For nearly two hours Monday, Senator Vest, of Missouri, addressed the senate in opposition to the pending ship subsidy bill. No member of the body has been accorded more flattering close attention than he received. Despite his evident feebleness, he spoke with force and fire, and at times became brilliantly eloquent.

#### Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Tallman & Co. & Brock & McComas.

# LAND VALUES GO UP

IMMIGRATION FROM THE EAST CAUSE OF IT.

The Population is Increasing and Land Values Are Rising in Geometrical Ratio—Real Estate Agents' Harvest.

In view of the rush of homeseekers that are coming to this Northwestern country, farm land and city property is advancing in values all the time. Real estate dealers say that during the past six months the price of land has advanced from 50 to 75 per cent and in many instances it has advanced as much as 100 per cent. During the past month property has increased in value more than in any other time, which is wholly due to the rush of homeseekers that are coming here. Farm land has advanced more than city property. Places that sold six months ago for \$3000 and \$4000 a quarter section cannot be bought now for less than from \$6000 to \$8000, and is sought after at this price. Real estate dealers are on the go all the time with men who are looking over the country to buy and not a little city property is changing hands.

In evidence of the fact that city property is moving, one real estate dealer has sold 89 lots in the city limits since the first of the year. All these were vacant lots, except two. They are located in different parts of the town and most of them are being purchased by people who are going to build themselves homes thereon. Some of them, however, are being bought by enterprising people who see an opportunity for building houses on them and selling them during the next few months at an advance in price. Some lots are purchased by those who have either sold their ranches in the country at a good figure or have leased them to some one and are going to build a nice home in town, so as to give their children the benefit of the public schools, but many of them have been bought by people who have come in from some other part of the country and expect to make their home in Pendleton.

However, the rush has not yet commenced with the real estate men, or, at least, they anticipate one of the best years in the history of the business in this country and are preparing to handle this rush of business. While most of the incomers are destined for Washington points, many of them will drift back into Oregon and find homes that will suit them as well or better. In fact, it will be impossible for the state of Washington to furnish comfortable homes for all those going into its borders and as they realize that they cannot get hold of land in that state they will gradually come this way and Oregon will ultimately get her share of the Easterners who are seeking to find new homes.

One reason given for so many people coming West is that land has become extremely high in the better farming sections of the East and many of them are selling out for the prevailing prices at home and removing to the middle states where they can buy a little cheaper. There they buy out people who are coming here, paying them, in many instances, twice as much as is asked for land on the Coast. Then those who sell in the middle states come west, where they can invest their money in still cheaper lands, but lands that are more valuable from a productive standpoint than the lands they sold.

The present prices will not prevail for farm lands much longer, as people who own it are just beginning to realize what it is really worth. It is expected to advance more during the next six months than during the past six.

The population of the Inland Empire is being rapidly augmented, with the result that land values are rising in geometrical ratio, which means a lower wage scale for those who have to depend upon their labor, particularly the unskilled class.

#### AT THE FRAZER.

Daniel Sully in a Play that Appeals to the Heart.

Daniel Sully, in "The Parish Priest" at Frazer's tonight, March 12th.

Playgoers never tire of stage pictures that appeal to the heart. These hold their place when those of a meretricious kind are forgotten. This is the experience of "The Parish Priest," a beautiful revelation of life in Pennsylvania, from the pen of Daniel L. Hart, whose inspiration was derived from experiences that came under his observation. "Father Whalen" as depicted by Mr. Daniel

Sully, is a character that arouses the deepest interest from start to finish. He was ever present with his kindly face and loving words. He is witty and humorous and at times tearfully tender. He offends no man's creed but reveals a loving side that delights. "Nelle" is his niece, whose love affair is at first unhappy but which terminates gladly at last. "Big Jim" is a manly character, full of honest courage and a typical representative of his class. Other characters are as pleasing. The play rounds with wit, amusing sayings and incidents.

We give no rewards. An offer of this kind is the meanness of deceptions. Test the curative powers of Ely's Cream Balm for the cure of catarrh, hay fever and cold in the head and you are sure to continue the treatment. Relief is immediate and a cure follows. It is not drying, does not produce sneezing. It soothes and heals the membrane. Price 50 cents at druggists or by mail. Ely Brothers, 56 Warren street, New York.

#### Clarence Myrick Injured.

Word has just reached Pendleton of a serious accident, which happened to Clarence, the 5-year-old son of Mr. and Mrs. J. W. Myrick, who live on the Chris Simpson place, near Warren station. Mr. Myrick was around the barnyard, where an old gentle horse was kept, and his little son was in the habit of being placed on the back of this horse and riding him around the corral. He was on the horse Sunday evening, as was his custom at various occasions, and the animal stumbled, throwing the little fellow to the ground with the result that both bones of the left arm, below the elbow, were broken. A physician was summoned and the fracture reduced and the boy is getting along as well as could be expected under the circumstances.

#### For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe, thorough and gentle. The very best pills. Tallman & Co. and Brock & McComas.

#### A Pendleton Composer.

C. W. McLyman, of Pendleton, is the author and composer of a march, which has just been published by a Cincinnati music house, entitled the "Belles of Pendleton." It is dedicated to the young ladies of this city and the front page of the sheet is illustrated with the photos of eight of Pendleton's popular young ladies. The sheet is printed in colors and has the photo of the author as a further embellishment. It is on sale at Frazier's book store.
