OHIO TAX LAWS

CORPORATIONS MUST PAY ONE PER CENT OF GROSS EARNINGS

The New Law Will Add \$2,000,000 a Year to the State's Income; Tom Johnson Forced Measure on State.

All quasi-public corporations must pay into the state treasury in the future a tax of 1 per cent on their gross incomes, and all private corporations, formed for the purpose of profit must pay one-tenth of one per cent on their capital stock.

These two laws, which in their earlier stages have been known as the Willis and Cole bills, were passed by the senate a few days ago. The Tom Johnson movement in the state influenced the republicans to take the step in taxation in order that Johnson's efforts might be forestalled.

The house having already passed them, and as the governor of Ohio has no veto power they will go into effect at once.

Together the two new laws will add \$2,000,000 a year to the state treasury, but they have an even greater importance than this, for they are the main steps in Governor Nash's taxation plan, which when fully carried out will work an entire reorganization in the tax system of the state.

Only the First Step.

They are the main steps toward bringing about a condition in which direct property taxes are as a means of securing revenue for the state government will be entirely abandoned, while every cent of the necessary money will be secured from corporate form or another.

The property taxes both on real estate and on personality, are to be left to the counties and municipalities exclusively. In this way the state board of equalization will no longer have any reason for existence as it will make no difference to one part of the state how high or how low the assessment is in another part, and the abolition of the board will normally follow.

In carrying out the scheme still further a bill will be passed by both house and senate levying a tax of 2 1/2 per cent of their premiums on all foreign insurance companies doing business in the state, whereby \$800,000 a year will probably be raised.

There are Two Classes.

All the corporations in both classes are required to file with the secretary of state the information upon which the tax levy against them is to be made. Private corporations chartered in Ohio and existing for the sake of profit must file the facts about their capital stock, subscribed and paid up, and its par value, in May. The secretary of state is then at once to charge and collect the tax of one-tenth of one per cent.

Foreign corporations for profit file their statements in September, and are taxed only on that proportion of their capital stock owned and used in Ohio. Corporations not for profit must report in December. If they are religious, benevolent or literary corporations they pay a fee of \$1. If they exist for other purposes they pay \$10.

The penalty for disobeying the law is a fine of \$500 and \$100 a day additional. If corporations complain of their tax the secretary of state must first hear them, and from him they can appeal to the auditor of the state, the treasurer of state and the attorney general, whose decision shall be final.

The public service corporations affected by the Cole bill are electric light, gas, natural gas, pipe line, water works, street railways, express, telephone, telegraph, messenger or signal and union depot companies.

First Time for Some.

The suburban or interurban railways, express, telegraph, telephone and union depot companies are included for the first time, while the others are raised to 1 per cent of their gross earnings from the 1/2 of 1 per cent they paid before.

Railroads must file their information in September, but all other companies in May. To compensate the corporations for the extra burdens, several amendments were introduced and adopted. One is a resolution providing for the submission of a constitutional amendment striking out the provision that all property be taxed according to uniform rules. Another limits the double liability of stockholders in Ohio corporations to eighteen months after their stock has been transferred.

SAVES LIFE

Willard, Ill., August 1, 1900. I was in bad health this spring and could not sit up in bed for four weeks. When I was confined my child died. When I began to sit up I felt so weak and had such terrible pains in my back and hips. I had kidney trouble and falling of the womb. I also had hysterical spells. I was in a bad condition when I received your "Ladies' Birthday Almanac" and read the advertisement of Wine of Cardui and Theford's Black-Draught. Since April 29th, I have taken four bottles of Wine of Cardui and three packages of Theford's Black-Draught. I feel like a new person now. I can do all my work and can walk out to see any of my neighbors. I believe I would have been in the grave had it not been for Wine of Cardui. IT SAVED MY LIFE. Mrs. ALICE DAVIS.

It is well that women are more patient than men. Few men could bear the bitter pangs, the agony and distress that women endure. Thousands of women have come to look upon suffering as a duty of their sex. But there are many instances of this heroic fortitude which

WINE OF CARDUI

now renders unnecessary. Women need no longer suffer for modesty's sake. Wine of Cardui brings relief to modest women in the privacy of their homes. Many of the best homes in this city are never without this great medicine. It cures whites and falling of the womb and completely eradicates those dragging periodical pains. Mrs. Davis' cure shows you conclusively what you may expect if you follow her example and take Wine of Cardui. Theford's Black-Draught aids Wine of Cardui by regulating the stomach and bowels. When you ask your druggist for these medicines, be sure you get them. It was Wine of Cardui and Theford's Black-Draught that saved Mrs. Davis' life. Never take a substitute.
