WANTED.

NTED ADVERTISERS TO MAKE USE of these classified columns. If you have anything you have no use for, offer to trade it for something that some other party may have and have no use for, something that you may need in your business. Or you may have an extra horse that you might wish to trade for a cow or a vehicle. Somebody may have the cow and vehicle you want the horse. A fifteen or twenty-cent want add will probably do the business.

Sunshine Needed.

Walla Walla, April 9.—Farmers are clamoring for warm sunshine and real spring weather, that the grain and vegetables may have a chance to grow, as is usual at this season. So far, but little growing weather has been had here, and everything is late in consequence. The recent rains have furnished the moisture, and now with a few days of bright weather, everything will take on the appearance of spring. Grain needs warmth badly, and but little growth will come before the soil is thoroughly warmed. The gardeners are also needing sunshine as vegetables are late, and the market is very strong just now, with prices high.

CROP REVIEW.

Director Beals Refers to the Conditions Hereabouts.

In the crop review issued from Portland, Director Beals thus refers to conditions in this region:

In Morrow and Umatilla counties considerable wheat was winter-killed, and the damaged areas were re-seeded in March. In this section the fields now look rather spotted, but the crop is growing nicely and is in as promising a condition as could be expected under the circumstances. Considerable gardening and potato planting has been done, and the farmers are beginning to prepare their land for corn. Hop vines have just started, but it is too early yet to tell how they are coming up. Grass in the meadows and on the ranges is now growing rapidly, but it is unusually slow in starting and cattle had to be winter fed longer than usual. The cattle in the west sections are just beginning to find feed enough in the pastures, and in the east sections most of the stock is still on the winter ranges. Lambing is about finished, and the increase in the flocks has been up to the average. Peaches, apricots, cherries and early plums are in bloom and fruit has as yet suffered no damage by frost or cold rains. The peach trees in Wasco county are reported to have been damaged by the cold spell in mid-winter and reports are that only half a crop will be gathered this year from that county.

Shot in His Left Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in case of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years by a gunshot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes cured me. Tallman & Co. and Brock & McComas.

SHEARING IN FULL BLAST.

Shearing Crews Start Work in all Sections—Wool Clip Will Be Excellent.

Sheep shearing has begun in many places in Umatilla county and by the 20th of this month it will be in full blast all over the country. The shearing from now on will be mostly ewes.

In the sand country, on the Columbia river, general shearing began first and from there it will spread up into the immediate territory of Pendleton and from here into the interior country by the last of the month.

The bucks were shorn early for the reason that they are more hardy than the ewes and then the sheep men claim, to take off their wool early gives them a start, their wool being longer in the fall, when it commands a better sale. It is aslo claimed that the early sheared bucks will get fat earlier.

Many shearing crews have already organized and started out. The price being paid this season is 7 cents per sheep. There has been no effort among the shearers of this county to raise the price, as reported from other parts of the state. It is also said that the clip this season will be longer and of a better texture than usual.

Lambing Has Commenced.

Lambing is now in full blast over the county. The early lambs begin to make their appearance during the last of March and this lasts all through April and into the first week of May. Few losses have been reported and the sheep men are having good luck with their lambs. Very few of the earliest ones were lost and but little complaint has been heard. Nights now are getting warmer and conditions are favorable.

Wields a Sharp Ax.

Millions marvel at the multitude of maladies cut off by Dr. King's New Life Pills—the most distressing, too. Stomach, Liver and Bowel troubles—Dyspepsia, Loss of Appetite, Jaundice, Billiousness, Fever, Malaria, all fall before these wonder workers. 25c at Tallman & Co's drug store.

CATTLE VS. SHEEP

STOCKMEN THREATEN WAR IN GRANT COUNTY.

Residents of Greenhorn District Give Notice to Sheepmen, Which Must Be Heeded or There Will Be Trouble.

Word comes from Northern Grant county to the effect that the war between sheep and cattle men of what is called the Greenhorn section, has again been renewed. For the past several years a bitter fight has been on between the rangers of the sheep and cattle country and where the trouble will end cannot be foreseen. The cattle men have declared that no sheep can run at large in their territory and they have issued the following notice, which they declare they will not deviate from:

"We, the undersigned miners and residents of the Greenhorn district, situated in Grant county, do solemnly refuse to let sheep graze on said ground."

This edict is said to be against every hoof of sheep and does not simply mean that people of other parts of the country cannot bring in their sheep and range on the cattle men's territory, but means that not a single sheep will be allowed to run at large in the territory that this notice covers. Not even the man who lives in the immediate section will be allowed to range his sheep off his own land.

The notice is said to be signed by most of the cattle men in the Greenhorn country and trouble will certainly result if they undertake to carry out the order.
