PENDLETON TEAM WERE VICTORIOUS

Won From Athena by a Score of 7 to 4 on Sunday Afternoon at Athena.

Pendleton, 7.
Athena, 4.

That was the way the score stood in the baseball game at Athena between Pendleton and Athena at the end of the ninth inning on Sunday afternoon.

The game was played in the presence of 700 or 800 people, although the afternoon was raw and disagreeable. The forenoon of Sunday and up until after the special train left here the day had been fine, and between 350 and 400 people gathered at the O. R. & N. depot at 1 o'clock and bought tickets for the special train. Several more boarded the train at Adams and when Athena was reached one of the largest throngs of baseball enthusiasts marched to the grounds and gathered around the diamond that ever witnessed an exhibition of this kind in that town.

Promptly at 2:30 the game was called and Doc Osborn's 'Yellow Kids' went into the field. Pendleton took the bat and Robert Brown, the catcher, was the first man at bat. He had two strikes called on him and the third one he sent into the left field and made a home run. This caused much enthusiasm among the Pendleton rooters, and was the only home run made by Pendleton. One was made by Brown, of Athena, in the same inning. When Pendleton's Brown made his sensational hit and home run, baseball stock in the Pendleton crowd went up several notches, and all agreed that Athena would not be "in it." However, this was the only score when Athena had four. By this time the tune of the Pendleton rooters had changed and they began to feel a little uneasy for the result.

Up to this time Dugger had been in the box and Athena's batters had been able to find him right along. At the end of the third inning Wilner was put in the box and he threw such balls as seemed to unnerv Athena's players. After this they did not make a tally, and Pendleton began to crawl up on them. In the fourth inning Pendleton made one run, in the fifth none, but in the sixth made three. Then Athena held the local boys down until the last inning, when Pendleton's score was swelled two more, making seven runs.

Pendleton stole two bases but Athena did not steal any. Brown, Pendleton's catcher, is a wonder. He had not practiced with the team at all and had not played a game this season, but he never let a ball pass him when behind the bat and was a safe hitter as well as a swift runner.

James McCarthy, of Tacoma, umpired the game and there was no jangling, as his decisions were always correct and neither side had a kick at him during the whole of the game. Charles A. Maskrey, of Pendleton, and Doc Osborn, manager of the Athena team, scored. The game was void of any disagreeable features among the players, and the only thing that detracted from the game was an occasional fistic encounter between the rooters for the two teams.

ALL THE SAME LIKE THAT OF MR. DOOLEY.

The Athena Press' Reflections, Humorous and Otherwise.

The Athena Press in this week's issue, gives its readers a touch of Dooleyism, as follows:

"Mister Flynn, the smartest editor on the Pacific coast today is, in my individual estimation, McTodd, of the Pendleton Tribune. Wid the assistance ave Col. Par-sons, he has difated an' elevated the popylist par-ty clane out ave home an' birt right in the dimicratic parthy, so he has.

"Wid icialtional cour-rage an' foresight, Mister McTodd is now tellin' the democrats what to do. Yister-day's primarys don't seem to suit him at-all at-all, an' now he has turned his attentions to the convintion Saturday, which is toworow in Pendleton. Ye see, Flynn, McTodd is a streuse sort o' a fellie an' he's bound to win out some way.

"I'm glad to see me young frind whale into line fur Billy Furnish. It made me quid heart sthup flutterin' an' me spine draw up like a fiddle-str-r-ring whin he, coltish like, moind ye, jumped forinist the traces whin Sammy Jackson trotted out our Billy and his two year old republican record, for governor ave Or-r-region in his well-known dimicratic paper. McTadd didn't like it, to be sure, begob, for the boy blaved his infloonce was bein' overlooked fur somethin' better, do ye moind. It's all pie wid him now, fur loike the rist ave us, he thinks the Yeast Oregonian is a pret-

ty good raypublican sheet, don't ye see?

"Well, McTodd if full o' hot air an' Milton pr-runes, Mister McNutt," said Mr. Flynn, "if he thinks Billy Furnish is out of the race, nor don't know a good thing whin he sees it."

"Be ye goin' to attend the dimicratic Killkenny wake, in Pindleton Saturday, Mr. Flynn?"

"I am. Be you, Mr. McNutt?"

"I be."

The Press editorially has the following anent the assembling of the democratic county conv'n in Pendleton on Saturday.

The democratic county convention is to be held at Pendleton tomorrow. It has long been conceded that two popular Athena men will receive just recognition by this convention when the nominations are made. Reference is made to W. D. Chamberlain for clerk, and T. D. Taylor for sheriff. Personally the Press would like to see an exceptionally strong legislative ticket nominated, and after carefully canvassing the situation, it believes no heavier weight or more strength could be given to the head of the ticket than to give the combination for state senator to Dr. C. J. Smith, of Pendleton, and for representatives to W. M. Blakley, of the same town, and to "Billy" Goodman, of Hudson Bay. These three men would give a tower of strength to the ticket. They would add solidity of popularity, business sense, executive ability and judgment such as no other three names' within our knowledge could give it. Further this paper would be pleased to support Charles Marsh, of Weston, to take "Jim" Maloney's place as county recorder. It considers him the strongest man the democrats could possibly muster for this important office. It would be bad policy for the democratic convention to follow in the footsteps of our republican and ignore Milton's importance. An assessor from the "east end," be he a man of recognized clerical ability, would have no material trouble in winning from the republican third-term candidate. A candidate for treasurer from over in that section would not look bad to us. The democrats of Umatilla county never had a better opportunity for a sweeping success at the polls than they have in this campaign. If they do not grasp the possibilities of this opportunity, with all it means to them, for success in the future, they will be simply standing in their own light. The political iron of democratic success in this county is red hot. Why not strike it and make it hard?

The New Issue in Temperance.

"WHISKY MEDICINES."

THE VOICE,
The Leading Temperance Paper, Sounds the Call to a New Crusade in the Following Article.

"ANOTHER HEAD ON THE HYDRA."

"It is time attention was drawn to a form of alcoholic traffic that seems to have been overlooked by those engaged in the crusade against the rum power. If, as is believed and taught, alcohol is most dangerous when it fights in ambush, if it is most to be dreaded when it finds its first entrance to the system in the pleasant sauces and dishes of the home, then the form of alcoholic traffic in question is doubly dangerous, for it comes in the guise of medicine and attacks a system prepared by weakness to easily surrender to the assault. In many

PATENT MEDICINES

which are largely consumed throughout the country, by all classes of people, there is a percentage of alcohol which puts them on a level with beer, rum and whisky as intoxicants. It is the smallest only of the dose prescribed which prevents a prompt recognition of the intoxicating effects of these so-called medicines by those who use them.

"It is safe to affirm that they are

MEDICINES IN NAME ONLY.

Their chief value lies in their alcoholic effect as a stimulant. In fact, those who know, attribute the benefits ascribed to this class of medicines wholly to the stimulative effect of the alcohol they contain. They are used largely by persons not in the habit of drinking liquors, and the little dose taken three or four times a day is as stimulating to these people as his regular "finger" of "biters" is to the regular liquor-drinker.

WHAT CAN BE DONE?

"What ought to be done at least is to compel every patent-medicine manufacturer to put on the wrapper of his bottle the quantity of alcohol it contains. That would at least leave people to exercise their own judgments. More than that, no paper truly interested in temperance reform should print the advertisement of any alcoholic medicine. It should be the duty of every temperance organization and branch in the country to look into this question, agitate it, and deal with the facts just as earnestly and as honestly as other facts have been dealt with."

Appreciating the gravity of the issue raised by the strong statement of facts made in the foregoing article, we wish to call general attention to the fact that Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription contain

NO ALCOHOL, NO WHISKY, NO INTOXICANT OF ANY KIND.

These medicines are equally free from opium and other narcotics.

They are in the strictest meaning of the words, *temperance medicines*. Of no other medicine, put up especially for woman's use can it be truthfully affirmed, as of Dr. Pierce's Favorite Prescription, that it contains neither alcohol nor opium or other narcotic in any form.

While the negative features of Doctor Pierce's medicines may only interest some of the readers of this article, the positive features of these medicines must be of interest to every one. The great value of "Golden Medical Discovery" in the cure of diseased or deranged conditions of the stomach and digestive and nutritive organs is testified to by tens of thousands who have found health and healing in this great remedy. The "Discovery" increases the action of the blood-making glands, and by curing the diseases which corrupt and cripple the stomach and digestive and nutritive organs, it enables a full and pure supply of blood to be sent to every part of the body.

WOMEN KNOW ITS WORTH.

Women who are always appreciative of benefits, have been especially appreciative of the benefits following the use of Dr. Pierce's Favorite Prescription. Its wonderful cures of irregularities, inflammations, ulcerations and female troubles, have caused women to name it, "that God-send to women." It is entitled to wear the "blue ribbon" of merit as well as the blue ribbon of temperance.
