**Denmark's New Woman.**  
They Call Themselves the Women of Progress and they Mean It.  
New women in Denmark are the most extreme of their type and push the limits of emancipation further than has been dared by their sex in any other country.  
"Fretakridtskvinde" is what they call themselves, in other words, "women of progress," and they make a thorough job of their progressiveness. Their progress, however, depends entirely upon the point of view. The homely sociable arts of her grandmother have been left several laps behind tobacco and politics in the race for progress, and the rearing of a family is regarded as a rather irksome and ungrateful task imposed wrongfully upon an unfortunate sex.  
"The Danish new woman," says a severe critic of her order, "is ever jealous of man's seeming freedom and independence in professional pursuits. She possesses ideals as to her future like those of an immature boy, and her methods of realizing them are frequently theatrical and adventurous. She does not compromise with society, because she fancies it does not understand her, so therefore she blazes herself new paths, which she follows in startling imitation of masculine privilege in manner, dress and conversation."  
"Restaurants in Denmark are club-like in their sociability. Papers, chessboards and cards are supplied to the guests, who sit around and discuss politics and affairs with their meals, read or play games. The new woman takes full advantage of the system."

**\$100 Dollars Reward, \$100.**  
The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills are the best.

**What it is.**  
Advertising is the life blood of the business world today, and well directed advertising is like the powerful searchlight of a river steamer, thrown upon a distant cottage on the bank, cutting it out like a picture painted on a black canvas. The timid buyer and the prospective industry will follow the rays of the searchlight of publicity, just as surely as will the eyes of the steamer's passengers follow the light thrown from their vessel. They will not search the surrounding gloom for objects of interest when a beautiful picture is clearly shown before them. Prospective buyers will not search the surrounding gloom for your competitors if the searchlight of publicity is turned on your own place of business.—Canastota (N. Y.) Bee.
