RESEEDING WHEAT.

The Work is Nearly Finished in the Walla Walla Valley.

Walla Walla, March 10.—With fair weather for a few days more the farmers of this valley will have finished the work of reseeding the thousands of acres of grain frozen out by the severe cold snap of last winter, when severe damage was done to grain in most of the light soil of Walla Walla county. In the stronger soils but little damage was reported, and the reseeding has been as light as in the past years.

Thousands of acres have been sown a second time, and farmers are now hoping for an early spring and favorable weather. Only with a most favorable season can the yield be expected to come up to the average for fall grain, and with a dry season the crop will be short. Spring seeding has not begun and will not for several days, as the demand for teams and men to replant the fall grain has been so strong that all spring work has been abandoned. Plowing is now in progress and with fair weather the spring work will be delayed but little in the end.

Notice to Contractors.

Sealed proposals will be received at the office of T. F. Howard, architect, up to 12 o'clock noon of March 18th, 1902, for the erection and entire completoin of a two story and basement residence for Dr. W. G. Cole, according to plans and specifications prepared by T. F. Howard.

Separate bids will be received for the mason work.

All bidders will be required to deposit a certified check for five per cent of the amount of the bid, which check will become the property of the owner of the building to be erected, provided, such bidder shall fail to sign a contract and furnish a good and sufficient bond for the execution of the work. All other checks will be returned to the bidders.

The right is reserved to reject any and all bids for the work.

March 6th, 1902.

For the Complexion.

The complexion always suffers from billiousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for billiousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe, thorough and gentle. The very best pills. Tallman & Co. and Brock & McComas.

$100 Dollars Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment, Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

F. J. CHENEY & CO., Toledo, Ohio.

What It Is.

Advertising is the life blood of the business world today, and well directed advertising is like the powerful searchlight of a river steamer, thrown upon a distant cottage on the bank, cutting it out like a picture painted on a black canvas. The timid buyer and the prospective industry will follow the rays of the searchlight of publicity, just as surely as will the eyes of the steamer's passengers follow the light thrown from their vessel. They will not search the surrounding gloom for objects of interest when a beautiful picture is clearly shown before them. Prospective buyers will not search the surrounding gloom for your competitors if the searchlight of publicity is turned on your own place of business.—Canastota (N. Y.) Bee.
