Dr. Christie received a telegram this morning stating that G. F. Greer, who is representing M. C. Gray, of Nebraska, will arrive Thursday with a consignment of stallions, that will be for sale at the Garrison & Lafontaine stable. The Greer horses are well known here, several of them having been sold to Umatilla county residents last year.

What might have been a serious runaway was narrowly averted this morning on Main street, in front of Schwarz & Greulich's butcher shop. Henry Miller, a farmer living in the Cold Springs country, had brought in a horse to the butchers in a hack, and, while trying to back the team up to unload from the hind end of the rig, the horses became unmanageable and started to run. They ran across the street and struck a telegraph pole, at the corner of Main and Webb streets, where they were stopped. The only damage was the breaking of the neck yoke.

The dance to be given Friday night, the 14th, by Mrs. E. N. LeRoy, for the entertainment of her friends, is expected to be one of the swellest affairs ever held in Pendleton. This is the first dance ever given in Pendleton by the colored race, and it is causing considerable interest among the whites, who are anxious to be permitted to look on, but it has been announced that no spectators will be allowed. Quite a number of colored folks are expected from Portland, Baker City, Walla Walla and other neighboring towns and elaborate preparations are being made to entertain them.

**Attended a Wedding.**

The bride is the daughter of Mr. and Mrs. A. Somers, of the Somers hotel, and was one of the leading society young ladies of the town. The wedding was a brilliant affair, it being attended by a large circle of relatives and friends. Mr. and Mrs. Morris left immediately after the wedding for Portland and will then go to Denver, where they will make their home.

A prominent Manchurian censor has memorialized the throne for the removal of Wu Ting Fang, the Chinese minister to the United States. **THE 1902 STATE FAIR.**

Secretary M. D. Wisdom Says it will be Better Than Ever.

Secretary M. D. Wisdom, of the state board of agriculture and the state fair board, was interviewed regarding the 1902 fair. He said:

"We shall undertake to advertise to the public just what we will do, and then do what we say; carrying out our promises to the letter. As in years past, we will tell the people what we intend to have and have it.

"The livestock exhibit will be better and larger than ever before, as we have more money for premiums in this department than ever before. There will be little change, beyond the class of exhibits and increase of premiums from last year.

"The American Shorthorn Breeder's association have given us \$1000 this season, in addition to an equal amount of our own for premium lists in this breed of cattle, and the Shorthorns will be fully represented.

"The American Hereford Breeders' association has donated \$500 for premiums for Hereford stock. There is great rivalry between these two beef breeds, for the Pacific Coast market, in the selling of bulls, and we expect to see a big showing put up by both breeds.

"I am glad to say that the state fair as an advertisement for Oregon is having its effect. Last year when in Chicago at the great 'stock show' all the big breeders were well posted in what we are doing, and asked many questions about this section of the country, with the view of establishing breeding farms; and the announcement in the Telegram that C. R. Thomas, secretary of the American Hereford Breeders' association, would ship to Oregon 200 head of thoroughbred Hereford bulls is partial evidence of the good effects that the state fair is having in this direction.

"The agricultural department is being devoted to state products exclusively, and is creating universal interest. Farmers are making plans for a large display, and in all the departments work is progressing most satisfactorily, and I think we may say that the Oregon state fair for 1902 will surpass any previous exhibitions held."

**Surgeon's Knife Not Needed.**

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. Tallman & Co. and Brock & McComas.

**To the Yellowstone.**

The Oregon Railroad and Navigation company announces that arrangements have been completed by the Harriman lines for the transportation of passengers to the Yellowstone National park by way of Monday, Idaho. A round trip rate of \$49.50 from Pocatello to the park has been made. At present a line of stages runs between Monday and the park, a distance of about 50 miles, but it is understood that automobiles will be placed on the line during the coming summer.

**Where Consumption Can be Cured.**

The superintendent of the government sanitarium at Fort Bayard, Ariz., reports that he has demonstrated that consumption in every stage can be cured by that climate, and adherence to a simple regimen—the best and purest food, absolute rest for those most exhausted from the disease, and life as far as possible in the open air. He not only claims that patients are benefitted, but cured, and that those in the latter stages of the disease are cured.
