#### Board of Trade Meeting.

Walla Walla, April 10.—T. C. Elliott, elected as delegate from this city to the meeting at Portland to organize the Columbia River Basin Board of Trade, left last night for Portland to participate in the work of organizing an association to assist in encouraging immigration and promoting the interests of the section of country tributary to Portland and the Columbia river. The Walla Walla Commercial Club sent but one delegate, it being inconvenient for a second business man to attend the meeting.

At bedtime I take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says that it acts gently on the stomach, liver and kidneys and is a pleasant laxative. It is made from herbs, and is prepared as easily as tea. It is called Lane's Medicine. Lane's Family Medicine moves the bowels each day. Price 25c and 50c. For sale by Tallman & Co., sole agents.

Petitions signed by over 1000 persons were presented to the board of fish commissioners at Salem, asking that all fishing on the upper Columbia river be prohibited. Master Fish Warden Van Dusen was directed to acknowledge receipt of the petitions and to assure the petitioners that the matter will receive early consideration of the board.

## HEREFORD CATTLE

SALE OF THOROUGHBREDS  
IN PENDLETON.

A Large Number of Cattlemen Expected Here to Attend the Sale on April 21 and 22.

The Hereford cattle sale to occur on the 23d and 24th instants, will be held at Dutch Henry's feed yard, on West Alta street. It is expected that quite a large number of people will be in town at the time for the express purpose of seeing these cattle and buying, if they are found satisfactory.

This band of cattle are from the herds of several of the leading members of the American Hereford Breeders' Association, who believe that the cattle men of Oregon and the Northwest will appreciate this opportunity to supply themselves with cattle from some of the best blood of the Hereford breed. The Hereford cattle, while known to some and being bred by some of the cattle men, are not so well known, and their good qualities appreciated as much as they should be, and it is to acquaint the people with them that these sales are being made over the country.

As a grazer the Hereford is pre-eminent. No other breed of beef cattle will give as good returns on grass diet as will the Hereford. The hardiness, the splendid constitutions, the rustling ability, the early maturing qualities of the breed all go to make the Hereford the most profitable beef animal, and all that is asked by the breeders who are consigning cattle to these sales is that you buy the bulls offered, give them a trial, and they will cheerfully abide by the result.

#### Terms and Conditions of Sale.

Following are the terms and conditions of the sales which will be strictly adhered to:

Each lot will be sold separately to the highest bidder, without reserve, if more than one bid is made for the same.

The auctioneer selling will settle any dispute as to a bid, if he cannot adjust the same otherwise, by declaring all bids off and then re-offering the lot in question.

Each lot will be at purchaser's risk, as soon as sold, but will not be delivered until settlement has been made for the same.

After sold, the animals will be fed and cared for until the next day after the close of the sale, free of charge to the purchaser, but at his risk of loss or injury, and will then be turned over to the purchaser or loaded on the cars for shipment as he may direct.

A tabulated pedigree and a certificate of transfer of ownership will be supplied to the purchaser of each lot sold immediately upon settlement for same.

The animals to be sold being young and most of them untested as to their usefulness as breeders, it is to be understood in this sale that the sellers do respectfully warrant the pedigree of every lot they sell and likewise the productiveness of each thereof under reasonable conditions of subsequent treatment, to this extent, that they will repay the purchase price, to the purchaser, or give him another animal of like value, on return to them of any lot purchased at this sale, the pedigree of which is shown to be materially erroneous or which subsequent events show that the animal is barren.

#### HERPICIDE NOT A FAKE.

Unsolicited Testimonials Tell of its Superiority.

Alf. K. Kelley, residing at 2195 Devisadero St., San Francisco, Cal., writes the following:

"When I first purchased Herpicide, I thought, like the majority of hair preparations, it would prove a fake. I am happy to state that, on the contrary, it is all, and even more, than you claim for it. Quite a number of barbers throughout the section in which I travel have called attention to the new hair sprouting out on my scalp, and inquired of me what I have been using. I tell them 'Herpicide,' also give them my name and address."

#### United States District Court.

Walla Walla, April 10.—The jury session of the United States district court will convene in this city May 8, with a grand and petit jury, Judge Hanford presiding. The docket will likely be a short one, no cases of importance now being on the list. The docket is made up just at the time court convenes hence important cases may yet be tried.
