GAME TOMORROW

PENDLETON VS. WHITMAN TOMORROW AFTERNOON.

First Game of the Season on the Baseball Grounds in West Pendleton.

Tomorrow Captain Hez Brown's aggregation of athletes and baseball players from Whitman College will cross bats with Captain Ziegler's sturdy players for honors on the diamond. The Whitman boys will arrive on the 2:30 O. R. & N. train and at 3 o'clock they are to assemble at the ball ground in the west end of town.

This is to be the first game for Pendleton this season and is to try their strength for future honors. They are not thoroughly organized yet, as all the players that are to be with the local team are not here and they will go into the field somewhat handicapped. They are still soft and have had only a few days' practice, but in this time they have been putting in the best looks at their command. If they go down in defeat tomorrow it is hoped that the Whitman boys will know that they have been "up against" ball players, at least. Next Sunday in Athena is to be the first of the recently scheduled games between the Pendleton and Athena's famous Yellow Kids and the next games are as the schedule published a few days ago. Brown, the pitcher, will be here in time to take a hand in that game.

The fence will all be finished around the grounds by the time the game is called tomorrow and an admission fee of 25 cents will be charged. This is expected to be a warmly contested game and it being the first of the season, a large crowd is expected to see it.

Following is the line-up of the Whitman team:

G. Marquis, pitcher; R. Ringer, catcher; C. Dement, first base; A. Hauerbach, second base; T. Dutcher, third base; W. Johnston, shortstop; W. Brown, right field; E. Chittenden, center field; F. Perringer, left field.

The Pendleton line-up will be as follows:

Wilner and Dugger, pitchers; Claud Penland, catcher; Clemens, shortstop; Hartman, first base; Clarence Penland, left field; Ziegler, third base; Barlow, right field; Knox, second base; Cornell, center.

Berry to Pitch.

Walla Walla, March 26.—Claude M. Berry will pitch for Walla Walla. He has turned down his Portland offer and will toe the tombstone for his home town during the present baseball season.

Manager Sharpstein returned late last evening from a trip to Touchet station, where Berry is at the present time, and brought this information. He says that the star of last season will be in this city Sunday for practice and will be seen regularly until the playing closes for the year.

FILTH ON MAIN STREET.

Chinaman Sweeps It Into Gutter at Postoffice.

There is a filth hole and disease breeding place in front of the Pendleton postoffice that ought to be looked after. Every Sunday morning a Chinaman scrubs out the front of the postoffice and uses an immense amount of water. This water is swept out into the street and a stagnant pool of filthy water stands along the edge of the sidewalk from one week's end to the next. Filth and stagnant water right in Main street is a disgrace to the town to say nothing of its disease-breeding capacity. It undoubtedly contains germs enough to contaminate every man, woman and child who is compelled to pass it. This Chinaman should be compelled to sweep the water he uses into some other place, where it would run into a sewer and drain off.

TOM WOODS ARRESTED.

Charged With Stealing Wheat—Held on Suspicion.

Tom Woods, also known by the name of Duke, was arrested at his home on the reservation Tuesday by Deputy Sheriff Turner, on suspicion of having stolen wheat belonging to W. W. O'Hara out of the warehouses of William Moore, at Saxe station. Whether or not there is sufficient evidence to hold Woods is not known. Last Saturday night the warehouse at Saxe was entered and 20 sacks of Senora wheat stolen. Yesterday a search warrant was issued for the premises of Richard Roe and John Doe and officers were sent to search the place of each. Sufficient evidence was found to cause the arrest of Woods and he is now in the county jail awaiting further developments. Very little information can be obtained from those who knew the case, as they will not talk, but from what can be gathered the wheat seems to have been taken from the warehouse and sown by Woods. The charge against the second party has been dropped.

Ask to see #111 black hose. We are selling them at 25c; worth 40c. Cleaver Bros' Dry Goods company.

WHOLE FORCE RESIGNED.

Helena Has a Police Mixup of Unpleasant Nature.

Helena, March 26.—The entire police force of this city last night quit their jobs as a result of orders received by the officers from Mayor Frank J. Edwards, given in connection with the republican primaries, which are to be held in this city Thursday night. Edwards is a candidate for re-election and will go before the republican city convention, to be held Friday night, and ask for the nomination.

A strong faction of the party is endeavoring to secure the nomination of Dr. William Treacy, and already the fight between the two factions has grown exceedingly bitter.

The policemen assert that they were personally instructed by the mayor to attend the primaries and to arrest all anti-Edwards republicans. The men favorable to Edwards were to vote a colored ticket and those not having this ticket were to be taken in and locked up until after the primaries were over. After holding a consultation among the men, it was decided it was better to quit now and avoid further trouble with the mayor. Accordingly they handed in their resignations last evening, the members of the night force offering to remain on duty until morning.

Great excitement prevails as a result of this action, and the friends of the mayor have advised charges of bribery against them. Some of the men who quit tonight have been on the force for 14 years.

HAS NO SEWERS.

Baltimore Does Without Such a System.

"Baltimore, a city of over a million population, has no sewer system," said Dr. A. C. Pantou, who, with his wife, has just returned to Portland, from a trip East. "We of Portland need not consider ourselves behind all the big cities of the East," he continued, "because our streets are not in the best of shape. The houses of Baltimore are drained by open gutters, which find their way into Chesapeake Bay, and the sight of streams of slop flowing down the inclines is not a pleasant one to a Portlander, who is used to a good sewer system and plenty of pure water. When we were in the Maryland metropolis a few weeks ago, these gutters were frozen, and the streams of filth were therefore blocked up in consequence. When the thaw comes the stench must be intolerable. Added to these open gutters there is an out-of-date system of cesspools throughout the city, and these are cleaned once a year or so. The state, however, is expected to come to the city's aid and authorize the issuance of several million dollars' worth of bonds with which to construct a sewer system. This will be a tremendous task and take several years to complete."

Colonel Watterson's Names.

Colonel Watterson's pet epithet, is "the broncho-buster in the White House"; but it is not safe to assume that he admires the buster any the less. Mark Hanna is "that sleek, smooth-shaven gentleman who is field marshal of the old guard, past grand master of McKinley, lodge, Knights of the American Protective System, and dean of the ancient Order of Robber Barons."

Can't Keep it Secret.

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for Liver and Bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Try them. 25c at Tallman & Co.'s drug store.
