The purchase of steel in Great Britain and on the continent for use in America has maintained great proportions, says a Herald dispatch from London. The markets of Great Britain and London are being stripped of all their product. A considerable quantity is purchased in Germany.

Senator Culberson introduced two resolutions in congress, one being directed to the secretary of war and the other to the secretary of the navy, making inquiry as to the cost of the war in the Philippines, covering the period since May, 1898. The resolutions include a request for information covering the expense of transportation of troops, both on land and on the ocean.

As a result of Governor Taft's conference with the executive committee of the world's fair, he induced that body to co-operate financially with the Philippine government in the matter of an exhibit. He declared to the committee that this action would have a pronounced moral effect on the Filipino people and would do more toward pacification than the repressive military methods.

Brainard, who was committed to the asylum from Union county about a month ago, and released a few days thereafter, after his former wife agreed to take him out of the state, returned to Union, as insane as ever, and a new complaint being made against him, was again committed to the asylum at Salem.

Drs. Henker and D. Lindsay, of Portland, travelling physicians, lie in the county jail at Union, charged with embezzlement, also cruelty to animals. About three weeks ago they hired a span of horses from E. E. Evans to drive to Wallowa, and while driving to Elgin both horses were taken sick, and died soon thereafter. The two doctors contracted some debts at Elgin amounting to \$20 and left Mr. Evans' buggy as security, and drove to Wallowa, refusing to pay the bill. They were arrested in consequence.

A Doctor's Bad Plight.

"Two years ago, as the result of a severe cold, I lost my voice," writes Dr. M. L. Scarborough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles of Tallman & Co. 50c and \$1. Trial bottles free.

Improvements at Planing Mill.

R. Forster, proprietor of the Pendleton Planing Mill and lumber yard, is making some substantial improvements around the mill yard. He has just had a new fireproof brick boiler and engine house built, which is now finished and will be ready for the reception of the engine Monday, when he expects to remove it from the old engine house inside of the planing mill structure. A new 50 horse-power boiler has been installed and many other changes and improvements are to be made. Among them will be a new dry house to be erected this summer for the purpose of drying lumber for the door and sash factory. Mr. Forster now has one of the most thorough and up-to-date wood working establishments in the country. He is one of those enterprising citizens who never lets the times lead him in any business, but keeps abreast and is continually adding to his working facilities around the mill.

LABOR ORGANIZES

REPORT OF SPECIAL ORGANIZER HARRY ON EASTERN OREGON

Baker City is the Best Organized Town East of the Mountains; Good Work Done There and in Pendleton. G. Y. Harry, special organizer of the State Federation of Labor, to which position he was recently appointed by the Portland Federated Trades Council, reached that city from a tour of eastern Oregon in the interest of the coming state convention of labor to be held in that city on Wednesday, May 5.

"Eastern Oregon is beginning to take interest in the organization of labor," said Mr. Harry in his report. "In fact the people are quite enthusiastic in this line, and I feel assured of having a large, representative body of delegates from Eastern Oregon at the forthcoming convention. In all probability that part of the state will be represented by 50 delegates.

"Baker city is the best organized of those that I visited. Notwithstanding the fact that the initiative for the organization of the working masses in these localities was taken but two or three months ago, the labor union movement has gained a strong foothold and is bound to stay. It has been endorsed by employers and employees alike, and is looked upon as a good thing.

"While resting up in Baker City, I organized a sheet-metal workers' union, of which S. Wood was elected president and A. F. Moore secretary. At Pendleton a retail clerk's union was organized with Martin Finneran, president, and A. F. Zoelner, secretary. These organizations will be represented at the state convention, although their delegates have not been appointed yet.

Delegates Appointed.

Delegates for the state convention as follows were appointed at the various places visited by Mr. Harry: Baker City, P. A. Huntz, plasterers' union; F. L. Bowen, plumbers' union; W. M. Moore and Mrs. Emma Boyd, typographical union; William McMurren and T. E. Grant, carpenters' and joiners' union; F. J. McGovern and H. M. Gilliam, retail clerks' union; Fred Johnson, George T. Shaw and A. C. Burkman, Federated Labor union; C. E. Haight and J. E. Troy, cooks and waiters' alliance; W. W. Cox and F. W. Bishop, plumbers' union, C. I. Seifert and J. L. Dougherty, brickmasons' union.

Pendleton—T. C. Warner and Lucia Bowman, typographical union; C. W. Lyman, Joseph Kulper, A. C. Harris and C. J. Wilson, painters' union. La Grande—W. H. Thompson, Jas. M. Murphy, G. J. Wagener, E. F. Trump, S. R. Haworth and Sylvester Keltz, trade and labor assembly; George Grant and O. H. Prentice, Federal Labor Union.

The painters' union at Pendleton gained the distinction of having first appointed delegates to the state convention, and it was with a spirit of enthusiasm that this body, though small, responded to Mr. Harry's call for delegates.

Political Notes.

Republican headquarters in Portland have been opened in the Benson building, northwest corner of Fifth and Morrison streets, five rooms being occupied. Walter F. Mathews, chairman, is in charge. The rooms were opened to visitors Thursday.

La Grande Chronicle: Hon. W. F. Butcher, the nominee for congress on the democratic ticket, arrived in the city this morning. Mr. Butcher is an attorney of much ability, a most eloquent speaker, has a host of friends in Eastern Oregon, and will without doubt make a worthy representative of the state when he goes to Washington.

The homeliest man in Pendleton, as well as the handsomest, and others, are invited to call on any druggist and get free a trial bottle of Kenap's Balsam for the throat and lungs, a remedy that is guaranteed to cure and relieve all chronic and acute coughs, asthma, bronchitis and consumption.
