HOME DESTROYED

STREAVER RESIDENCE IN RALEY ADDITION BURNS.

Caught Fire From a Defective Flue in Bath Room—Loss \$2500, Insurance \$1500—Only Piano Saved.

The W. J. Strevier residence, on the north side of the river, in Raley's addition, was destroyed by fire, between the hours of 12 and 1 o'clock, last night.

The fire started from the bath room flue. Some of the members of the family had narrow escapes from the flames, leaving the burning building in their night dresses. Of the contents of the house, only the piano was taken out, the parlor being the last portion of the house to burn, and the instrument was saved by the quick work of the neighbors who quickly gathered after the cry of "fire" was raised.

When the alarm was turned in and Hose Company No. 3 arrived, the house was enveloped in flames and nothing could be done to save it, and this morning just a few pieces of the blackened walls are left to mark the place where yesterday stood one of the most beautiful little homes in Pendleton.

Mr. Strevier is a painter and decorator and had taken considerable pains to fix up his home and this is his reward. This is the second fire he has had, his barn burning down about 18 months ago.

The loss is not known exactly, but will be in the neighborhood of \$2500, while the insurance carried on the house and contents was \$1500.

WATER SUPPLY INCREASED.

A Gravity System Contemplated at Walla Walla at a Cost of \$100,000.

Walla Walla, April 15.—About 100 citizens yesterday visited the new water site up the river four miles, to look over the prospects for securing a supply of spring water for the city. It was found that development of the springs had been done to the extent of about \$5000, and three springs had been connected. The supply of water thus gathered is stated to be about 3,000,000 gallons per day of 24 hours. However, no accurate measurements

have been made and the question of supply is still to be settled. Another spring is owned by the city and it will be added. This will give sufficient water for all city uses. It is said. The springs are located 250 feet higher than the business portion of the city, and an excellent gravity system can be constructed, if the city undertakes the task, the estimate of cost being \$100,000.

STAT ROY OHIO, CITY OF TOLEDO, IN LUCAS COUNTY.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

THE "PERFECT" FURNACE.

Gives the Greatest Amount of Heat With the Least Waste and Fuel Consumption.

In the last year or so several residences have been built in Pendleton in which the "Perfect" furnace has been installed for heating purposes. In each and every instance they have given perfect satisfaction, both as to quantity of heat furnished and economy of fuel. During the coldest weather these furnaces met every expectation and the houses were kept comfortable, more so than was possible with stoves in every room and with less consumption of fuel. Those who are building and will build residences in Pendleton this year, should not fail to install the Richardson & Boynton "Perfect" furnace, which is sold by W. G. McPherson, at 47 First street, Portland, Or., a heating and ventilating engineer of great reputation. If you will write to Mr. McPherson the dimensions of the rooms of your proposed house, he will give you the size of the furnace necessary, and give you an estimate, which will be reliable, of the cost of the same, and this information will not cost you a cent. The Perfect furnaces are in the following residences in Pendleton, where they give perfect satisfaction and by whom they are recommended: F. E. Judd, C. S. Jackson, Frank B. Clopton, H. F. Hexter, T. C. Taylor.

BOYS' BALL TEAM.

The Youngsters Have the Ball Craze This Season Also.

Pendleton now has a baseball team among the young folks. Not only is the baseball craze confined to the grown people but the desire to gain honors on the diamond seems to be epidemic and every boy from 6 years up can be seen at spare hours out practicing, batting or catching with his comrades, and it is no uncommon thing to see a regular organized team among these little fellows at some convenient place going through the regular routine of playing a game. Some of them are capable of putting their elders to shame when their "foxy" work is witnessed.

Last Saturday evening, one of the warmest games, perhaps, that has been played in Pendleton this season was waged between boys of the Episcopal church choir and a team captained and led by Willard Bond. These boys range in age from 8 to 13 years and those who witnessed the game, which was played just north of the O. R. & N. depot, say that it was a good exhibition of skill all the way through, and that there were no more errors made by these players than Pendleton's first team made in their game with Athena last Thursday.

At the end of the game the score stood 13 to 7 in favor of the choir team, which was captained by Jay McElroy. Only nine innings were played. The line-up of the teams were:

Bond's Team.
 Bolerman, pitcher; Beagle, catcher; Baker, short stop; Bond, first

base; Ralph Bolerman, second base; Newton Johnson, third base; Livermore, left field; Bollins, right field; Johnnie Johnson, center field.

McElroy's Team.
 Milton Shaw, pitcher; Penland, catcher; Turner, first base; McElroy, second base; Holdman, third base; Creswell, short stop; Ralph Shaw, left field; Anderson, right field; Durham, center.

These boys are all attending school and cannot play only on afternoons and Saturdays, but they put in all the time they can during their spare hours and they will cross bats again Saturday.

STATE GRAIN BAGS.

The Product of the Penitentiary Sold to Farmers of Washington.

Walla Walla, April 15.—Two hundred and fifty-two applications have been made for grain bags at the state penitentiary, aggregating 1,368,086 bags, as reported yesterday by Superintendent Catron. This will take up nearly all of the product of the mill this year, but with good luck a surplus will be on hand for sale October 1. These applications came from the different counties in the state as follows:

Walla Walla, 126; Columbia, 36; Garfield, 16; Whitman, 40; Spokane, 10; Lincoln, 13; Douglas, 4; Adams, 3; King, 1; Chelan, 1; Klickitat, 1; Yakima, 1.

Bags are sold only to residents of Washington, and only for actual use, under the regulations adopted by the board of control.
