THEY'RE UNSELFISH

THE CLUB WOMEN AND THEIR WORK

Efforts Are for Betterment of the Home, Town and State.

The woman's club of Astoria is probably in the lead in civic improvement. One club has written the chairman of the state committee that after long suffering with the malady that afflicts most Oregon towns, littered and filthy streets, it obtained the consent of the mayor to clean them up.

The ladies had the contracts let, when the city fathers began to get alarmed, called a meeting of the council, and forbade the work, saying "their city would be the laughing stock of the state." They then went to work and clean up the streets themselves!

If all the clubs in the state could produce the same effect on their city councils, what a change would come over the face of Oregon! Shall it be tried in Pendleton?

Several times in the history of club work in Pendleton, the members of the clubs have interested themselves in different directions, purely for public good. Women's clubs exist for no other purpose than to make better the homes, the schools, the villages and cities where they have their being. These things are understood in many communities and by many individuals, but there is, even yet, a widespread misapprehension in regard to women's clubs and their objects. It seems incredible to some people that the club bears no relation to fraternal or insurance orders; that whatever is done by the club members is done without expectation of money or glory in return; that there are no paid officers in club work, not even the officers of the G. F. W. C.

Their methods.

The dues of clubs to the general and state federations in most instances suffices for the printing and postage bills incurred in the work, but in the case of small state federations they are insufficient for even this. When the club women interest themselves in a state library law, for instance, and are curiously questioned as to "how much they get out of it," or when they expend a good amount of time and labor in the endeavor to make a public school room a pleasanter place for teacher and public to live in, or give hours and days to personal work to insure a high class lecture, concert or reader to visit the city and are every once in a while met by the question, "Who is to get the benefit?"—they feel like putting on a placard that shall say—"Woman's clubs are among the things that stand for unselfish work."

"Not what we get, but what we give" is a motto that best expresses the sentiment that dominates in women's clubs. Throughout the length of the union, whenever almost any work for public benefit is to be undertaken, one of the first steps is to get the endorsement and help of the federation of women's clubs of that state. Not only is this true, but undertakings of a national scope ask for the support of the individual state federations, and they count it well worth asking for.

A committee on Civics has recently been appointed by the state board of the Oregon federation. Many of the clubs are interested in civic work, and it is hoped to make it an interesting feature of the state federation meeting next month.

Parliamentary Club.

The parliamentary club holds weekly meetings at the home of Mrs. Guernsey. All club women invited. Hour 2:30 to 4. Begins and closes promptly.

A CLUB WOMAN.

PIONEERS MAY 28-31.

The Umatilla County Association Will Meet in Weston.

At a meeting of the executive committee of the Umatilla County Pioneers' Association held in Weston Friday, it was agreed that the annual picnic be held in that place on May 28, 29 and 31. The executive committee is composed of the following gentlemen:

Lot Livermore, W. M. Blakeley, Pendleton; W. C. Gallagher, Henry Frazier, Milton; J. T. Lieullen, Adams; A. R. Price, Thomas J. Kirk, Athena; H. G. Walker, W. M. Scott, Hellix; G. W. Proebstel and Robert Jamieson, of Weston.

R. M. Powers is president of the association and L. S. Wood secretary.

Orioles Go South.

Baltimore, Md., March 22.—The Baltimore baseball team, 25 strong, sails today for Savannah. The club will remain in practice in the south until time for the opening of the American league season.

The senate committee on commerce took no action in the case of Clarence W. Ide, nominated for collector of customs in Washington. No protests have been filed; in fact, Senator Foster has not yet received any of the letters which he has been informed would be sent, opposing Ide's confirmation.

LEONORA AT SPOKANE.

The Young Violinist Delighted an Audience There.

Sweet, dainty, winsome, simply dressed and charmingly modest, Leonora Jackson, with her treasured violin, Thursday evening delighted an audience that nearly filled the First Methodist Episcopal church at Spokane, says the Spokesman-Review. The program was interesting, not too long, and was made up of selections that gave this remarkable young violinist an opportunity to show the un-

sual talent that has gained for her so high a name in the musical circles of the world. The numbers differed in character sufficiently to enable Miss Jackson to display all her best qualities as a virtuoso in the matter of technique, power and expression, and every one of them was enthusiastically received.

Miss Jackson will appear at Fraber's in Pendleton, Wednesday evening, March 26th.

Meeting of Democrats.

There will be a meeting of democrats of the four Pendleton precincts held at the court house, Monday, March 24, at 7:30 p. m., to nominate delegates for the county convention. All democrats are earnestly requested to be present.

J. H. RALEY, Chairman.
A. C. HALEY, Secretary.

Smoke Pride of Umatilla Cigars.

HEART TO HEART TALK.

It is not everyone that knows all about the best in shoes. To those who do and do not, we offer our services. There can be no doubt but that the shoe department of "The Big Store" is on a par with the best of shoe concerns. Let us enumerate a few of the leading favorites that claim the public attention and prove the worth of these claims:

THE DOUGLAS SHOE for men at three, three fifty and four dollars is a line of unequaled merit. Most of the line sells at \$3.50, the acknowledged price at which the greatest amount of service, style and comfort is concentrated per dollars worth. Our business last year was beyond our expectations and the demand is growing every month. The shoe makers are assuring us that a Douglas shoe is worth new soles, while most other makes are not. We would sell more pairs if they did not wear so long.

The ladies "GLORIA" \$3.50 shoe is a new-comer from the East. It has, however, been out here long enough to establish an enviable reputation. Remember they are new styles, as we have not had them long. We only bought the newest and best and are introducing them to the people of this community and hope they will prove as welcome as they have in Portland, San Francisco and Seattle.

The Red School House Shoes (made under new management) is greatly improved and is meeting with a successful sale. They come in three weights and styles, in all sizes and widths.

At the \$2.50 price there is here a large and varied line of shoes for boys and girls, ladies and gentlemen. We are striving to show the people of this vicinity that we are the greatest \$2.50 and \$3.50 shoe concern in Eastern Oregon.
