

ATTRACTS. QUALITY DECIDES.
Ready to Wear Dept.

So many beautiful garments have been received that any attempt to describe individual ones would be an injustice to dozens of others, for from the lowest priced to the highest, each has its peculiar charm of shape, style or workmanship.

\$12.50 Tailor Made Suit

Is an exceedingly pretty garment, one that should be seen by every suit seeker in this vicinity, which we claim to be equal to any \$16.50 suit shown at other stores.

THE INDIAN'S PRIVILEGE.

In the Hunting Line they Have the Advantage Over White Men.

An Indian may hunt when and where he pleases, provided he has a hunter's license and does not attempt to kill any game out of season. However, on his own reservation, his own home, he has more freedom and no white man or Siwash can search for game and fish within his domain without a special permit from the Indian agent.

"Game must be protected," said an attorney, to the Walla Walla Union, "and I do not see that the killing by an Indian of a deer out of season is not just as bad as if a citizen had shot the animal. It has been destroyed. Within his own reservation it is another matter. He is responsible to the general government for his actions and the game that roam the forests of a government reserve are not under the jurisdiction of the state game wardens. Of course there are federal game laws, but that is another matter."

Every summer the natives herded on the several reservations in Oregon, Washington and Idaho secure permits from their agents and wander away into the mountains in search of game and fish, and when one meets one of these stray wards the Indian will generally produce his pass, signed by the agent to vouch for his good intentions and convey the impression that he is a man who can be trusted by his caretaker.

MICROBES IN HOSPITALS.

Thousands of Them to Every Square Foot of Surface.

Dr. Emelle Roux, of the Pasteur institute, Dr. Pozzi, who performed the famous operation upon Sarah Bernhardt, and Dr. Bergerson have been studying the question of microbes in Paris with the most astonishing results, says a Paris dispatch to the American and Journal. They assert that at the great hospital known as the Hotel Dieu, there are 10,000 microbes to the square yard and that at La Petite hospital there are almost twice that number to the square yard.

The bourse is also badly infected, says those doctors, having 10,000 microbes per square yard. The physicians say that the yelling of the numerous traders makes the air very impure there and although they have no strict data, their opinion is that the atmosphere of the New York stock exchange and the Chicago board of trade, must be just as bad. Air from the main sewer of the city is not as impure as that at the bourse, yet the death rate of Paris is not out of proportion to that of other cities.

The Vice of Nagging.

Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. Tallman & Co. guarantee satisfaction.

ADVENTISTS' CAMP MEETING.

It Will Be Conducted in Pendleton for Ten Days in May.

The Adventists' camp meeting is to be held in Pendleton, beginning May 15 and lasting until the 25th. Rev. A. J. Breed, of College Place, president of the upper Columbia river conference, and Rev. W. F. Martin, one of the conference directors, were in town Wednesday and officially announced that the offer of the use of the Byers' grove free of charge for their use would be accepted and arrangements will be made at once to get the grove in condition for the occasion.

This is the time of the annual camp meeting of the Adventists for Eastern Washington, Idaho and Oregon, the object of which is to get as many of the adherents of this faith together as possible and for the upbuilding and betterment of humanity, in the ways of religion, and also in the interest of education. Many of the best speakers from different parts of the

Mothers and Children

Rejoice in the cleansing, purifying, and beautifying properties of CUTICURA SOAP and CUTICURA Ointment, purest and sweetest of emollient skin cures. These gentle yet effective skin purifiers and beautifiers have made thousands of homes happy by curing torturing, disgusting humors, rashes, and irritations of infancy and childhood, and relieving parents of care and anxiety.

Sold throughout the world. FORTY YEARS AND COUNTING. CUTICURA, Prop., Boston. "All About Baby's Skin." Free.

country are expected to attend the meeting and address the people, including men from California, Montana, Nebraska and other states.

From 600 to 1200 people will be in attendance from all over the district and 150 tents will be stretched in the grove where the meetings are to be held. These people, or many of them, will come here with teams.

New Schools in Cuba.

Since the American occupation of Cuba 3,600 new schools have been opened, and many reforms have been brought about in their educational system. Some idea of their work can be obtained from their exhibit at the Pan-American exposition, for which they were awarded five gold and four silver medals. This is certainly a wonderful record, and one we should all be proud of. There is also a wonderful record behind Hostetter's Stomach Bitters, the famous American remedy for indigestion, dyspepsia, flatulency, biliousness, nervousness and insomnia. If you are troubled with any of these ailments we would urge you to try it. It is also a splendid blood purifier, and should be in every household. Our Private Stamp is on the neck of the bottle.

LEONORA JACKSON.

A Famous Violinist is Coming to Pendleton.

The appearance in Pendleton of an artist like Leonora Jackson is an event hitherto unknown. Miss Jackson comes to Pendleton under the auspices of the club women. Twenty-five of the city's prominent business men have given the ladies financial backing, with the understanding that the club women will work for the success of the undertaking.

The public spirit on the part of both men and women, in securing such an entertainment as this concert deserves the patronage of every lover of the best in art and music.

The concert will be given in the Frazer on the evening of March 26. Advance tickets are being sold, the reserved seats will be on sale later at Frazer's. Tickets \$1.

Miss Jackson in Portland.

The Portland Oregonian speaks as follows of Miss Jackson's coming to Portland:

A rare treat for Portland music-lovers is announced in the forthcoming appearance at the Marquam Grand Theater next Monday afternoon of Leonora Jackson, one of the world's greatest violinists and undoubtedly the greatest woman violinist. Upon the occasion of her appearance here last season, Miss Jackson took the big audience which had trued out to hear her by storm, and her fame as a violinist of international reputation was fully sustained. The searching beauty of her tone, the purity of her sentiment, her earnest concentration and fine musical instinct were pronounced of a very rare sort. In conjunction with Miss Jackson, Harry J. Fellows, the noted tenor, and William Bauer, the celebrated German pianist, will appear, making what is probably the strongest musical combination to play here this season.

Parker-Waters Marriage.

Married, at the Great Eastern hotel parlors, Wednesday afternoon, at 4 o'clock, Miss Elsie Parker and Daniel Waters, Rev. R. A. Copple officiating. The groom is a young man who is quite well known here, where he has many friends, and the bride is a niece of J. B. McDill, superintendent of the country hospital. She is the young lady who refused to marry James Sprague, a farm hand of the Camas Prairie country, on the 11th day of last January, after they had come to town with the intention of getting married and he had secured the license, engaged the services of Judge Fitz Gerald and, with their friends, gone to the judge's office to have the knot tied. Miss Parker gave as her excuse for balking at the altar that she did not love Sprague and told him all the time she would not wed him but he insisted and the result was the hard turning down he got after being out the price of the license and the trouble of getting himself in readiness for the occasion. Mr. and Mrs. Waters were married in the presence of only a few friends and were the recipients of some beautiful and useful wedding presents. They are now at home, at 145 Webb street.

Value of Wheat Charters.

The value of a spot wheat ship was determined in Portland Tuesday by the charter of two of the disengaged fleet to load at Portland. The British ship Marion Lightbody, which has been lying idle at Astoria for the past fortnight, and the British ship Inchcape Rock, now discharging an Antwerp cargo at the foot of Pine street, were the vessels taken. Lightbody goes to Queenstown or Falmouth for orders, and was fixed at 26 shillings. The Inchcape Rock received the same figure, but is reported to be taken to load for South Africa.

True.

The occasional ad is one of the very best methods by which to squander money. Continuous advertising, on the other hand, will bring ample returns for the money invested.—Suggestions.

RURAL ROUTES.

The Bill on the Subject as It Passed Congress.

The bill to classify the rural free delivery service and place the carriers under the contract system, which has been debated in the house for over a week, was passed Tuesday, the 11th, but in a form that completely changed the purpose for which it was framed. Before it was passed the bill was altered radically by its opponents. All the provisions relating to the placing of carriers under the contract system not only was continued, but the maximum salary of carriers was increased from \$500 to \$600 per annum. A motion offered by Williams (Dem. Ill.), to recommit the bill with instructions to report back an amendment providing for the dismissal from the service of carriers who should use their influence in favor of any party, or for any particular candidate, was voted down, 96 to 161.

As passed, the bill classifies the rural free delivery service and fixes the compensation of employees as follows: Special agents, in charge of divisions, not exceeding \$2400 per annum; special agents, four classes, graded from \$1300 to \$1600; route inspectors, four classes, from \$1900 to \$1200; clerks, four classes, from \$900 to \$1200. The compensation of carriers is not to exceed \$600.

VACCINATION AND DANDRUFF.

There is a Sure Prevention of Baldness as There is of Smallpox.

It is now accepted that vaccination renders the vaccinated person exempt from smallpox; or at worst, he never has anything but the lightest kind of a case. Now a sure preventative and cure for dandruff, which causes falling hair and baldness, has been discovered—Newbro's Herpicide. It kills the dandruff germ. C. H. Reed, Victor, Idaho, says: "Myself and wife have been troubled with dandruff and falling hair for several years. We tried remedies without effect until we used Newbro's Herpicide, two bottles of which cured us." Hundreds of similar testimonials.

COUNCIL MEETING.

Janitor and Street Sweeper "Fired" in the Interests of Economy.

The city dads met Wednesday evening in regular session in the city hall, with all present.

Very little business was transacted with the exception of the passing on the various bills presented to the council and reviewed at the previous meeting.

The matter of economy was taken up and discussed, and on motion, the services of Janitor Sam Osborn and

Street Cleaner B. S. Waffle, were discontinued.

The report of the committee on the petition of property owners along the original surveyed line of Court street from its present terminus to the city limits, was presented by Committee-men Switzer, Frazier and Sommerville. This report was favorable to the opening of the street, providing the property owners would donate the ground and do all the grading and stand the expense themselves. If this is accepted the street will be opened at once.

SENATOR MITCHELL FOR IT.

Declares in Favor of Initiative and Referendum.

The following letter from Senator Mitchell is self-explanatory:

"Washington, Feb. 26.—Hon. W. S. U'Ren, Secretary of Direct Legislation League, Oregon City, Or.—My Dear Sir: I beg to acknowledge receipt of yours of February 17, just received, in which you state that the Portland board of trade has referred to its committee on legislation a request from the Direct Legislation League of Oregon for its indorsement and approval of the proposed amendment to the constitution of the state of Oregon, providing for the initiative and referendum.

"I think you know without any expressions from me that I not only am now but have been for years heartily in favor of this proposed amendment, and I have no hesitation in expressing myself at all proper times and in all proper ways in its favor. I believe a large portion of the people of Oregon favor the amendment; so let us have it.

"I have not the time at present, nor do I think it necessary to go into the specific reasons why I favor this amendment. The reasons entertained by those who favor it are known generally to the people of Oregon.

"JOHN H. MITCHELL."

Josh Billings on Hens.

The best time to set a hen is when the hen is ready. I kant tell what the best breed is, but the shanghai is the meanest. It costs as much to bord one as it douz a stage hoss, and you mite az well try to fatt a fannimill by runnin oats through it. There ain't no profit in keeping a hen for hiz eggz if he laiz less than one a day. Henz iz very long lived if they dont contract the throat dizeaz. Many go to pot from this melankoly dizeaz in the course of a year. I kant tell ekactly how to pick out a good hen; but as a general thing the longeared ones are the least apt to scratch up a garden. Eggz packed in equal parts of salt and lime water will keep from 20 to 30 years if they are not disturbed.
