New Schools in Cuba.

Since the American occupation of Cuba 3,600 new schools have been opened, and many reforms have been brought about in their educational system. Some idea of their work can be obtained from their exhibit at the Pan-American exposition, for which they were awarded five gold and four silver medals. This is certainly a wonderful record, and one we should all be proud of. There is also a wonderful record behind Hostetter's Stomach Bitters, the famous American remedy for indigestion, dyspepsia, flatulency, biliousness, nervousness and insomnia. If you are troubled with any of these ailments we would urge you to try it. It is also a splendid blood purifier, and should be in every household. Our Private Stamp is on the neck of the bottle.

DEMOCRATIC COMMITTEE MEETS

Democratic Primaries to Be Held on March 25—County Convention on March 29.

The democratic central committee met this afternoon at the court house to arrange the preliminaries for holding the county primaries. Chairman J. H. Raley called the meeting to order and the matter of the date for the primaries was the first business transacted. Committeeman H. J. Taylor moved that March 25 be set as the date for holding them, which met the approval of the whole body, and Mr. Taylor's motion was adopted. The basis on which to proportion delegates was then discussed, and the vote cast in 1900 for A. D. Stillman for district judge, was decided on as the right proportion. The districts will be allowed one delegate for every 15 votes, one for every fraction of eight and one at large. The committeemen present were: J. T. Lieulien, Adams; Jacob Cherry, Alta; D. Taylor, Athena; Edwin Reeser, Cottonwood; L. S. Osborn, Meacham; H. J. Taylor, Pendleton; M. L. Fix, Hogue; M. Morrison, Juniper; C. A. Chapman, McKay; V. H. Chastain, Milton; D. B. CLUB NOTES.

Interest in the Coming Biennial of the G. F. W. C.

Interest is growing in the coming biennial of the G. F. W. C., to be held in May, at Los Angeles. Several ladies from Pendleton will attend. Oregon will probably be largely represented. The Pendleton clubs had no representation at Milwaukee two years ago, but are entitled to over twenty delegates this year. It is hoped that the full number of delegates will go, and many others. Half fare rates have been made over the eastern roads, and we of the Pacific coast are promised one and one-third and perhaps a less rate. Our own state biennial will be held at Portland on April 24-25-26.

The Portland club have a strong local committee working with the representatives of the state board to make this second meeting of our federation a success in every way. It is probable that our meetings hereafter will be held annually, as there is a strong sentiment in favor of this change.

All of the local clubs held meetings this week. The parliamentary club will hold weekly meetings until the date of the state convention. Six new members were elected at last Tuesday's meeting. The meetings will be held at the home of Mrs. H. C. Guernsey, Tuesday afternoons. The meetings begin at 2:30 and close at 4.

The annual reception of the Thursday Afternoon Club, (postponed on account of the death of Mrs. E. D. Stillman) will be given on the evening of April 8. Members are requested to notify their guests of the new date. The place will be the Parish parlors, of the Church of the Redeemer.

A steady sale of advance tickets for the Lenora Jackson concert to be given in the opera house, March 26, is

encouraging to the club women interested in the truly missionary work of bringing an entertainment of the highest order to Pendleton.

DIED OF HEART DISEASE.

Went to Bed in Good Spirits, But Death Came in the Night.

The body of Leonard Pedro, 22 years of age, who was found dead in bed at the home of his brother, Manuel Pedro, at Walla Walla, Monday morning, arrived here last night and was taken to M. A. Rader's undertaking parlors, where it is being prepared for burial in Olney cemetery tomorrow. Mr. Pedro has been afflicted with heart trouble since last summer, when he had a serious spell, but since that time has not been dangerously ill. He retired in good health and cheerful spirits Sunday night and when he was called for breakfast next morning did not answer and upon going to the bed his lifeless body was found although it was still warm, indicating that he had only been dead a short time. He had been working for the Pedro Brothers, Manuel and Frank, who are well known here, being extensive sheep men and having lived near Pilot Rock for a number of years. The funeral will be conducted from the Catholic church at 2:30 o'clock tomorrow.

For National Regatta.

New York, March 15.—Among oarsmen and lovers of aquatic sports, generally, a great deal of interest is displayed in the annual meeting of the National Association of Oarsmen, which takes place this evening at the Fifth Avenue hotel. The principal work of the meeting will be to select a date and place for holding the national regatta. From present indications the regatta will go to Worcester, Mass., which city has put in a strong bid for the event. Among those acquainted with the matter, Lake Quinsigamond, near the city of Worcester, is considered an ideal course for the races, while the presence of many well-organized boat clubs in the vicinity would conduce to the success of the affair.

Killed Accidentally.

Seattle, March 15.—The steamer Cottage City today brought from Juneau the body of William Goldstein, a prominent merchant of Juneau, who was killed March 8, as the result of an accidental discharge of a shotgun.

Who is Major Jones?

Los Angeles, March 15.—Major Jones, of Toledo, is very ill at Long Beach, near this city, and is not expected to live. All coast engagements have been cancelled in consequence.

Real Admiral Now.

Washington, March 15.—The nomination of Captain Crowninshield to be a rear admiral was sent to the senate today.

Husband (angrily)—"What! More money? When I'm dead you'll probably have to beg for all the money you get." Wife (calmly)—"Well, I'll be better off than some poor women who never had any practice."

There will be a social session at the Odd Fellows' Temple tonight. All Odd Fellows are requested to be present.

Mental Effect of Clothes.

Ajax defying the lightning is not in it with the woman who knows her gown suits her absolutely and is so perfect it may be safely criticised by her dearest enemy in any light and from any point of view. A sense of superiority and well being makes her love the whole world, and she is amiable and sweet even to the people she dislikes most cordially, while for those she likes she is a companion no adjective can adequately qualify.—London Country Monthly.

Ironing Tucks.

To iron a tucked material turn to the wrong side, rub with a damp cloth and iron quickly with a moderately hot iron lengthwise on the tucks. This makes each tuck stand out nicely and is much better than ironing on the right side.

The desire to make a drawing room look bright and luxurious often leads to the most alarming display of colors and the most distracting amount of small useless objects and ornaments.

New stockings should always be washed before being worn, for the washing causes slight shrinkage and makes them wear better.

A 10-year-old boy saved a Michigan express train the other day from being wrecked by flagging it without the aid of a red petticoat. Yet Professor Pearson thinks there are no miracles.
