GENERAL NEWS.

James McDaniels, an old time theatrical manager, died at El Paso, Texas, at the age of 63. McDaniels was at one time manager of John McCullough's theater in San Francisco, and later owned the McDaniels block at Cheyenne, Wyoming.

Henry C. Frick, the steel magnate, has deposited at the banking house of J. P. Morgan & Co., what is probably one of the most valuable pieces of paper in existence. It is a certificate for 100,000 shares of preferred stock in the United States Steel corporation, yielding Mr. Frick dividends of \$700,000 annually.

Miss Ellen M. Stone, the ransomed missionary to Bulgaria, says that, having been presented to her as an imperative duty to rectify her experience in captivity in a public way, it was in her heart to devote the proceeds toward reimbursing any who may have embarrassed themselves in providing the ransom.

It is reported that the United States supreme court will dismiss the application of Washington state for leave to file against the Northern Securities company on the grounds that no violation of state laws is alleged, and that the state is asking the court to do something the state legislature has failed to do.

The life of Aaron Johnson has been saved at a San Francisco hospital through an operation never attempted before on this coast, the complete extirpation of the larynx, on which was a cancerous growth. This will rank as one of the three or four successful cases in the world, for the danger point is now regarded as passed. An artificial larynx will take the place of the one removed.

Charles Finck and Mary McIntyre were about to be married at the Sacred Heart Church, at Trenton, N. J., when both the bridegroom and the best man were taken suddenly ill with appendicitis. The priest was at the altar and the bride and bridegroom were approaching, when the young man was stricken. As he fell his best man was also stricken.

PACIFIC NORTHWEST NEWS

The home of O. E. Zeek, at Union county, was destroyed by fire Wednesday night. The loss is \$1000, fully insured.

G. W. Westfall, of Lebanon, dropped dead Friday. The cause of his death was heart failure. He leaves a wife and family.

Through the efficient and concerted work of the stockmen and State Veterinary McLean, the dreaded disease, symptomatic anthrax, that has destroyed many cattle in Klamath and other parts of Southern Oregon, has about been stamped out.

A stretch of virgin water on the upper Columbia river stretching for 120 miles—from Bridgeport almost to Kettle Falls—has been successfully navigated by the steamer Camano. The river there had been generally considered unnavigable and the Camano's trip is a most important one.

Miss Azalee Earle, daughter of Mr. and Mrs. David Earle of Portland, has just been married in New York to William H. Deming, a young millionaire. She removed to San Francisco with her parents recently and became a telephone operator. It was over the wire that the two became acquainted.

Clarence W. Ide, recently appointed collector of customs for Washington, stands charged with having offered bribes to members of the legislature of 1895, to vote for John L. Wilson for United States senator. An affidavit to that effect has been signed by a former member of the state senate, and has been forwarded to Senator Foster at Washington. The affidavit has been shown President Roosevelt.

A Doctor's Bad Plight.

"Two years ago, as the result of a severe cold, I lost my voice," writes Dr. M. L. Scarborough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles of Tallman & Co. 50c and \$1. Trial bottles free.

Will Manufacture Cement.

Professor Edward C. Campbell, the blind professor of analytical chemistry in the University of Michigan, is engaged upon the first of a series of experiments that will take years of labor before completed. When finished, the result, it is expected, will be of inestimable value to the manufacturers of Portland cement, as this product will be turned out on as scientific a basis as is steel at the present time. Professor Campbell has devised the first furnace in which the factors of time and temperature can be absolutely controlled.

A Nearly Fatal Runaway

Started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Bucklin's Arnica Salve cured him. Just as good for Boils, Burns, Bruises, Cuts, Corns, Scalds, Skin Eruptions and Piles. 25c at Tallman & Co's drug store.

Mr. Swesey Makes Bold Charges.

Burton W. Swesey has sued his wife, Mrs. Maggie Swesey, for a divorce. He alleges that she left him in 1891, and since that time has failed and refused to live with him, but has spent most of her time living with other men, which was against plaintiff's will and consent. They were married in Wasco county in 1899. They have no children. Peter West is plaintiff's attorney.

TO CURE GRIP IN TWO DAYS

Laxative Bromo-Quinine removes the cause. E. W. Grove's signature on every box. Price 25 cents.

Smoke Pendleton Boquet Cigars.

YELLOW KIDS WON

"INDIANS" APPEARED TO TAKE
LITTLE INTEREST IN GAME.

Dupuis, the New Pitcher for Pendleton, Did Excellent Work, Considering the Time He Has Been at Work—The Game With Walla Walla.

Athena, 7.
Pendleton, 3.
This was the result of the baseball game played Friday afternoon, between Pendleton and Athena, on the latter's ground, at Athena.

The game was one-sided from start to finish, and those who witnessed it claim that Pendleton did not play ball at all. In fact, there was a look of disgust pictured on the faces of the rooters who went up to witness the game, confident that Pendleton would again wipe the Yellow Kids off the earth, and when they spoke of the game the general expression was that it was rotten.

Dupuis, the new man in the box, pitched a good game, although he did not have the support he deserved. He struck out four men, while Saunders, for Athena, struck out seven. In the first of the game Athena's batters batted him all to pieces, but later he pitched a swifter and more uncertain ball.

The Pendleton players are not credited with a stolen base, while they let Athena steal five. This alone shows that something was wrong.

The Score.

Athena—	ABR	H	SH	PO	A	E
G. Brown, ss	5	0	1	0	0	3
Willard, 3b	5	0	0	0	0	3

Summary.

Stolen bases—Pendleton, 0; Athena, 5; two-base hits—Knox, Ulrich; double plays—Knox, Hartman to Ziegler; bases on balls—by Dupuis, 1; Saunders, 0; struck out—by Dupuis, 4; by Saunders, 7; passed balls—by Brown, 1; Shea, 1; time of game—1:30; umpires, Keele and Maskrey.

Next Game.

Tomorrow afternoon Pendleton is to cross bats with Walla Walla on the local diamond, and this is expected to be a good game. Pendleton will go into the field with their old team and will do battle for their lives. Wilner will be in the box and he is sure to keep Sharpstein's Sharpshooters guessing where the ball is going to be when they strike at it. A large crowd is expected to attend this game—the largest of any of the season so far. Report comes from Walla Walla that 12 coach loads will come from there to witness the game at Athena, between the Helena team and the Yellow Kids. This game is to be played in the forenoon and at 1 o'clock the train will leave Athena for Pendleton, with the Walla Walla team and contingent of rooters, to witness the game here. Quite a number will go from here to witness the game at Athena and come back with the excursion.

Pendleton Line-up.

Brown, catcher; Ziegler, 3b; Knox, cf; Wilner, pitcher; Barlow or Cornell, rf; Clemens, shortstop; Hartman, lb; Demoling, lf; Ulrich or Schmidt, 2b.

In the house of lords the official announcement was made of the annulment of the bankruptcy of the Duke of Manchester, enabling him to again take his seat among the hereditary legislators of the British empire.

Smoke Pride of Umatilla Cigars.

\$112,500 for a Prescription.
The largest sum ever paid for a prescription changed hands in San Francisco August 30, 1901. The transfer involved in coin and stock \$112,500 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the careful investigation of the specific November 15, 1900. They interviewed scores of the cured and tried it out on their merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians or judges. Up to August 27, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address J. J. FURROW COMPANY, 620 Montgomery St., San Francisco, Cal.

Lead to Consumption and
Other Fatal Troubles.

Paine's Celery Compound

Saves a Former Member of
the Indiana Legislature.
This Is the Season to Use the
Great Medicine if You Would
Banish the Seeds of Disease
from the System.

On every hand we see men and women who at this season should be active, hale, and strong, losing flesh and weight, looking pale and languid. We hear them complain of weakness, pain in the chest, backache, and sideache. Their friends note with alarm the pale cheeks and sunken eyes; the color of the skin gives evidence of blood impurities.

Ah! reader, these are all indications that the deadly dregs of grippe have permeated the whole system, distributing poisons and impurities in blood and tissues.

Act at once with wisdom and decision; you cannot afford to lose precious time experimenting with medicines that have no reputation.

Heaven help you to use the lifesaver that rescued and saved Mr. Stephenson. While in a perilous condition of health, Providence truly directed Mr. Stephenson to make use of Paine's Celery Compound. The first bottle produced a happy and marvelous effect; his life blood was being freshened and enriched; his appetite was improved; strength was taking the place of weakness; and the rusty tinge of health was apparent in the once pale face. Mr. D. T. Stephenson, of Pilot Knob, Ind., writes as follows:

"Some years ago while serving as a member of the Indiana legislature, I contracted a severe case of grippe, and was run down and completely out-of-sorts, and found but little relief from any remedy until I tried Paine's Celery Compound. The first bottle did me wonderful and marked good, and its continued use for a short time, restored me to my usual vigor and freshness. Your Paine's Celery Compound has been used by my family since then for general prostration of the system with most gratifying results. Paine's Celery Compound is a great quietener and restorer of the nerves to their normal condition; indeed, its action on the nerves and nerve centers has been most gratifying in my case."
