Marvelous Elixir of Life Discovered by Famous Doctor—Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy Is Free to All Who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realm of medical science, Dr. James William Kidd, Balmes building, Fort Wayne, Indiana, makes the startling announcement that he has

Dr. James William Kidd

surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free to any one who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The same have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as if by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs, or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

EAST END NOTES.

Furnished by the Two Papers of Milton and Freewater.

The Milton Eagle supplies the East Oregonian with the following items: G. A. Nichols has accepted a position as business manager of an Adventist college at Barron Springs, Mich., and departs Wednesday to assume his duties.

D. J. Phelps, of the Bee Hive store, shipped 600 dozen eggs to points east of the mountains this week. The Milton hen has at last awakened to a sense of her responsibility, and as a result the local market is glutted.

Henry Lloyd returned to Milton Sunday from Moscow, Idaho, where he has been for the past five months in the employ of the Seattle Grain Company. Henry has but recently recovered from the smallpox and expects to take a vacation of several weeks.

Freewater Notes.

The Times at Freewater furnishes the following items:

Alfred Salberger died Sunday of consumption at the home of his parents, below Freewater. He had but lately returned from Seattle, where he had been in hopes of regaining his health. The funeral services took place at the family home Sunday. The deceased was 21 years of age.

This vicinity is credited with many wondrous things in fruit and berry culture, but Frank J. Berry claps the climax by raising strawberries during the past stormy weeks. At his Freewater garden plot he has berries half grown that were sheltered by sod partially turned over them during their last cultivation. They are of an excellent variety and Frank is wishing now that he had enough to supply an early April market.

Freewater is a dry town this week and will remain so until such future time as the city council sees fit to grant permission for the sale of liquor. In all probability two licenses will be granted at the next meeting of the council, Monday, March 31. At the present time there is no liquor being sold here, and those whose thirst cannot be assuaged may take their choice of going to the Walla Walla saloons, or joining the social and commercial club in the temperance town of Milton.

Protection for Public Men.

An Austrian inventor has perfected a garment which, it is claimed, will resist a knife thrust or a bullet from an assassin's pistol. Its adoption will furnish wonderful protection to rulers and public men, and while it is necessary to protect their bodies from harm on the outside, it is infinitely more important to protect them from serious danger on the inside, such as may arise from a disordered stomach, weak kidneys or impure blood. The best health maker and protector known to science is the old reliable Hostetter's Stomach Bitters. For 50 years it has been making sickly people well by curing all such ailments as sick headache, indigestion, dyspepsia, flatulency and insomnia. It is also a splendid spring tonic and blood purifier, and should be in every household.

"Has Beens" Want Some Trouble.

The "Has Beens" of this town, a baseball aggregation that existed in times past, desire now to go up against Manager Cohen's Cowboys to give the latter some practice, and incidentally to earn somewhat of glory on the rectangular field. They, therefore, authorize the East Oregonian to extend an invitation to the regulars to meet them at any time in the future at the Alta street grounds, and there demonstrate the superiority or otherwise of the aforesaid regulars. Ed Dupuis, Jake Marin, he who won honors in the Philippines, Bob Cronin, three pitchers, Phat Turner, Elmer Turner, Charles Shockey, J. Van Wilson, and some others will constitute the "Has Beens," who will endeavor to prove that they are entitled to change their names and be called the "Will Bes."

A Rummage Sale.

The young ladies of the St. Agnes Guild will hold a "Rummage Sale" Monday afternoon and evening, April 1st, at the Parish House, next door to Episcopal church. This is the place to find bargains in clothing, household articles, books, magazines, etc. In addition to the rummage sale there will be fancy articles, cut flowers, aprons, etc., for sale. Light refreshments will be served and a pleasant time is assured all of those who attend.

A Unique and Historic Robe.

The infant child of Mr. and Mrs. Charles H. Gribble will be baptized and christened on Easter Sunday, at Galloway chapel, M. E. church, South, Rev. E. B. Jones, pastor, officiating, at the 11 o'clock a. m. service, in a baptismal robe that is more than 100 years old, and that has been used on about 50 similar occasions. This beautiful robe was woven by one of the maternal ancestors of the child that is to wear it on this occasion, and it is beautifully trimmed with costly lace, and is quite an object of interest in this day of machine-made garments.

Dr. Thomas Dunn English, author of "Ben Bolt," who has been dangerously ill at his home in New York, is improving and will probably recover.

JOHN S. KEES' SIDE WON IN MACCABEE CONTEST.

They Secured the Greater Number of New Members for the Local Tent.

Tuesday evening the Maccabees enjoyed their oyster supper and program which was prepared by the losing side of the contest for members which lasted a month. During this time 32 names were received in the order by the two opposing sides. J. S. Kees was captain of the winning crowd, and George A. Robbins led the losing side, with about 50 on each side. The program consisted of a cake walk by the little daughter of Mr. and Mrs. Joe Parkes and Sam Endicott, comic reading by Dr. C. J. Miller, recitation by Perry Houser and songs by the Misses Parkes which was followed by an address on fraternalism, by Charles E. Comstock.

The local Maccabees are feeling quite jubilant over their success in getting members to swell their roll and have won a beautiful book case with 100 volumes of the latest books by standard authors, which is given as a prize by the supreme tent to every lodge that gets more than 25 members within 90 days. The book case and books will be ordered in a few days and will be here soon.

POSTAL CLERKS' RAISE.

Walla Walla Employees Have \$100 More a Year.

Postmaster Brunton, of Walla Walla, has received word that a raise of \$100 per year would be made in the case of all the clerks in that office whose salaries does not reach above \$1000. This will affect five of the workers for Uncle Sam in the Walla Walla office and the rise will go into effect beginning the 1st of July. This rise is not general and does not effect the Pendleton office, although an effort will be made to get a raise for the employees here. These advances in salary are made through the recommendation of the postmasters of each office who send in their application for a raise when they think it is deserving and the federal department acts on the suggestion when they think it is deserving.

DRUGGISTS MUST BE CHARY.

They Sell All Kinds of Hair Preparations and Fear to Discriminate.

Druggists sell all kinds of hair preparations and as a rule they are wisely chary of giving preference to any particular one, but many of them have come out plainly for Newbro's Herpicide, the new treatment that absolutely kills the dandruff germ. H. Swannell & Son, Champaign, Ill., say: "One customer of ours who did not have a hair on top of his head when he began the use of Herpicide, now has a fair start towards a good head of hair. We believe Herpicide to be by far the best preparation of its kind on the market." Hundreds of similar testimonials from everywhere.

RICHARDSON SUES.

Desires to Collect From McCorkell and McEachern.

A suit was filed in the district court for Umatilla county Wednesday afternoon by D. B. Richardson, the general merchandiser of Helix, against James McCorkell and Neal McEachern, for judgment in the sum of \$1793.50 alleged due on certain promissory note executed and delivered to plaintiff on the 13th day of February, 1901. In addition to the amount of the face of the note, plaintiff asks judgment for the sum of \$250 attorneys' fees, besides interest at the rate of 10 per cent per annum, and the costs of action. R. J. Slater is plaintiff's attorney.

Robbed of \$40.

Mrs. Ida Hamblen, who is making a tour as grand organizer of the Royal Neighbors, while at Ellensburg, Wash., was fleeced of \$40. While she was attending a banquet at one of the prominent hotels, the money was taken from a hand satchel which she had with her. There was no definite clue to the thief at the time she wrote, but there was hopes that the money would be recovered. The loss detained Mrs. Hamblen at Ellensburg for several days.

PERIODS OF PAIN.

Miss Gertrude Williams, Chaplain of Woman's Christian Association of Detroit, and Two Other Women, Tell How Lydia E. Pinkham's Vegetable Compound Cures Periodic Suffering.

While no woman is entirely free from periodical suffering, it does not seem to have been the plan of nature that woman should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science. It relieves the condition which produces so much discomfort and robs menstruation of its terrors.

MISS GERTRUDE WILLIAMS.

"DEAR MRS. PINKHAM:—and dear friend, for such your medicine has proved to me; 'a friend in need is a friend indeed.' For several years I suffered from Menorrhagia, or profuse and painful menstruation, until my vitality was well nigh gone, and as a last resort I took six bottles of Lydia E. Pinkham's Vegetable Compound and was restored to health, to the surprise of my friends, and I now sing its praises. Gratefully yours, MISS GERTRUDE WILLIAMS, 75 Columbia St., West Detroit, Mich."

Two More Sufferers Relieved.

"DEAR MRS. PINKHAM:—I had been a sufferer of suppression of the menses from girlhood, always appearing after time and causing great pain compelling me to keep my bed. I tried a number of doctors but without relief. Having read so many testimonials about the good Lydia E. Pinkham's Vegetable Compound had done, I decided to try it. After using only one bottle I felt much better. I continued its use and the health and strength that I have today I feel I owe to you."—Mrs. CHAS. B. GILL, 1012 Winter St., Philadelphia, Pa.

"DEAR MRS. PINKHAM:—I write to let you know how thankful I feel toward you and your remedy. Words cannot express the benefit I have received from Lydia E. Pinkham's Vegetable Compound. I had been troubled with my periods being very irregular and painful, also suffered with my back and kidneys, but now I feel like a new woman. I cheerfully recommend your remedies to any one suffering as I was."—Mrs. JAMES COX, 528 Washington St., Camden, N.J.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.
