The debate arranged some time ago between the high school students, which was to have come off this evening, has again been postponed until Tuesday evening, the 20th inst.

The democratic county central committee will meet at the court house Saturday afternoon, to arrange the preliminaries and dates for holding the primaries in the various precincts of the county.

Daniel Sully's presentation of "The Parish Priest" at the Fraser Wednesday night, was greeted with applause by a crowded house. Mr. Sully, in the role of Rev. John Whalen, did not mar his fine reputation as an actor and he is supported by a strong troupe.

Pendleton is to have another drug store. F. W. Schmidt, formerly of this place, but recently of Baker City, has leased the building occupied by F. B. Clifton et al., owned by the Pendleton Building Association, and is going to open about the first of next month. The drug store is to go under the firm name of F. W. Schmidt & Co.

Rev. Philip M. Meeker, an aged minister, died at the home of his son on Three Mile, Wasco county, last Saturday, of consumption, after an illness of three years. In compliance with Mr. Meeker's wishes, no sermon was preached, the services consisting of testimonials from those who had known him during life, and many were the testimonials of his moral worth as a man and Christian.

M. J. Buckley, S. S. Butler and Frank Weiden, composing the examining board of the O. R. & N. Company, came to town Wednesday evening on a special car and the final examinations of the employees of the company, before the new rules will go into effect, were made last night. The rules will be adopted about the first of April.

**Baseball Notes.**

A letter has just been received from C. H. Lane, manager of the Northwest Baseball League, saying that nothing would be done by the Butte team in regard to accepting or rejecting the offer of the Pendleton grounds free of charge for early practice, until the arrival of Manager Lucas, who will then take the matter up and a definite answer be given. It is hoped that the Butte nine will look at this matter favorably, and that the team may come here for a few weeks' training, as their work will aid the local team in getting pointers.

The Yellow Kids are practicing as much as possible at Athena and getting in excellent trim for the approaching baseball season. Quite a number of the men have reported and the team will be in better shape than any amateur aggregation in the country when the games begin. They hope for a victory over Whitman college when the game occurs the end of March.

In less than a month the members of the Portland baseball team will report for practice, and the old-time fans will be on hand to watch the preliminary work of the season. Baseball promises to be even more popular than last year, not only in Portland, but throughout the entire Northwest.

Judge C. F. Miller, T. M. Hanger and George B. Baker, acting as a committee, are raising funds to put the amateur baseball association on a firm footing. It is their intention to raise \$250 a month by subscription or \$1.00 for the baseball season.

Tailor Business Incorporated.  
Articles of incorporation of the "Schiffler Tailoring Company," were filed with the county clerk this morning by E. A. Schiffler, P. Lane and W. D. Fechter. The capital stock of the corporation is \$2000, divided into shares of \$25 each, and the object is to buy and sell cloth, manufacture and make clothing, and all other business pertaining to a general merchant tailoring business. The office of the company is to be in Pendleton and its duration is to be perpetual. Now, if the manager of the company will use a little printer's ink judiciously the people of this section might consider there was an up-to-date hall or shop in Pendleton.

Red Men Attention.  
All members of Umaholis Tribe No. 18, I. O. R. M., are requested to meet at Hendrick's hall at 1 o'clock sharp, Friday afternoon, to attend the funeral of Brother Ben Hagen.

**WORKING FOR MINING BUREAU.**

Oregon Asked to Join Other States in Securing One.

The fifth annual meeting of the International Mining Congress will be held at Butte, Mont., from the 8th to the 12th of September next, and it promises to be an important meeting for the mining interests of the Pacific Coast, especially in view of the efforts now being made to have a mining bureau established as a subordinate branch of the interior department of the government.

Oregon has very large mining interests and resources, and on the 20th of the present month, at 10:30 a. m., a meeting will be held at the Chamber of Commerce, in Portland, which all interested in Oregon's mines and their development are invited to attend, to consider this matter, and to take such formal action as will put Oregon in the line with other Western mining states in support of this bureau, and of a more formal, definite and systematic recognition by the government of mining interests and development. Oregon, so far, has not joined in this effort. Colorado, California, Idaho, Utah, Arizona, New Mexico, Wyoming, Montana and even Washington have all been heard from and expressed themselves, through proper channels, as being in favor of this new department, and urging its establishment.

**A Bad Drink.**

"The foreigners up in the coal regions," says a writer in the Philadelphia Record, "drink polinsky, and that's why so many stories of horrible crimes come from there. Polinsky is at the bottom of every riot and much murder. It is simply a mixture of beer and bad whisky, usually blended in a washub and seasoned with spices. At every wedding, christening, wake or other gathering of a social nature there is always a tub of polinsky. In one hour all hands will be drunk, in two hours there will be a free fight, and, unless the police interfere, in three hours there will be a murder. In the more thickly populated communities the police try to break up these polinsky parties in their incipient stages, but they don't always succeed."

**Foreible.**

Some of the late Lord Randolph Churchill's friends once tried to have Lord Salisbury reinstate his erratic lieutenant. Salisbury listened to them patiently and when asked, "Have any of you ever had a carbuncle on the back of your neck?"  
"No," was the reply.  
"Well, I have," retorted his lordship, "and I don't want another."
