Resolved, That while there are many other reforms regarding which we hold firm convictions, we believe it to be the part of wisdom to con-

centrate our efforts upon the one issue which clearly outweighs in importance all other issues combined the prohibition of the manufacture and sale of intoxicating liquors for beverage purposes; and that the party thus created will be endowed with the requisite wisdom, patriotism, courage and ability to take up and speedily settle all social, financial, economic and industrial questions that may present themselves."

### GRAIN BAGS TO SELL.

### State of Washington for the First Time has a Surplus.

Walla Walla, April 11.—For the first time in several years the state of Washington has grain bags to sell after the close of the period during which the superintendent of the state prison is authorized to accept offers for bags at his office in this city. The demand is not strong enough to take the product of the prison, estimated at 1,400,000 bags, with a price fixed at \$5.35 per 100. Last year many buyers were turned away, this year there was not enough to take all the product offered. It will be a few days before the exact condition can be made public, but it has been given out publicly that not over 90 per cent of the product of the jute mill has been purchased for fall delivery. The price of the Calcutta bag on the local market is a little above that made by the board of control for the state product.

### Shot in His Left Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in case of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years by a gunshot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes cured me. Tallman & Co. and Brock & McComas.

# ECZEMA

is due to the retention in the system of Uric Acid or other inflammatory poisons which find their way into the blood, and are forced by the circulation through the glands and pores of the skin, causing it to burn like fire, and the incessant itching allows no rest night or day. Eczema appears in a great many different forms, beginning frequently as a mere redness of the skin, followed by little blisters or pimples, from which a clear or straw colored matter oozes, forming into sores, scales or scabs; this is weeping Eczema, commonly called Salt Rheum. These acid poisons sometimes dry up the natural oils and the skin becomes hard and dry, often cracking and bleeding and causing intense pain and fearful itching. This form of Eczema is known as Tetter, and oftenest attacks the hands and feet. Unsightly eruptions in the shape of pimples and blackheads break out upon the face, neck and shoulders as a result of polluted blood, and this humiliating disease is called Acne. Local remedies afford but scant relief. The blood and system being saturated with the poison, the disease cannot be reached with washes, salves, powders or other local applications. S. S. S. restores the deteriorated blood to its normal condition, stimulates the sluggish organs, and all the waste matter is eliminated through the proper channels. S. S. S. makes the blood rich and strong, and under its tonic and invigorating effects the general health improves, and the skin becomes soft and smooth again.
