

## LEOPOLD'S THRONE TOTTERS

May Fall, as the King  
Feeble With Age.

## ARMY ENCOUNTERS

BETWEEN PEOPLE AND POLICE  
Use Revolvers Freely in the  
Ranks of the Laborers and  
Coal Miners Throughout Bel-

gium. April 10.—Soldier re-  
portedly called out this morning  
in view of the growing  
trouble instigated by the social-  
ists. When mustered out it was  
the disension had spread to  
the ranks and the men defied their  
officers. They hooted at the govern-  
ment and sang revolutionary songs.  
The situation here is most serious.  
There have been four different en-  
counters between the police and the  
soldiers and more are threatened. The  
soldiers used revolvers freely and  
returned the fire, fifty persons,  
including two policemen, were in-  
jured. To add to the seriousness of  
the situation unrest is spreading  
among the miners and a strike of  
the laborers throughout Belgium is  
feared.

Leopold's Throne Totters.  
The troubles connected with King  
Leopold's feebleness from old age  
and the government and the  
socialists are greatly  
majority and appear to have  
the sympathy of a large body of the  
people. They demand a republic and  
stand on the brink of a revo-  
lution with no certainty where the  
will end.

Mob Again Violent.  
The soldiers, April 10.—Violent dem-  
onstrations were renewed this after-  
noon around the parliament house,  
the palace of King Leopold and  
Albert. Many arrests were  
made. Drivers of public vehicles  
were the socialist procession and  
by a man carrying a red flag,  
before the town hall. The  
mob, who mutilated when ordered  
to disperse, have been recalled.  
Artillery Called Out.  
The burgomaster of Liege called  
out the artillery and the civil guards.  
The soldiers were also sent to Charleroi.  
A successful attempt to dynamite  
the public club at Houndengaim-  
ar Mons, was made today.  
Bombs were exploded against  
the building, but no damage was  
done.

New Home Dedicated.  
Falls, S. D., April 10.—Mem-  
bers of the Benevolent Protective Or-  
der of Elks came from all parts of  
the state today to attend the  
dedication of the new Elks' building.  
Exalted Ruler Pickett and other  
official officers were here. Large  
numbers from Nebraska, the Dako-  
tas and Iowa came, and  
representatives of Omaha, Minneapolis,  
St. Paul and Huron as  
the ceremonies. The visit-  
ing delegation was warmly  
welcomed at the railway de-  
pot and escorted to the  
dedicatory exercises  
held in the Auditorium early  
this afternoon. The dedicatory ad-  
dress was by Grand Exalted Ruler  
and there was an attractive  
program. At the conclusion  
of the exercises the members of the  
order formed in procession and  
went to the new Elks hall where  
the reception and ball tonight  
will be brilliant affairs.

Departs From Charleston.  
Washington, April 10.—President  
Roosevelt left this afternoon, carry-  
ing his delightful memories of  
the South's hospitality and pat-  
ience during his sojourn here not  
unattended incident occurred.  
The party were driven to  
Forest tea plantation, after  
their journey northward began.

Talmadge's Illness.  
Atlantic City, April 10.—The con-  
ductor Talmadge this morning  
is reported to have no change. Another  
visit of physicians will be  
made this afternoon.

## A WOMAN'S INSANE ACT

KILLED HER HUSBAND,  
CHILD AND HERSELF.

The Murdered Man a Nephew of  
Henry Bucey, Well Known in Pen-  
dleton, Where He Practiced Law  
Several Years.  
Everett, April 10.—A shocking  
tragedy occurred shortly after 7  
o'clock last evening when Mrs. Shep-  
ard Bucey, wife of the assistant cash-  
ier of the American National Bank,  
killed her husband, their 4-year-old  
son and herself in a fit of insanity.  
In the parlor with the head toward  
the window, lay the body of Mrs.  
Bucey, shot through the heart; by her  
side was her 4-year-old son, Eugene,  
with a bullet hole through his head,  
and in the dining room, adjoining  
the parlor, was Bucey's body, with  
two bullet holes behind the left ear.  
The clenched hand of Mrs. Bucey still  
retained a smoking revolver when as-  
sistance arrived at the house.

The most reliable account of the  
tragedy is told by a servant, Eliza-  
beth McNulty, who said: "I was in  
the kitchen when Mrs. Bucey fired the  
first shot. I started in, but seeing  
her come with a smoking revolver, I  
returned to the kitchen, where Mrs.  
Bucey's mother was with the 18-  
months-old baby. With the second  
shot the lady started into the room  
when Mrs. Bucey ran up to her hus-  
band and fired two shots through his  
head.  
"His mother cried out, 'Oh she has  
killed my boy!'  
"Mrs. Bucey then shot herself.  
There is no other cause which I can  
imagine but insanity."  
Shepard B. Bucey was one of the  
most respected young men of this  
city. He had been a resident here for  
a number of years and was a nephew  
of Henry Bucey, of Tacoma.

Henry Bucey is well known in Pen-  
dleton, where he lived for a number  
of years. He is a lawyer and was a  
partner of Judge G. W. Walker, who  
died ten or more years ago. Mr. Bucey  
went from Pendleton to Tacoma.  
His nephew, the man killed at Ever-  
ett, is not known here.

## GENERAL BOOTH'S NATAL DAY.

The Seventy-third Anniversary of His  
Birth Celebrated.  
London, April 10.—General William  
Booth today celebrated the seventy-  
third anniversary of his birth. He  
has received telegrams from every  
corner of the earth, facilitating him  
upon the event. He has recovered  
from his serious illness of the past  
winter and the severe work of receiv-  
ing his friends and attending the ju-  
bilee meetings of the Salvation Army  
did not seem to fatigue him. It is  
announced that his visit to America,  
which was deferred because of his  
illness will probably take place next  
fall.

General Booth was born at Notting-  
ham in 1829 and became a minister  
of the Methodist New Connection in  
1860. In 1861 he began his career as  
an evangelist, and his pathway led  
him to London. There in the east  
End he started in July, 1865, the work  
he called "The Christian Mission."  
This work, organized on mission  
lines, was the germ of the Salvation  
Army, which name he adopted in  
1878. The army spread over all the  
world until now it numbers more  
than 500 camps and outposts estab-  
lished in Great Britain, Ireland, the  
United States, France, Australasia, India,  
Africa, Canada, Holland, Scandina-  
via, Belgium, Italy, Japan, West In-  
dies, South America and other parts  
of the world. It has about 15,000 of-  
ficers employed exclusively in its ser-  
vice, and the number of its services  
is upwards of 80,000 each week. The  
organ of the army was established by  
General Booth in 1880 under the title  
of the War Cry. It is published  
weekly in England at the general  
headquarters, and simultaneously at  
each of the colonial and foreign head-  
quarters. At present there are nearly  
forty weekly War Crys, with a cir-  
culation of nearly 1,000,000. In 1890  
General Booth published the book of  
the year, "In Darkest England." He  
managed the charities springing up  
from the agitation following upon the  
publication, and has been assisted in  
this work by some of the most nota-  
ble men in England.

Roosevelt returned today from Cuba.  
She said she enjoyed the trip im-  
mensely.

Atlantic City, April 10.—Mrs. Robert  
Roosevelt, a cousin of President  
Roosevelt, died of heart trouble in  
this city this morning.

AND W. F. BUTCHER, OF BAKER FOR CONGRESS.

Ex-Governor Sylvester Penney Will Probably Be Indorsed for United States Senator, and Judge Hamilton, of Douglas, Will Be Nominated for Supreme Bench—Hitch in Convention Proceedings on Question of Philippines.

Portland, April 10.—State Chair-  
man Samuel White called the demo-  
cratic state convention to order this  
morning in the Catholic Foresters'  
hall in the Hibernian building, at  
11:15 o'clock, with a brief and point-  
ed speech. E. R. Skipworth, of Lane,  
was elected temporary chairman. The  
permanent chairman of the conven-  
tion is A. D. Stillman, of Umatilla;  
Charles Galloway, of Yamhill, secre-  
tary; R. B. Montague, of Multnomah,  
assistant secretary. On committees  
of assignment of Eastern Oregon dele-  
gates, were: credentials, Charles  
Chance, of Baker; permanent organi-  
zation, B. F. Wilson, of Union; plat-  
form, A. P. Hill, of Crook, E. P. Wier,  
Gilliam; V. G. Cozad, Grant; Thorn-  
ton Williams, Harney; William Mor-  
fitt, Malheur; John Fulton, Sherman;  
E. D. Boyd, Umatilla; T. H. Craw-  
ford, Union; J. S. Smith, Wallowa;  
F. A. Seufert, Wasco; E. L. Keeton,  
Wheeler.

After these assignments the con-  
vention adjourned until 2 o'clock.

Convention Reassembles.  
Portland, April 10.—At 2:45 o'clock  
the convention reassembled. The  
committee on credentials made its  
report, which was adopted.  
The following nominations are  
practically certain: J. H. Raley, of  
Umatilla, for attorney-general; W. F.  
Butcher, of Baker, for congress, sec-  
ond district; E. E. Bragg, Union, for  
superintendent of schools; probably  
Henry Blackman, of Heppner, for  
treasurer. Nominations will be very  
late.

Chamberlain by Acclamation.  
There is no doubt that George  
Chamberlain will be nominated for  
governor, by acclamation.  
John P. Wager Names Him.  
John P. Wager, formerly editor of  
the East Oregonian, placed George  
E. Chamberlain in nomination for  
governor, seconded by both E. D.  
Boyd and D. B. Watson, of Umatilla.  
The nomination followed by acclama-  
tion.

It Will Be Chamberlain.  
Portland, April 10.—It is conceded  
that George E. Chamberlain, former  
attorney-general and present district  
attorney of this county, will be nomi-  
nated by the democratic state con-  
vention now in session. Aside from  
the head of the ticket no nomination  
has been decided upon.

Delegates Divided.  
The convention is divided on that  
part of the program relating to the

Philippines. It is expected to ig-  
nore the silver question.

Penney for Senator.  
Indications point to the indorse-  
ment of ex-Governor Sylvester Pen-  
ney for United States senator, and  
Judge Hamilton, of Douglas, for the  
supreme bench. Other places are  
still in doubt.

Joint Senatorship.  
William Smith comes to the conven-  
tion with the indorsement for joint  
state senator for Baker, Malheur and  
Harney, and he will be successful, as  
he has no opposition. His opponent  
on the republican ticket is John L.  
Rand, of Baker City, who was con-  
sidered a gubernatorial possibility  
prior to the republican state con-  
vention last week.

Walter M. Pierce, who hails from  
the wheat fields of Umatilla county,  
says he wants no nomination except  
one for joint state senator. He will  
be nominated for the district includ-  
ing Umatilla, Union and Morrow. His  
republican enemy will be J. W. Scri-  
ber. Pierce is confident that he can  
defeat Scriber at the polls in June.

For the various district nomi-  
nations the delegations are working in  
harmony, and there will be no con-  
tests. Most of these nominations  
have been arranged beforehand.

George E. Chamberlain.  
George E. Chamberlain, democratic  
nominee for governor, was born near  
Natches, in Mississippi, January 1,  
1854. His early education was ob-  
tained in the schools of that city, but  
he afterwards studied law in Virginia.  
He came to Oregon in December,  
1876, and shortly afterwards taught  
school. In 1880 he was elected to the  
legislature, and in 1884 district attor-  
ney for the third judicial district of  
Oregon. Governor Penney appointed  
Mr. Chamberlain attorney-general  
May 2, 1891, which position he held  
until the general election in 1892. At  
the democratic state convention for  
that year, he was unanimously re-  
nominated for that place, and in the  
election which followed, although the  
republican majority in the state rang-  
ed from 9000 to 10,000, he received a  
majority of about 500 over his com-  
petitor. At the expiration of his term  
he removed to Portland, where he  
has since engaged in the practice of  
his profession as a lawyer. Mr.  
Chamberlain was nominated for dis-  
trict attorney for the district includ-  
ing Multnomah county, in the spring  
of 1900. He overcame the great re-  
publican majority and was elected.

turning the Sum to Those Who Con-  
tributed the Ransom.

New York, April 10.—The steamer  
Deutschlander, with Santos Dumont  
and Miss Stone aboard, arrived this  
morning.

Miss Stone Talks.  
Miss Stone said she suffered of  
sea sickness during her voyage to  
New York, but had recovered fully  
from the effects of her captivity.  
Speaking of her capture she said:  
"The brigands fed me and Mme. Tal-  
ka well, as they did not want their  
captives to become sick on their  
hands." They became angry when  
Miss Stone caught cold and when she  
sprained her ankle they were wild  
with rage. "Who my captors were I  
never knew. Most of the time we  
traveled at night and I had no idea  
where I was. No personal cruelty  
was heaped upon the captives, be-  
cause the brigands held to the an-  
cient belief that to harm a young

mother and child was a terrible  
wrong. Mme. Telka's baby was born  
in captivity."  
All the money Miss Stone will  
make on her lecture tour will be used  
to repay those who contributed to-  
wards her ransom.

## STARTLING REPORT

Governor of One of the Philip-  
pine Provinces Makes Sen-  
sational Statement.

## ARMY OFFICERS GUILTY

GROSS MISMANAGEMENT.

Conduct of Troops is Having Bad  
Effect, Destroying Favorable Sentiment, Engendering Hatred and Pro-  
longing Revolution in the Islands.

Washington, April 10.—Secretary  
Root today transmitted to congress a  
sensational report, made by Major  
Cornelius Gardner, governor of the  
province of Tayabas, in the Philip-  
pines. Gardner is of the opinion that  
the army officers sent from the  
United States to bring about peace in  
the province have been guilty of  
gross mismanagement, brutality and  
inhuman treatment of natives. He  
says the conduct of the troops, such  
as extensive burning of the barrios,  
in trying to lay waste country so the  
insurgents cannot occupy it; the tor-  
turing of natives and the failure of  
inexperienced lieutenants command-  
ing the posts to distinguish between  
those who are friendly and those who  
are unfriendly, is void of good. He  
says favorable sentiment is being  
fast destroyed and a deep hatred to-  
ward the United States is being en-  
gendered by their action. Their  
course, he thinks, will result in a  
perpetual revolution against the United  
States.

## Killed Deputy Marshal.

Fulton, Ky., April 10.—Frank Tay-  
lor, deputy marshal on the Tennes-  
see side of the river, was shot and  
killed by Blackford Young, a farmer.  
Three hours later the mob took the  
murderer from the jail and hanged  
him to a bridge.

## President Draper Will Die.

Champaign, Ill., April 10.—Presi-  
dent Draper, of the University of Il-  
linois, injured in a runaway accident  
on Sunday last, is not expected to  
live through the day. The leg in which  
the artery burst was amputated  
last night.

## Newspaper Man Appointed.

Winne, Washington's correspondent  
of the New York Press, has accepted  
the place as first assistant postmas-  
ter-general.
