SHEEPMEN FAVORED

**WEATHER JUST RIGHT FOR
SHEARING AND LAMBING.**

The Percentage of Losses of Lambs Smaller Than Usual—The Wool Clip Will Be Large and of Fine Quality.

Sheep shearers are now organized in small bands and starting out to make the spring clip. A little shearing has been going on in places, and especially of bucks, for several weeks but the work has not been general and has just now started in earnest. The present weather is ideal for shearing and not a day has passed this week that several crews have not started out from town to commence work on the different sheep ranches of the country surrounding.

Shearing will last until about the middle or last of next month, before it is wound up in the higher altitudes. It commenced in the vicinity of Umatilla and along the Columbia river earlier than here, and has been in full blast there for a week or more.

The sheep men are also in the midst of the lambing season, which will last until the end of the first week in next month. It is said that this has been an ideal spring for lambing and the loss of lambs has been exceedingly small compared with some seasons. There has been no severe weather and if it continues like the present the per cent of losses will be the smallest for years.

WILL STARVE TO DEATH.

Has An Idea He Can Live Right
Along Without Eating.

In the midst of plenty and able to receive food by the trouble of eating it, Otto Jorgensen, a blacksmith in the employ of the railroad contractors who are constructing the roadbed about three miles west of The Dalles, has not tasted food for 30 days. He is emaciated from his long and terrible fasting. Nevertheless he still retains strength and proclaims that he will continue to abstain from food.

It is said that Jorgensen is a religious fanatic, and he maintains that he will not partake of food until commanded by the Lord that he can eat again. This most strange man also is deeply interested in and fervently meditates about the great sacrifice which the old patriarch, Abraham, was called upon by the Lord to make of his beloved son Isaac, in the days long since gone by, and this seems to be the all-important subject in his mind. He will be examined for insanity by the county officials.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement: "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, pastor Central Pres. Church, Helena, Mont.

After using Ely's Cream Balm six weeks I believe myself cured of catarrh. Joseph Stewart, Grand Avenue, Buffalo, N. Y.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cents or mailed by Ely Brothers, 56 Warren street, New York.

BEST SPRING

CLOTHING

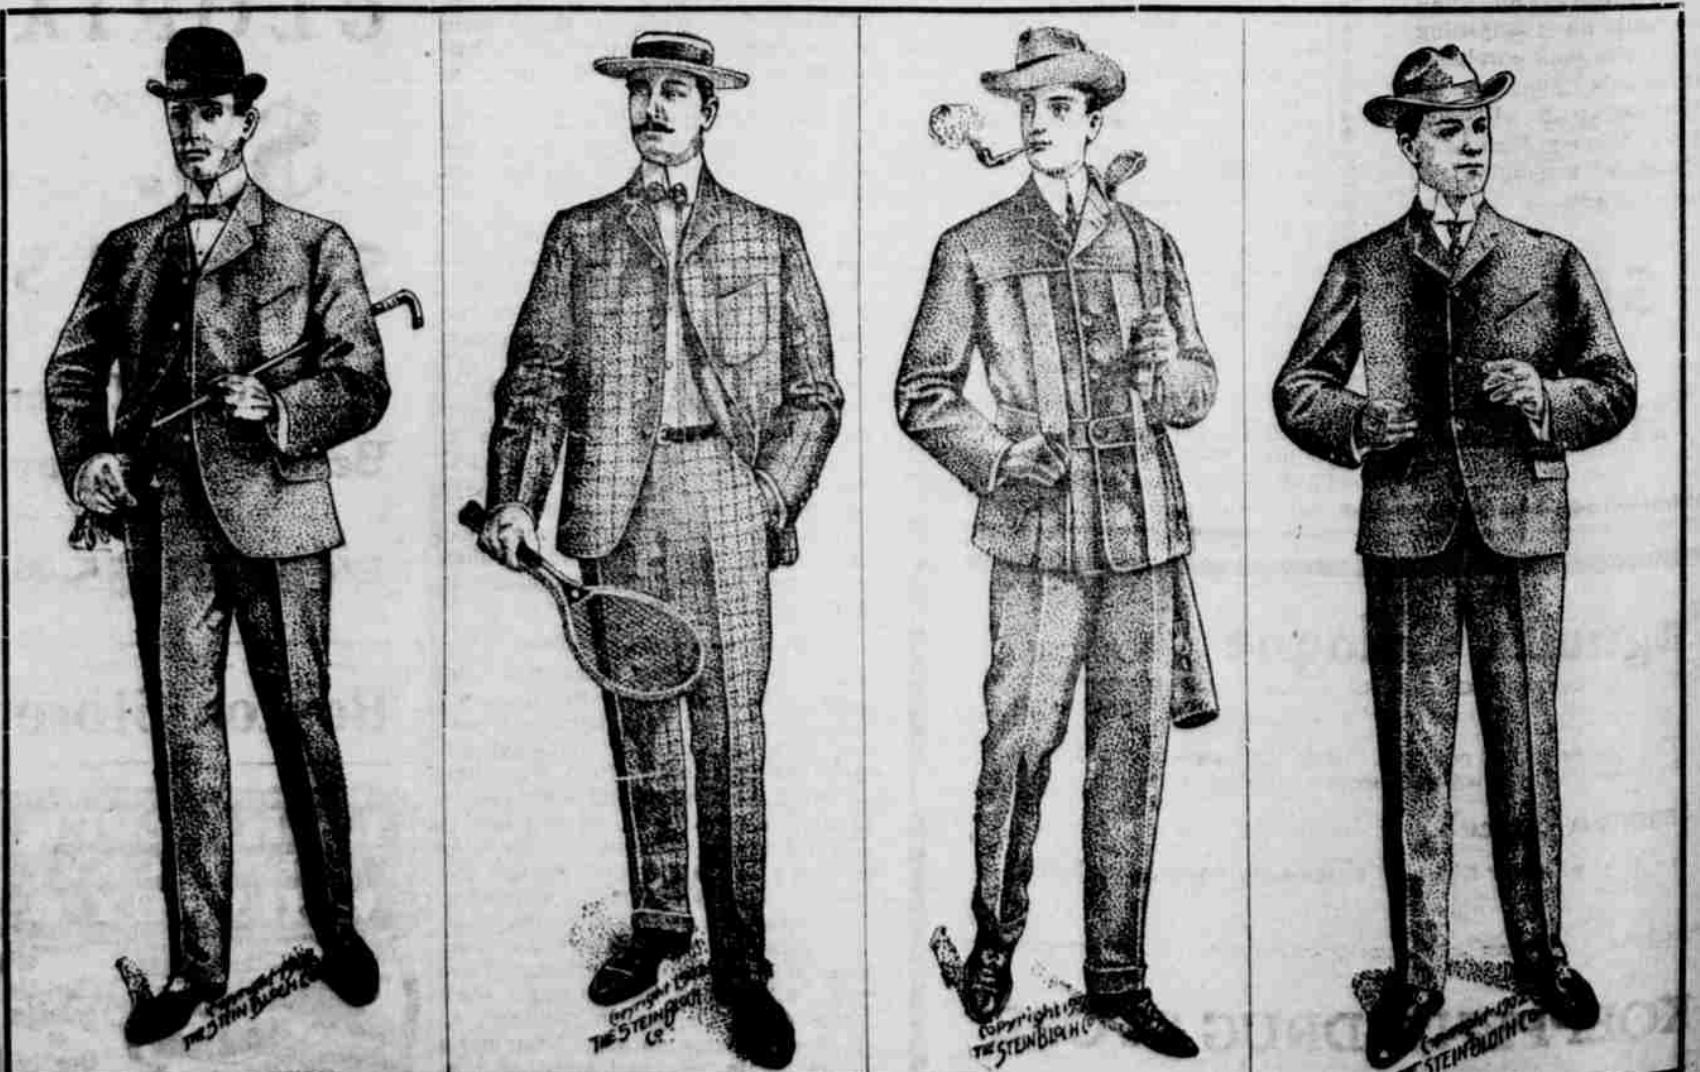

"If you want to know what smartly dressed men will wear this season, ask to see Stein-Bloch Clothes."

WHAT'S THE USE

of your haggling with yourself about the price of your new Spring Suit. You see some clothes advertised in such tempting language, at such low prices, that you feel like "saving money." Now, don't save money in the wrong direction. **You should never pay less than \$15.00 if you want a really good Suit of Clothes and as much more as you can afford.** If you will invest \$20.00 or \$25.00, we assure you that the interest on the investment in the way of additional service, comfort and pleasure of knowing that you are wearing really fine clothes, will more than repay you the few extra dollars that you spend in this direction; you can better cut off your expenditure in any other direction rather than for clothes. There are no ready-to-wear clothes that can compare for general excellence with those that bear this label. The lowest priced Suit that we have of this make is \$15.00, and from that they range all the way up to \$25.00; but, you can only get as good as these by having them made-to-measure by the very best tailor, who would charge you at least twice as much.

SUITS \$15.00 to \$25.00
