MANUFACTURERS MEETING

ANNUAL CONVENTION
OF NATIONAL ASSOCIATION

Fully 1000 Delegates Representing
Every Branch of Trade From all
Parts of the Country in Attend-
ance.
Indianapolis, Ind., April 15.—The
seventh annual convention of the
National Association of Manufactur-
ers assembled today in representa-
tives' hall of the state capitol for a
three days' session, fully 1000 dele-
gates being present from all parts
of the country and representing every
branch of trade.

Among the principle subjects to be
discussed are the devising of ways
and means of the re-establishment of
reciprocal trade agreements with for-
eign countries, the construction of an
isthmian canal, the extension of the
United States commercial marine and
the establishment of South American
capitals and other desirable points
of expositions for the display of
American products.

Prominent business men and manu-
facturers of Boston, Philadelphia, To-
ledo, Buffalo, Cincinnati, Chicago,
Minneapolis, Milwaukee, Atlanta and
other cities are among those present.
Telegrams are pouring in announcing
the departure of delegates, and the
attendance tomorrow probably will
be largely increased.

President Theodore C. Search of
Philadelphia called the meeting to
order shortly after 10 o'clock and Sec-
retary Sanborn proceeded without
delay to call the roll of delegates. A
resolution was introduced and passed
inviting associate members and other
visiting manufacturers to take seats
on the floor and take part in the pro-
ceedings. After cordial addresses of
welcome by Governor Dublin and
Mayor Bookwalter, President Search
proceeded to read his annual address.
His reference to the policy of protec-
tion to American industries, the need
of an equitable tariff, and the advan-
tage of the reciprocity system of
trade with foreign countries were
greeted with special enthusiasm.
At the conclusion of his address, the
report of the executive committee
was read by the secretary. The re-
port reviewed the work of the past
year, touching briefly on the success-
ful efforts made to increase the mem-
bership of the organization, and mak-
ing various recommendations. The
report was accepted and the various
recommendations referred to the pro-
per committees. The morning ses-
sion was brought to a close by the
appointment of the committees on resolu-
tions, credentials, nominations and
a general committee for questions of
a miscellaneous character which may
come before the convention. Upon
re-assembling after luncheon the con-
vention began a discussion of the
president's address, which discus-
sion is expected to continue through
tomorrow.

Brussels, April 15.—The city is
quieter today than at any time since
the rioting began. Everybody is
awaiting with anxiety parliament's
action on the demands of the social-

ment is taking extra precautions
against uprising of the people in
these places.

NATURE OF ALLEGATIONS
LARGELY CIRCUMSTANTIAL

United States District Attorney at
Kansas City May Take Steps to
Dissolve Beef Trust Under Instruc-
tions From Attorney-General at
Washington.

Washington, April 15.—The house
committee on judiciary today report-
ed to the house the resolution calling
on the attorney general for informa-
tion upon what steps had been taken
to investigate the beef trust. The
committee recommended that it lie
on the table. The resolution was ac-
companied by a letter from Attorney-
General Knox, in which he said he
some time ago directed a thorough in-
vestigation to be made by one of the
United States district attorneys to as-
certain whether such a combination
exists. Knox added he had no evi-
dence of the existence of such a com-
bination, that could be classed as legal,
and that he had not been request-
ed to take any official action in the
matter, and that his action in order-
ing the investigation had been pro-
mpted by the oft-repeated circum-
stantial nature of allegations that the
anti-trust law was being flagrantly
violated.

Action Taken at Kansas City.

Kansas City, April 15.—The Jour-
nal says this morning: According to
a dispatch from Washington, Major
William Warner, United States dis-
trict attorney, has been instructed by
the attorney-general to immediately
take steps to dissolve the so-called
beef trust.

A federal grand jury will be or-
dered this week to commence its ses-
sions next Monday. Major Warner
positively declined to make any
statement whatever regarding the
matter.

"I have not a word to say," he de-
clared, when asked about the order
from Washington.
Nothing so important to the entire
people has occurred in years as the
ordering of this federal investigation.
If it should transpire to be a fact, as
it is believed to be. In the past year,
but notably in the past six months,
the price of meat has gone up in an
alarming way.

The attorney for one of the largest
packers in Kansas City, after hearing
the dispatch to the Journal read,
said: "We anticipated some such
move as this. Two weeks ago a dis-
patch from Washington indicated that
President Roosevelt would personally
order an investigation. We scarcely
thought that it would go to the length
of having the district attorney sum-
mon a grand jury, as I understand
Major Warner has arranged to do. As
to the merits or demerits of the
case, I have nothing to say. Of
course all agree that meats are up.
So are cattle."

ton, Chicago Board of Trade and
New York Stock Exchange Brokers.
New York, April 15.—The wheat
market was strong today and advanc-
ed two cents per bushel; corn one
and a half cents. England was a
heavy buyer at New York, taking a
half million bushels in one lot, as it
is fairly sure that an import tax will
be imposed of three cents per bushel.
Added to this, the crop reports are
becoming quite alarming, all through
the winter wheat states, as the rain-
fall was deficient last fall and it has
been very dry all spring, so the plant
is not showing up good. The govern-
ment report of 78 per cent is 13 points
under last year's at this date. New
York opened 78% for May wheat, and
sold up to 80 cents. Chicago opened
72% and closed at 74, and since the
close, the cereal is up nearly a half
cent.

Shows That He is Greatly Con-
cerned and in Earnest to Locate
Who is to Blame.

Washington, April 15.—It is report-
ed today that President Roosevelt
has decided to appoint a commission
to investigate the conduct of the war
in the Philippines, particularly with
reference to the alleged atrocities in-
flicted by American officers and sol-
diers upon the natives. It is known
that this course has been under con-
sideration for some time and it is
believed that recent revelations be-
fore the senate Philippines committee
induced the president to act favorably
upon the suggestion and at once. At
the cabinet meeting today the subject
was gone over at great length, but
what action was taken is not as yet
fully known.

President in Earnest.
Those who are close to the presi-
dent say that he is very much shock-
ed at the discoveries and is in a
frame of mind concerning the atroc-
ities to give promise that the commit-
tee to be appointed will do no white-
washing of those guilty, no matter
who they may be. Prompt action is
to be taken and a thorough investiga-
tion made.
