## BIG CROWD COMING

GARDEN CITY ROOTERS  
WILL BE IN EVIDENCE

O. R. & N. Will Run an Excursion of Twelve Cars From Walla Walla to Pendleton—Two Ball Games on That Day.

Walla Walla, April 16.—Sharpstein's Sharpshooters are coming to Pendleton with a big crowd to back them up to win from the Pendleton Indians. The excursion train is to leave here at 8:30 Sunday morning, twelve coaches and a double header. At 11 o'clock a baseball game between Helena and Athena will be played on the Athena grounds, and at 1 o'clock in the afternoon the train will again start for Pendleton, thirty minutes' run away. The game at Pendleton will begin at 3 o'clock in the afternoon and the train will leave there on the return trip at 5 o'clock. The arrival at Walla Walla will be timed at seven o'clock in the evening.

### Van De Water's View.

"There will be two of the fastest games of base ball ever seen in the northwest played next Sunday," said Mr. Van De Water yesterday afternoon. "The Oregon Railway & Navigation has taken the matter up to make a success of it and it will be done. Manager Osborne of Athena, was called up over the long distance wire this morning, and all arrangements were made for the game there. Manager Flannery, of the Helena team, says his men will be in the best possible conditions, and we all know what the yellow kids can do. At Pendleton time will be allowed for dinner after the game. If the weather is good we anticipate an excellent crowd. There will be plenty of good base ball anyway."

### Kids vs. Indians at Athena.

Next Friday afternoon the Pendleton baseball team and the Athena team will cross bats on the Athena diamond to try their strength for ball honors. This is the third game between Osborn's Yellow Kids and Cohen's Indians, and so far, the honors are all on the side of Pendleton. The first game was played at Athena and Pendleton won by a score of 7 to 4. The next game was here and the score stood 10 to 6 in favor of Pendleton. Both of these games were very good and appreciated by the large crowds that attended, but they were not to be compared with what is expected for Friday. When the first game was played the boys were hardly in trim to play, as it was early and neither team was well organized. The last game was a little better, but still there was lots of room for improvement among the players on both sides. Both teams have been working hard since that time to get themselves in trim and if practice will make perfect, they will go into the field Friday in trim to put up the best game that has been pulled off in this section of the country this season. Athena is determined to win and Pendleton is equally determined to retain their good standing among the cranks and win this game which will make them three out of three.

The next game to be played by the Pendleton team is to be on the local diamond, Sunday afternoon with Sharpstein's Sharpshooters, of Walla Walla. The Helena team will play the Yellow Kids in the forenoon at Athena and a large crowd will come over from Walla Walla to witness that game, and then come on to Pendleton in the afternoon to witness the game here.

### Baseball Excursion.

Pendleton vs. Athena, at Athena Friday, April 18. Train leaves Pendleton 8:15 a. m., returning leaves Athena, 4:40 p. m. Fare for round trip, 75c. Both teams are playing gild edged ball and an interesting game is assured.

**HERPICIDE**  
**BEAUTY IS NEVER COMPLETE**  
without a thick, luxuriant head of soft, glossy hair, which is in truth "woman's crowning glory." The faithful use of Newby's Herpicide never fails to produce hair of this character, for, by destroying the deadly germs that feed upon the oil of the hair root, it makes dandruff falling hair and all scalp diseases impossible. It then promotes a new and thick growth to replace the old, thin, brittle hair. One bottle will verify these statements. For sale at all first-class drug stores.

Oregon's Grand Old Man.  
Of George H. Williams, the republican nominee for mayor of Portland, Oregon, the following interesting facts are told: He was a judge in Iowa years ago, before the republican party came into existence. He was one of the presidential electors whose votes made Pierce president of the United States in 1852. He was chief justice of Oregon in 1853, when Oregon was further out of the world than are the remotest mining camps in Alaska at the present time, and when that territory had a smaller population than can now be found in the northern territory. He assisted in framing the constitution of Oregon 44 years ago. He was a United States senator when President Roosevelt was a child of 7 years of age.
