TUESDAY, MARCH 25, 1902.

**GENERAL NEWS.**

The steamer Newfoundland, the first sealing ship to return from the ice floes, arrives with reports which indicate that the seasons' fishery was the worst on record.

A helper engine on westbound freight train No. 206, blew up about 3 o'clock Sunday morning while going up Lake Hill, 70 miles west of Ogden. Three men were killed and one fatally injured.

The newspapers report a students' outbreak of a revolutionary character at Plock, Russian Poland. The students there set fire to the technical school and attempted to lynch the professors, who escaped with difficulty. Mounted troops quelled the disturbance.

The United Mine Workers' convention adopted a resolution declaring for a strike to take effect on a date to be fixed by the district executive boards, providing a final effort at reconciliation with the operators through the medium of the civic federation proves unavailing.

Ping Pong suddenly has become almost as great a craze in New York as it has in London. Bridge whist has been relegated and in the clubs billiards and pool have been forced to take a back seat. A good ping pong set is said to be hard to buy because the demand is far ahead of the supply.

Rev. Dr. H. Von Broeckhuisen, of Pretoria, South Africa, who is in New York on behalf of the Boer cause, asserts that he has received advices privately of the capture by the Boers of Keiebeek West, a town of 1500 inhabitants, only 30 miles from Cape Town. He declares the news came to him by mail.

President A. J. Cassatt, of the Pennsylvania railroad, his counsel, John G. Johnson, and three others, have broken the running record between Philadelphia and Jersey City by four minutes. The special train on which they made the remarkable run covered the 90.15 miles in exactly 80 minutes. The best previous record was made by J. P. Morgan's special on February 7, which covered the same route in 84 minutes.

**PACIFIC NORTHWEST NEWS**

Every mail brings the Portland Board of Trade encouraging letters from representative business and commercial men, who have been asked to attend the mass meeting to be held April 10, to organize the Columbia River Basin Board of Trade.

Mrs. Ada Taylor, a good-looking young woman of about 23 years, and who had been married but a short time, committed suicide by taking a dose of strychnine at the home of her sister in the Brownell block in Albina. The woman died about an hour after taking the poison.

The Portland Woolen Mills, located on the Southern Pacific track at Sellwood, is the most extensive institution of the kind on the Pacific Coast, and promises to establish at no distant date, one of Oregon's principal industries. It is an extensive plant and represents an investment of \$75,000 of capital.

A party of seven business men of Illinois arrived in Portland for the purpose of opening up the Nehalem coal fields and rendering them of immediate benefit to that city. The party is composed of J. R. Bell, president of the First National Bank of Sterling; A. G. Ban Patten, a capitalist of Van Patten, Ill.; G. S. Bell, E. I. Woods, B. Jameson and E. Bell.

**DRUGGISTS MUST BE CHARY.**

**They Sell All Kinds of Hair Preparations and Fear to Discriminate.**  
Druggists sell all kinds of hair preparations and as a rule they are wisely chary of giving preference to any particular one, but many of them have come out plainly for Newbro's Herpicide, the new treatment that absolutely kills the dandruff germ. H. Swannell & Son, Champaign, Ill., say: "One customer of ours who did not have a hair on top of his head when he began the use of Herpicide, now has a fair start towards a good head of hair. We believe Herpicide to be by far the best preparation of its kind on the market." Hundreds of similar testimonials from everywhere.

**THUNDER MOUNTAIN.**

**Interests the Eastern People Who Invest Their Cash.**  
Boise, March 25.—Martin Curran, the well known Idaho mining expert, has returned from a visit to Pittsburg. He reports widespread interest in Thunder Mountain throughout the East, and especially among capitalists and investors.  
While in Pittsburg he negotiated the sale of Sunnyside group of claims adjacent to the famous Dewey property, for a price approximating \$100,000. He also received from five mining companies interested in mining properties in Thunder Mountain the sum of \$17,500 for the completion of the wagon road from Boise to that camp. This, with the \$10,000 subscribed by the citizens of Boise makes an available fund of \$27,500 for road building and is regarded as amply sufficient to complete a first-class wagon road. Work on this will begin at once.

**Can't Keep it Secret.**

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for Liver and Bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Try them. 25c at Tallman & Co.'s drug store.

**WE ARE TO GET IT**

**SALMON HATCHERY WILL BE PLACED HERE.**

Master Fish Warden Van Dusen Indorses Krause's Plan for the Scheme.

H. G. Van Dusen, master fish warden, was registered at Hotel St. George last night. Mr. Van Dusen was on his way home to Astoria from the Grand Ronde valley, where he has been looking after the interests connected with the position he holds. His business here was to confer with E. Krause, vice-president of the Oregon Fish and Game Association, with the view of establishing a salmon hatchery in this vicinity. They have a place in view for this purpose, but will not divulge it as yet. Nothing will be done this season, however, as it is too late now to begin such work. It is stated as a certainty that next spring there will be a hatchery established in this immediate vicinity. The site for this hatchery has been in view by Mr. Krause for some time and he has been doing all he could to get a move made toward the end he wished. The ground has now been looked over by the state game and fish warden and he approves Mr. Krause's suggestion with the assurance that next season will see a salmon hatchery here.

**DAWSON RESENTS REPORTS OF EXODUS FROM THERE.**

Indignation is Expressed in the Klondike Capital—Claims That the Prospects are Bright.

Seattle, March 25.—The Times has the following special from Dawson, Y. T.:  
Copies of certain outside papers received here yesterday contain rank fakes regarding damage done to the Klondike by the Treadgold concession. There is not a word of truth in the printed statements that there has been, is or would be any exodus from Dawson.

The message from the Times stating that irresponsible sheets were insisting that business stagnation had resulted, and if there hadn't been an exodus there would be one, was read by me to prominent citizens here. The message caused some indignation but more amusement, as the feeling is that the responsible papers of the cities in which the fakes have been printed will see to it that the truth is known and no damage can possibly result to Dawson.

Instead of an exodus, the influx to Dawson is tremendous, and the prospects for the coming season were never brighter.

Before the correspondents of the scurrilous sheets mentioned above wired their fakes, a message was received from Commissioner Ross, at Ottawa, indicating that there would be a great modification or a rescinding of the Treadgold concession.

The newspapers of Dawson last night and this morning hold the correspondents who sent out the fake up to public indignation and contempt.

**The Vice of Nagging.**

Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. Tallman & Co. guarantee satisfaction.

**SOME STORIETTES.**

**How a Peanut Butcher Fooled Some Homeseekers.**

A good story teller now a guest in the home of a Pendleton citizen, has these to tell on his present visit:

The other day, on a Northern Pacific train, crowded with homeseekers from the east, was approaching Lewiston, Idaho, the "peanut butcher" passed through the cars selling oranges from California. As he reached that part of the train where the homeseekers were thickest, he was heard to yell: "Fresh Lewiston Oranges, Lewiston oranges, right here." And nearly every home-seeker invested in the fruit.

A gentleman in Spokane last winter made arrangements with an egg man to be supplied with "fresh country eggs" or "fresh eggs from the country." The egg man was quite regular in the service until one day in the severest weather he failed to appear. He was seen concerning the gap in the contract and asked to explain. "Why," said he, "there was a snow blockade and the train from the East was delayed." It then dawned upon the consumer's mind that the "fresh eggs from the country" were coming the usual route from the eastern henneries.

**COULDN'T SEE A BUS.**  
Chinaman Has a Bicycle Smashed Up on Main Street.

There is a Chinaman in Pendleton who rides a bicycle, or at least he rode one up to about 3 o'clock on Monday, and now he is mourning because he could not see as big a thing as a hotel bus coming his way, which will cause him to have to walk until he can get some repair work done on his bike. In the afternoon, as the Golden Rule hotel bus was returning to the hotel from the 2:30 mixed O. R. & N. train and as it was crossing Alta street on Main, the Chinaman was coming down Alta on his wheel. The driver of the bus did not see the Chinaman. The Chinaman apparently did not see the bus. He rode his wheel directly into the rig, striking it just behind the team and in front of the front wheel. The driver of the bus could not stop soon enough to save the wheel. The Celestial was thrown to the ground, but sustained no injuries that were noticeable. The wheel did not fare well. The bus passed over the front wheel of the bicycle and completely demolished it.

**Protection for Public Men.**

An Austrian inventor has perfected a garment which, it is claimed, will resist a knife thrust or a bullet from an assassin's pistol. Its adoption will furnish wonderful protection to rulers and public men, and while it is necessary to protect their bodies from harm on the outside, it is infinitely more important to protect them from serious danger on the inside, such as may arise from a disordered stomach, weak kidneys or impure blood. The best health maker and protector known to science is the old reliable Hostetter's Stomach Bitters. For 50 years it has been making sickly people well by curing all such ailments as sick headache, indigestion, dyspepsia, flatulency and insomnia. It is also a splendid spring tonic and blood purifier, and should be in every household.

**Launch of Gould's Yacht.**

New York, March 25.—This is the date set for the launching of Frank J. Gould's new and handsome steam yacht, the Helenita, at the yard of her builders at Morris Heights. The Helenita, which is named after the wife of the owner, has been built in about one hundred days. She will be commanded by Captain B. F. Gardner, and will fly the pennant of the New York Yacht club. The yacht's principal dimensions are 125 feet over all, 23 feet beam, and 10 feet draught. It is the intention of Mr. Gould to go on an extended cruise in the yacht as soon as she is completely equipped.
