is understood, by order of  
Mayor Humes. Various reasons are  
assigned for this action.

### For Oratorical Honors.

Boonville, Mo., March 7.—The inter-  
est in the annual state inter-colle-  
giate oratorical contest is evidenced  
by the presence of large delegations  
of students and others from the lead-  
ing educational institutions of Mis-  
souri. The contest is to be brought  
off here this evening. The contest-  
ants will represent the state universi-  
ties, Tarkio College, Park College, Wil-

lege. The winner of the contest will  
represent Missouri at the interstate  
contest to be held at St. Paul in May.

ing, May Live Longer.

Casper, Wyo., March 7.—Charles  
Woodward, convicted of the murder  
of Sheriff Ricker, and sentenced to  
be hanged on March 28, will be granted  
a longer time in which to prepare  
for the gallows. Judge Bramel de-  
nied the motion of Woodward for a  
new trial and the case will be taken  
to the supreme court, a stay in sen-  
tence being granted for that purpose.  
As considerable time will be required  
by the supreme court to review the  
case, Woodward cannot be executed  
before May or June.

### Epworth League Rally.

Rochester, N. Y., March 7.—The an-  
nual convention of the Genesee Con-  
ference of the Epworth League,  
which will be in session in this city  
during the remainder of the week, is  
the best attended meeting in the his-  
tory of this body. All of the local  
branches of the society in Western  
New York have full delegations on  
hand and in addition there are many  
ministers and other well-known  
speakers in attendance. The presid-  
ing officer is the Rev. W. A. Harris,  
of Middleport, first vice-president of  
the society.

### To Invade Washington.

Portland, Me., March 7.—The larg-  
est and most notable tourist party  
ever organized in Maine left this city  
today for Washington by way of Bos-  
ton and Fall River line. The party

solely, a majority of the participants  
being accompanied by their wives  
and families.

says that the statement made by beet

**Baking Powder**  
In Use the most Economical

Greater in leavening strength, a  
spoonful raises more dough, or goes  
further.

Working uniformly and perfectly,  
it makes the bread and cake always  
light and beautiful, and there is never  
a waste of good flour, sugar, butter  
and eggs.

With finer food and a saving of  
money comes the saving of the health  
of the family, and that is the greatest  
economy of all.

PRICE BAKING POWDER CO.,  
CHICAGO.

NOTE.—Many mixtures, made in imitation of baking  
powders, are upon the market. They are  
sold cheap, but are dear at any price, be-  
cause they contain alum, a corrosive poison.
