FIRST GAME OF SEASON WAS WON BY WHITMAN

Score Was 5 to 2-Day was Windy and Cold-McCarty's Great Umpiring-Good Attendance.

Whitman Collège-6. Pendleton-2

It was by such a score that Whitman College won the first base ball game of the season in this town, and it was won against the local aggregation that was not in practice and that made a good showing when the cimcumstances are taken into account. The wind blew steadily from the west sweeping over the field great clouds of dust to fill the eyes of players and rooters alike, and make it difficult for the best work of the former. There was intense interest on the part of local fans, who for the first time were to have an opportunity to judge as to what sort of men are to carry Pendleton's banner throughout the base ball season. The verdiet is that the local cranks have high hopes, and expect good results when the handicap of lack of practice shall have been removed.

able feat of going through the game during the season. without one kick from one of the spectators. Every decision was in-

long as he wishes. was 36 times at bat, Whitman 36. The ting eyes. scorer chalked up errors as follows: One each against Cornell, Ziegler, Knox, Wilner, Hartman, Claude Penland, Clemens, for Pendleton; and against Johnson, Hauerbach, Lewis, Brown, one each, with two against

Marquis was in good form, and great speed as did Wilner.

The game was without special featexhibition for first ball of the season.

Totals .. ..... 36 2 5 27 18 7 A baseball crank makes the following observations on the Pendleton

Wilner's Good Work.

Wilner pitched a remarkably good game for a player who has only had a few days of practice. Sunday last was his first appearance on a ball field this season, and in the few days practice he has had he conditioned with credit to himself. While he did not use his speed and curves to the extent that he is capable, he had the college boys guessing about all the time. They secured only five hits off his delivery. Words of praise only work on the slab, and his good con- items: trol of the ball.

Knox Will Be All Right.

Knox has had just enough of prac- in Weston Friday. tice to develop sore muscles. He was placed on second base in order that he could save himself from the injury which would result from long throws. His regular position is left field, and the public school. when he rids himself of his soreness local team. His batting eye is not keen enough as yet to enable him to meet the ball properly. His batting last season was a matter of comment tain.

throughout the Pacific Northwest tuted at Milton last Saturday evening he will drive to drink many of the stances. The Athena degree team exold artists doing business in this part emplified the work, and after the corof the country.

Fenlands' Good Showing.

Captain Ziegler is greatly pleased Pearle Wills were present from Weswith the manner in which the local ton. hoys showed up in yesterday's game. He regrets that he cannot play the Penlands regularly.

Barlow Promising.

Barlow in right field is a youngster the game. Yesterday he batted against a left-handed pitcher, but notwithstanding that fact, he succeeded in connecting safely a couple of times with the shoots of Marquis. His position at the plate and the swing of his bat mark him as a natural batter. With necessary coaching in the field and on the bases, he will

Hartman Like a Professional.

Hartman, on first, did good work. 'George Jr." is in the game from start to finish. He is a hard worker and plays like a professional.

Clemens a Demonstrated Success.

Clemens at short showed up well acre patch only froze out. both in the field and at bat. He is a Umpire McCarty, the famous short demonstrated success who will do stop of Tacoma, achieved the remark- much to win success for the team

He also is a victim, of the cold winds of the valley and longs for dorsed by the crowd, although many warm weather and another opportuwere close, and doubtful. Pendleton of practice, soreness and weak bat-

Cornell Will Work Weil.

Cornell, in center field, also shows lack of practice, "Shelby," by his work here last season, has made for himself a warm place in the hearts of the local erthusiasts, and will round into form with the coming of warm weather. In practice, a day or two ago, he injured one of his fingers ures, and on the whole, was a good catching a fly ball. This interferred considerably with his batting and fielding yesterday.

Ziegler, at third, is troubled with a very sore arm, and also needs more of batting practice to be able to connect with the sphere. But that he will soon be in form no one in the least doubts, who has seen his work.

Ziegler Has Goods.

Captain Ziegler has been selected by an Eastern concern, which manufactures baseball supplies, to dispose of its output in Pendleton and surrounding towns and cities. Mr. Ziegler has associated with himself in this matter, L. Frazier, whose store is located on Main street. The goods handled are among the best of their kind in the country, and Mr. Ziegler's experience with baseball supplies has enabled him to make a good selection. Out of town orders will be given prompt attention and local patronage is solicited.

Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalied. Beware of counterfeits. Tallman & Co. and Brock & McComas.

Freewater has the baseball fever, he will be a tower of strength to the and will put a team in the field. The Times reports that an organization has been effected, with F. P. Miller as manager and A. B. Manela as cap-

Jake Clark, one of Weston's bestknown early settlers, came in Tuesday to register. Mr. Clark has been kept rather close at home since last November with asthma and other troubles, but is now reviving with the bright spring weather.

The Farmers' Bank of Weston will be compelled to resow 80 acres of grain on reservation mountain, south of this city, which for some unknown reason failed to come up except in sickly fashion, although neighboring fields were thrifty. It is thought that the field was seeded too deeply with a disc drill on fresh plowing.

Louis Christenson, who was in town Saturday, reports that cougar hunters would be welcomed on reservation mountain. These beasts are becoming bold and recently one stalked a little daughter of Mr. Pamburn, al-thought fortunately it did not attack the child. Liberal rewards are offered by mountain settlers for each cougar destroyed.
