

## WOODMEN JUBILEE

Number of Grand Officers  
in Attendance, Taking  
part in the Proceedings.

PRIZES HERE FROM ALL  
PARTS OF INLAND EMPIRE.

Official program for Tuesday  
includes Many Racing Events, for  
which Prizes Will Be Given.

The Big Woodmen log-rolling jubilee now on and Pendleton presents its appearance. The program for Tuesday, as published in Saturday's Oregonian, has been and is being carried out to the letter. Hundreds of visiting Woodmen and Woodcrafters are in Pendleton from towns for many miles around, including many from Baker City, La Grange and other places along the U. & N. line, besides a large crowd from Walla Walla, Waitsburg, Dayton and Pomeroy and other places in Washington.

The Helix band is here, and at the arrival of the 5:40 train from the reception committee with band met the visiting neighbors came in and escorted them to the hall. At the arrival of the City train the same proceedings were repeated.

### Grand Officers Here.

The following grand officers had arrived up to noon today and were retained by being driven about the city. J. L. Wright, grand clerk, La Grange, Col.; Mrs. F. A. Falkenberg, past grand guardian, Denver, Col.; Mrs. J. C. Lotschman, grand manager, Denver, Col.; Mrs. A. A. Denever, grand manager, Toledo, Ohio; Mrs. P. P. Pardillan, grand manager, Seattle, Wash.; Mrs. Cora Egan, grand manager, Pullman, Wash.; Dr. Lillian Pollock, grand manager, Denver, Col.; Dr. William Kendall, grand medical examiner, Eugene, Or.; Mrs. Mary L. Egan, deputy grand guardian, Eugene, Or.; Mrs. Kate B. Hills, special grand guardian, Leadville, Colo.; C. V. Cooper, head banker, Portland, Or.; Mrs. M. G. Hailey, banker, Portland, Or.

### Program for Tuesday.

Ninth Event—Fat men's 50-yard race, open to all. Contestants must be over 210 pounds. First prize, leg of mutton, donor, Farmers' Meat Market. Second prize, 50-pound sack Byers Best Flour, W. S. Byers.

### ANOTHER CIRCLE FORMED.

Women of Woodcraft Institute Another Branch of Their Order.

Perfect Woodcraft once more scores a victory in the institution of another circle of that popular organization in Haines, with a charter list of 35 of the leading ladies of that thriving little city.

The local camp, Woodmen of the World, has long wanted a circle instituted there, and about a week ago Miss Bertha M. Sumner, general organizer of the order, went to Haines and perfected the organization. Miss Sumner returned Friday, highly pleased with her work and the reception which she received from the Haines neighbors.

Following is a list of the officers she installed: Ida A. Montgomery, past guardian neighbor; Ella Simon, guardian neighbor; Elva Hammond, adviser; Laura Jarman, banker; Novella Miller, clerk; Mary B. Toney, magician; Navora Miller, captain of guards; Etta O. Carter, attendant; J. Carter, inside sentinel; W. Balf, outside sentinel; G. W. Chapman, musician; C. Francis, M. D., physician; Salem Hammond, W. H. Shoemaker and Emery Jarman, managers. Miss Sumner will remain in Pendleton until after the log-rolling for the purpose of instituting and installing the officers in Bunchgrass Circle in this city next Tuesday evening.

### Visitors From Baker City.

Among those here from Baker City in attendance upon the log-rolling, are W. A. Settle, Frank Casebear, J. B. Heninger, A. Eichorn, Fred Landreth, Earl Landreth, Dan Stevenson, J. Maynard, H. Gilliam and C. W. James, of Queen City Camp No. 48, and Mesdames J. B. Boyd, Daniel Stevens, J. B. Bliswell, H. Gilliam, Eugene Guard and Kennedy, of Mystic Circle No. 24.

### The Great Dismal Swamp.

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause, weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. We tried many remedies for Malarial and Stomach and Liver troubles," writes John Charleston, of Byasville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. Tallman & Co. guarantee satisfaction.

## CAMPAIGN BEGINS STEAMBOAT BURNS

### Republican and Democratic Forces Are Lining Up for a Great Political Battle.

### COL. BUTCHER MAKES A FEW DECLARATIONS.

The Demand for Furnish Buttons Outruns the Supply—Republican Committee of Fourteen Appointed to Manage Campaign—Chamberlain Speaks at Baker Next Friday.

Portland, April 21.—Conference of the state and congressional democratic ticket held in this city this afternoon.

W. F. Butcher, candidate for congress in the second congressional district, can see no reason why Moody was turned down to put up Williamson, whose only legislative experience has been locally, where he was more prolific in introducing bills in opposition to the laboring classes and the fishing interests than any other man in the state. I have information from all parts of Eastern Oregon that republican dissatisfaction is general and deep-seated.

### Demand for Furnish Buttons.

The demand on the republican committee for furnish buttons has broken the record. The first large consignment is exhausted.

The republican city and county central committee is in session this afternoon. It appointed a committee of 14 representative republicans to look after the campaign.

### Chamberlain Opens Campaign.

George E. Chamberlain, democratic nominee for governor, opens the campaign, speaking at Baker City on Friday next, and at Sumpter on Saturday. Other dates and places will be announced later.

### BIRTHDAY FAMOUS WOMAN.

Baroness Burdett-Coutts, the Millionaire Philanthropist, Reached Her 88th Birthday.

London, April 21.—Baroness Burdett-Coutts, the millionaire philanthropist, was showered with congratulations today on having reached her 88th birthday. There were a number of callers at her residence, all of whom were received and welcomed, although the health of the baroness has not been of the best during the past year. King Edward's congratulations, in the form of an autograph letter, were delivered by special messenger. The baroness is looking forward eagerly to the approaching coronation, which she hopes to attend, as did she attend the crowning of Queen Victoria.

It is now more than a score of years since the baroness created surprise by taking for a helpmate the present Burdett-Coutts, who was William Lehmar Ashmead Bartlett, for some time her private secretary. She was 67 and he 29, but in the intervening years he has aged relatively far more than she. He has \$200,000 a year settled on him.

### WEATHER OF LAST WEEK.

As Reported by William Hilton, the Local Weather Observer.

Weather Observer William Hilton has received his new minimum temperature weather register and through his courtesy the East Oregonian is able to give a full report of the weather conditions for last week, beginning with Sunday, the 13th.

The maximum temperature for Sunday was 58; Monday, 69; Tuesday, 72; Wednesday, 67; Thursday, 73; Friday, 73; Saturday, 66, making an average for the week of 68.3.

The minimum temperature was: Sunday, 30; Monday, 27; Tuesday, 34; Wednesday, 37; Thursday, 41; Friday, 49; Saturday, 44; average for the week, 36.

The first rain to fall during the week was Thursday, when the precipitation was .10; Friday, 1.00 fell, making a total of 1.10 for the week. Sunday, Wednesday, Thursday and Friday were cloudy, while Monday, Tuesday and Saturday were clear. The wind blew from the west Sunday, Monday Tuesday, Thursday and Friday, and from the north Wednesday and Saturday.

### City of Pittsburg Takes Fire and a Panic Among Passengers and Crew Followed.

### SCORES OF PERSONS CAUGHT IN A TRAP.

Impossible to Ascertain as Yet Who the Dead Are and the Number of Lives Lost—The Steamer Burned to Water's Edge—Searching for the Bodies.

Cairo, Ill., April 21.—A blackened, misshapen wreck, lying on the Kentucky shore, 18 miles above this city, is all that is left today of the handsome steamer, the City of Pittsburg, which was burned to the water's edge Sunday morning. The ruins are still too hot to search for the entombed bodies. Scores of passengers and members of the crew were caught like rats in a trap and roasted alive. It is still impossible to ascertain the actual number of the dead.

The burning of the vessel is accounted as one of the worst river disasters in recent years. The panic that followed the fire was such as was seldom before witnessed on a river steamer. The people rushed in every direction, some jumped through the windows onto the deck and then into the river, not even stopping to put on life preservers. It is now estimated that about 60 persons perished.

### Railroad Nearing Completion.

Kansas City, Mo., April 21.—The Missouri, Kansas & Texas Railroad Company has completed its tracklaying to Galena, Kan., eight miles from Joplin, and expects to have the Joplin extension completed this week. A large force is working on the line, putting down rails and ties and building bridges and culverts. The road will use the Missouri Pacific for the present and will begin running trains on the Joplin branch some time this month and compete for the business of the zinc mining district, which ships in immense quantities of coal and sends out many carloads of ore every week.

### To Honor Lord Kelvin.

New York, April 21.—The American Institute of American Engineers and other scientific societies of New York will unite this evening in giving a reception in honor of Lord Kelvin, past president of the Royal Society, and one of the foremost of England's men of science, who came to this country to attend the installation of President Nicholas Murray Butler, of Columbia University.

### Duffy vs. Cougih.

Chicago, April 21.—Martin Duffy, of Chicago, and Tom Cougih, of Durkirk, meet in a six-round bout tonight before a local club. The men are regarded as evenly matched and as they have been anxious to meet in the ring for some time, a lively set-to is expected.

### NEW YORK MARKET.

Reported by I. L. Ray & Co., Pendleton, Chicago Board of Trade and New York Stock Exchange Brokers.

New York, April 21.—The wheat market was strong today, influenced by higher cables, and there being no further rains reported. Liverpool closed 1/4 higher, 6-14. New York closed between 80 1/2 and 81 1/2, closing 81 1/4. Chicago closed 76. The visible supply shows a decrease for the week of 2,332,000 bushels. Stocks are lower.

Closed Saturday, 80 1/2.  
Opened today, 81 1/2.  
Range today, 80 1/2 @ 81 1/2.  
Sugar, 126 1/2.  
Steel, 42 1/2.  
St. Paul, 170 1/2.  
Union Pacific, 165 1/4.

### BACK TO HIS POST.

Weather Observer Makes Tour of the Inland Empire.

Weather Forecast Official F. A. Beals is back from his trip to eastern Oregon, says the Portland Telegram. Mr. Beals was gone for a week, and his tour took him to Pendleton, Weston, La Grande, Weiser and Arlington. At all of these places he visited the voluntary weather observing stations and ascertained the needs of each.

At Weiser Mr. Beals made arrangements for installing a new river gauge on the Snake river, the old gauge having been washed away by an ice jam last winter. The gauge is used in taking the measurements of the rise and fall of the river, and is of considerable value to the department in making reports of the river's heights in the spring. The river has not risen any to speak of this spring.

Mr. Beals made some lengthy inquiry into the crop conditions, and learned that while the season is somewhat backward, wheat and fruit are in a promising state, and with a single exception no injury from the frost has occurred. In Umatilla the wheat was badly frozen out last winter, but a new crop has been seeded and it has a good start, so the farmers in that section are quite hopeful.

### BURIED TEN YEARS.

A Watch Found, After Being Lost Ten Years—In Running Order.

A watch that will lay in the ground in an open field for 10 years and then keep good time after being found, without being cleaned, is a wonder, and the following story may be discredited by some, although it is vouched for by several whose veracity cannot be questioned.

Ten years ago a man, whose name has been forgotten, was working in the harvest field for J. B. Kennedy, on his ranch near Helix, and this harvest hand was carrying a watch which had been a present to him from some relative and was valued very highly by the owner. While in the field one day he lost the watch and could not find it. That was 10 years ago this coming harvest and a few days ago John Hinderman, who was plowing up the same field where the watch was lost, found it. He picked up the watch not knowing whose it was or how long it had been there. Mr. Hinderman knocked the dirt off the case and started to wind it. As soon as the watch was wound it began to run and has been keeping good time ever since. It is a gold hunting-case watch and is a valuable time-keeper. Mr. Kennedy is going to make every effort to locate the owner, and, if possible, return it to him.

## NEUTRALITY LAWS

### Their Alleged Violation Investigated by Colonel Crowder, Who Makes a Report.

### IT IS SUBMITTED TO PRESIDENT ROOSEVELT.

It is Not Believed That Colonel Crowder Secured Any Evidence to Substantiate Charge That British Are Shipping Arms and Ammunition From This Country to Africa.

Washington, April 21.—Colonel Crowder, who was assigned to investigate the alleged violation of neutrality laws by the British at Port Chalmette, La., submitted his formal report to President Roosevelt today. It will be referred to the attorney-general for his opinion. It is not believed that Colonel Crowder obtained any evidence to substantiate the charge that arms and ammunition were surreptitiously sent from this country to South Africa on British transports.

### JEWISH HOLIDAY.

The Day of Pesach, Commonly Called Passover.

New York, April 21.—Today ushers in one of the most strictly observed of all Jewish holidays, known as Pesach, and commonly called the Passover, or Jewish Easter. This holiday is observed throughout the world by orthodox and reformed alike by the change in the daily diet. Everything leavened is removed, and only unleavened food is consumed. The holiday is observed during one entire week, and during that time "matzos" take the place of bread, and all pastry is made from matzos and potato flour. The matzos is a large, round cracker, which is made of flour and water and baked hard and crisp.

Family reunions are among the pleasant features of the holiday, and members who may be absent from home during the entire year, appear at the family fireside during the celebration. The poor also are given special attention, and every family which is unable to secure the necessary food is furnished with enough for their wants by some of the many charitable organizations.

Miss Helen Keller met President Roosevelt at the White House and they conversed half an hour. At first the talk was carried on through Miss Keller's companion, but the president wished to talk directly with the interesting young woman, and she proceeded to read his words by touching his lips with her fingers.

Among the cable messages to Queen Wilhelmina's household, was one from President Roosevelt inquiring particularly after the queen's condition.

## A Car of Pianos....

JUST ARRIVED

Which will be sold at cost to our Neighbors during the "Log Rolling" for advertising purposes.

We invite all to make our store their headquarters and view the largest assortment of instruments that has ever been in Pendleton; also enjoy the musical concerts.

### S. L. Wakefield & Co.

Wholesale and Retail Dealers

"I have found that advertising in the East Oregonian pays," said R. E. Tarbet, of the firm of Bennett & Tarbet, proprietors of "The Fair," a representative of the East Oregonian. "The big advertisement we had in the daily a week ago was the means of our store having one of the biggest sales and largest crowds we have had since we have been in business here. The special sale where we gave special low prices, we advertised in the East Oregonian, and feel that it should be given due credit for bringing us the large business. I have not been a big advertiser, but am now convinced that money spent judiciously in advertising is a good investment, if placed in the right medium; those that the people depend upon for news."
