## RECORDERSHIP ROW

### CASE COMES UP IN THE SUPREME COURT IN MAY.

Final Decision Will Be Rendered as to Whether J. E. Beam or John McCourt is Recorder of the City of Pendleton.

The city recordership fight, between J. E. Beam and John McCourt will be renewed here at the next term of the supreme court, which convenes in the Umatilla county court house the first Monday in May.

This fight has been before the court since the first of the year when the new mayor and council went into office. It has become rumored that there was something crooked about the running of the police force, and Mayor Hailey and some of the councilmen decided that an investigation should be made. A committee was appointed and after a thorough investigation had been made and the charges found true, an attempt was made to oust Marshal Heathman and Recorder Beam. Four of the councilmen voted against the old officers and four for retaining them. Then the mayor asserted his rights and declared against the incumbents. A suit was then instituted to keep the new men elected from serving and when it went to court it was partly sustained by the district court for Umatilla county. Will Lane and L. G. Frazier were appointed by the anti-Heathman-Beam councilmen to succeed them, but Lane was found to be ineligible, because of holding a homestead, and Frazier refused to serve. The matter then was left to drift for a while, and some time after the council, by a vote of four to four, elected Joe Blakley and John McCourt to fill the places. They were sworn in, but suit was immediately brought to keep them from entering upon their duties. At the same time, suits were filed against Heathman and Beam asking them to vacate the offices. These cases went to court and a writ was issued by Judge Ellis, ordering the old officers to vacate. Heathman then gave up the fight, but Beam carried it up to the supreme court, and the decision of Judge Ellis was reversed, and an order issued for McCourt to turn the office of recorder back to Beam. This McCourt refused to do and the case was set for hearing at Salem, the 30th of March. Then the date was extended, and now it is announced that it will be heard here during the May term, when the final decision will be rendered.

#### HOG AND HEN.

A Hog in Union County Without Food and Water for Days—A Hen in Crook Ditto.  
Elgin Recorder: On Friday 3 last, H. Miller, of the North Flat, lost a good breed sow, and it was generally supposed that she had been stolen or had strayed to parts unknown. March 23 Mr. Miller had occasion to visit his straw stack, and was astonished to see his hog crawling out from the stack, where it had undoubtedly been covered up by a slide during the entire time. The hog was so weak that it could not stand when it first got out, but soon recovered. It did not lose a great amount of flesh, which is considered very strange.

Prineville Journal: About a month ago John Geiger had some repairing done to his back porch. The carpenter boarded up a portion of the basement, and in doing so, housed up one of Johr's favorite Plymouth Rock hens. Just 26 days afterwards one morning a hen's head was noticed protruding from a knot hole, and an investigation brought to light the hen which had been boarded up for 26 days without food or water. This seems to have been the champion fatter during Lent in this neck of the woods.

\$112,500 for a Prescription.  
The largest sum ever paid for a prescription changed hands in San Francisco August 30' 1901. The transfer involved in coin and stock \$112,500 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the careful investigation of the specific November 15, 1896. They interviewed scores of the cured and tried it out on their merits by putting over three dozen cases in the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians or judges. Up to August 27, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed from an application. Address: JOHN J. FULTON COMPANY, 60 Montgomery St., San Francisco, Cal.

#### INDIAN WAR VETERANS.

Strong Resolutions were Passed by Democratic Convention.

The democratic state convention which was held in Portland last week unanimously adopted the following preamble and resolutions on motion of Judge Thomas O'Day:

We, the democrats of the state of Oregon, in convention assembled, look upon the failure of congress to treat our old pioneer veterans of Oregon, who suffered great hardships in coming to this far-off land, subduing the savages at great sacrifice of life and money, with decent respect as a piece of republican legislation that has always marked them as a friend of the strong and an enemy of the weak.

These brave men half a century ago defended the nation's rights and saved the northwest colony from utter destruction by the Indians, and because they are few in number they have been left without pensions while the nation has lavished pension on a multitude of veterans who served long years after them. What is this but injustice and the meanness of ingratitude?

Resolved, That we hold the republican party responsible for the neglecting of these noble, aged veterans.

Resolved, That we ask the democrats in congress to do all they can to right this wrong and, if possible, to secure these men who are on the verge of the grave, a pension, to which all true American veterans are entitled.
