**WESTON VS. MILTON YELLOW KIDS WON**

GAME OF BASEBALL BETWEEN COLLEGE TEAMS.

Game Occurred at Weston Saturday—Witnessed by a Large Crowd and the Occasion of Much Excitement and interest.

Weston, April 13.—Saturday the atmosphere of Weston was filled with yells and the blasts of horns and the air was punctured full of holes and the earth dug up to a large extent, all because the Columbia College boys thought they could play ball. They know better now. A long sojourn in Milton has inoculated them with the assurance, peculiar to that village, which wants to be a county by itself. The instruction that helped them to a better understanding of their abilities, was given by the boys of the Normal school.

**The Game Began.**

The game was called at 2 p. m. Milton won the toss up and placed three runs to their credit. Weston followed with one journey. In the second, third and fourth innings, Milton was tired. It was too much trouble to run anyway. But Weston traveled around the diamond eight times, just to pass the time away. In the fifth, sixth and seventh the Miltons ambled around six times, to keep warm. Weston scored three runs during the same time.

The "Strawberries" used the eighth and ninth innings as rest periods. The future teachers not being so tired, made five excursions around the field and to the home plate.

**The Score Was 9 to 17.**

So ended the great battle, 9 to 17 in favor of the "Pedagogues." The game was a very good one under the circumstances, a high and cold wind was blowing, making it very uncomfortable on the grounds.

**Several Good Plays.**

There were two or three good lays. Nelson, in Weston's box, and Queen, in Milton's, did good work, and Baker, Weston's catcher, had no insects on him. Weston's rooters were very much in evidence.

**Notes of Weston.**

Workmen are busy shaping the Normal school's athletic grounds. When finished Weston will have a first-class place for all field sports.

G. A. R. McGrew returned Friday from Portland, where he had been attending the state democratic convention.

Dr. J. A. Beattie and Miss Nellie Stevens, of the Normal school, returned from Spokane yesterday, where they have been attending the Grand Empire Teachers' Association convention.

**DEATH OF A PIONEER.**

Calvin Ferguson Died Suddenly at His Home Near Milton.

Calvin Ferguson, an old pioneer of Oregon, 80 years of age, died at his home, seven miles east of Milton, last Friday evening, and the remains were interred Sunday in Weston.

Mr. Ferguson was apparently in his usual good health for a man of his age, up until the time of his death. He was sitting in his home conversing with his family, and at 5 o'clock Friday evening he arose and started to walk to the door. Just as he reached the door he fell to the floor without a word and was dead without a struggle.

Mr. Ferguson was born in Indiana in 1821, and was married to Miss Catherine Ware in 1844. Shortly after their marriage they removed to Iowa, where they remained until 1872, when they came to Oregon and have made their home since where Mr. Ferguson died.

To Mr. and Mrs. Ferguson were born four children, two boys and two girls. Both the boys live in the neighborhood of Weston and one of the daughters lives in Wallowa county and the other in California.

The funeral services were conducted Sunday by Rev. C. W. Hoag in the presence of a large crowd of sorrowing friends.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement: "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, pastor Central Pres. Church, Helena, Mont.

After using Ely's Cream Balm six weeks I believe myself cured of catarrh. Joseph Stewart, Grand Avenue, Buffalo, N. Y.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cents or mailed by Ely Brothers, 66 Warren street, New York.

DID UP SHARPSHOOTERS IN A CLOSE GAME.

The Day Was Cold and Gloomy, But the Game Was a Fine Exhibition, Witnessed by 1300 People.

Walla Walla, April 14.—The best type of baseball that been seen in this city in many a day, was witnessed yesterday on the Second street grounds by 1300 enthusiastic people who crowded the grand stand and lined the bleachers for two hours. The day was cold and the sun refused to shine, but the interest in the game was so strong that no one noticed the little discomforts. Athena played ball with Walla Walla, and carried away the honors by a score of 1 to 0. On Saturday Athena won from Whitman in this city by a score of 3 to 1.

Good features were prominent throughout the game. The best of good playing was attempted from start to finish, and but few bad errors were made. The one noticeable was when Athena was allowed to score. Walla Walla lost the game by an error—that is, lost a tie.

The game was a rush from the start to the second inning, and no chance had been offered for a man to pass second. Athena was at bat, and three men were on bases, with one man out. The situation became exciting and the crowd hurraed furiously. Stultz, in the box for Walla Walla, did the work of his life, and struck out Lieullen and Vaughn in the prettiest fashion. Vaughn has a record for being struck out, and he kept it up yesterday.

Athena took two games here in succession, and won hearty appreciation from Walla Walla people. The team puts up excellent ball and is well balanced. Whitman claims a good team and the local team is said to be the best ever put out by Walla Walla. Practice may be a little short, hence the loss of the game yesterday.

The line-up follows:  
 Athena—Shea, catcher; R. Brown, pitcher; Vaughn, first; Cartano, second; Saunders, third; G. Brown, short stop; Chapler, left field; Cox, center field; Lieullen, right field.  
 Walla Walla—Shea, catcher; Stultz pitcher; Brown, first; Bradbury, second; Fisher, third; McCarthy, short-stop; McEvoy, left field; Williams, center field; Gray, right field.

**Parents' Responsibility Great**

It is the right of every child to be well born, and to the parents it must look for health and happiness. How inconceivably great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

Write us about your case, and let our physicians advise and help you. This will cost you nothing, and we will also send our book on blood and skin diseases.
